

**HEPPNER WILL HAVE
ROUND-UP INSTEAD FAIR**

"How's the Round-Up coming on," asked a Heppner Herald reporter of C. W. McNamer yesterday.

"Coming on!" repeated Mac, who is chairman of the Round-Up general committee, "you can tell the world it is coming on fine and that Heppner is going to put this thing over and put it over BIG."

And Mac's opinion seems to be reflected in the mind of everybody in the town.

Everybody seems to feel that Morrow county people are entitled to a few play days during the year and what better form of amusement could be devised for red-blooded bunch-grassers than a Round-Up? There is something about the bucking bronco, the charging steer, the hilarious cowboy, that western people take to, as witness the great success attained along this line by Pendleton.

Yes, Heppner will put 'er over big", because Heppner has the spirit to do it and we also have as leaders in the enterprise, three of the liveliest live wires in this part of the state—C. W. McNamer, L. V. Gentry, and Charlie Latourell—all men who have the disposition and the ability to make a success of any project they undertake.

Work is now under way making improvements at Gentry field where the spectacular entertainment will be staged, which includes a new quarter mile track which will be fenced and ample bleacher accommodations for spectators. The lay of the ground is such that seats can be placed at small expense and while no attempt will be made to put on a roof this year, it is probably that by another year a regulation grandstand will be completed.

The committee announce that arrangements are being completed to have a lot of first class bucking stock here from the Pendleton show and this will insure plenty of thrills for the spectators and riders as well.

The committee has practically agreed to cut out all outside carnival features unless it might be a merry-go-round or a ferris wheel for the youngsters and instead the committee will put on a '49 dance in the pavilion each night during the meeting. All sorts of old time western fun-making stunts will have place

at these dances but the objectionable features of the regulation traveling '49 dances will, of course be absent. The dances like all other parts of the entertainment, will be of home folks, by home folks, and for home folks, and Vee Gentry is willing to bet that when the affair is over the newspapers can truthfully report that a "good time was had by all".

A. T. HERIEM AND A. T. IRVINE HAVE ACCIDENTS

Two accidents occurred at the coal bunkers at Messner during the past week. On Saturday evening, A. T. Irvine, who has worked at Messner and made his home there for a number of years, got his hand caught between the pump and the belt in such a manner as to crush it badly. Fortunately the belt broke and he might have lost an arm. He was taken to Umatilla at once and Dr. Gale called who dressed his hand and found it badly crushed but no bones broken.

On Monday afternoon A. T. Heriem went through a hair raising experience. He was cleaning the coal off the coal track preparatory to having the car moved, when the engine of the local came on the coal track, he, neither seeing or hearing it. The car hit him and he lost his balance. He put his hand on the rail to catch himself and was forced to sit there and watch the wheel run over the middle finger of his right hand.

Both men are very fortunate in having such narrow escapes and from serious injury.

TEACHER'S RECEPTION

Teachers reception will be given on Tuesday evening, September 5, between 7 and 8 o'clock. Mrs. Mulkey is in charge of the reception and Mrs. Ballenger is in charge of the refreshments.

DEPOT NEARLY COMPLETED

The depot is nearing completion and we must not forget the eats we will have to celebrate the event.

Dr. W. T. Tiller,
Dentist

Arlington, Oregon

**LADIES AID SPEND
PLEASANT AFTERNOON**

The Ladies Aid had a pleasant afternoon at the Mulkey home on Wednesday, 24 being present. A great deal of business was transacted. Plans for a bazaar are being formulated. The food sale is to be held next Saturday, August 19. The coming of the De Mass Concert troupe was discussed and plans made for their entertainment. Many people attended the concert given by them two years ago and all are glad to hear they are to return. People living in so small a town are handicapped in being seldom able to hear really good entertainment in the way of lectures, music, etc., and Boardman is fortunate in being able to have the De Mass troupe. The next meeting of the Aid will be September 6. It will be an all day meeting at the church. Ladies from Pendleton and also from Umatilla will be present.

**BOARDMAN MAN MAKES
MONEY GROWING SPUDS**

J. H. Pruter, an extensive potato grower of Boardman, was in Heppner Saturday on business looking up marketing arrangements for a part of his early crop which is now ready to harvest, says the Heppner Herald. Mr. Pruter came to Boardman from Montana three years ago and not being satisfied with alfalfa business decided to go in for potatoes. He has 24 acres of the tubers in this year and says they will average about 250 sacks per acre or around 12,000 bushels on the 24 acre tract.

Mr. Pruter says he plants only the purest certified seed he can procure and his product is consequently first class. He expects a price of about \$2.00 per sack for the late crop this fall.—Heppner Herald.

**EAST END ROAD WORK
PROGRESSING RAPIDLY**

East end road work is progressing in fine shape. The new road down lateral 36, is being built to connect with the old road at Mr. Larson's corner. This will be a great boost to the east end. The new graveled road from Mr. King's corner to Mr. Kutzner's place will also prove of great benefit to east enders.

**DILLABOUGH TELLS IRRIGON
HOW WE CAN HAVE FAIR**

It appears according to an item in the last issue of the Mirror, that the president of the North Morrow County Fair Association had requested the Boardman people to meet with them in the interest of the fair which was planned to be held at Irrigon. As a member of the Fair board I did not get any word of this meeting either through the president or the secretary of the association. It also appears that the secretary had informed the people of Irrigon that we could not hold a fair this fall. By what authority our secretary has decided the question for all North Morrow county, I am unable to say but are we all satisfied with the decision?

I understand that W. W. Smead, secretary of the county fair association has informed Mr. Glasgow that \$300.00, one half of the state appropriation is ours for the asking if we hold a fair. Mr. Smead also says that Heppner will not hold a fair but a Round-up instead and he is of the opinion that they will not be permitted to use any of the fair appropriation for the Round-up so that there is a very good chance that the whole \$300.00 can be pulled down by us. Do you want it?

Let us work for it with the understanding that Heppner shall have it two years out of three if they hold a fair until such time that we have a permanently organized county fair association and a well equipped place for holding a county fair, then I am in favor of a general fair for the whole county. Get busy on the phone and let all know what you want. Phone, write and personally call upon our secretary and learn if he still insists that we cannot hold a fair this fall. Let everybody see his neighbor and learn if they can make use of any part of this \$600. Also write an item and mail it to the Mirror by Wednesday and by Saturday the world will know what North Morrow county wants. Last Sunday we proved to the Portland 1925 fair caravan that Boardman was the little town which does things. Now with the assistance of Irrigon are we unable to hold a community fair and therefore forfeit \$600.00. If we don't take the money, it will be returned to Salem to be squandered by our state officials. We have time for the fair so let's keep our promise to Irrigon to the letter.

Don't forget the Grain and Hay show at Pendleton. Boardman was not as well represented last year as it should have been. Every bale of hay sent from here won a prize. Owing to carelessness on the part of the hay grower's here so few entries were made that Broadview's ranch walked away with first and second prizes, receiving \$75.00 for two bales of hay; that is more than was paid by the hay grower's association, if your hay chanced to be better than No. 2.

Are you going to let the same parties win again this year? They will unless you make an effort.
C. H. Dillabough.

**LADIES GO TO AID
MEETING IN TRUCK**

Mr. Warner brought a truck load of ladies to Aid on Wednesday. They gave him an unanimous vote of thanks for his kindness.

Harry Crawford also brought a car load of ladies from the West End.

**OIL DEVELOPMENT
COMPANY FORMED**

The Logan Oil Development Company filed incorporation papers Wednesday with the county clerk for a capitalization of \$75,000, 7500 shares at \$10, but it is not thought that the stock will be offered for general sale. Headquarters are at Umatilla.

The incorporators are W. J. Logan, R. W. Galbraith, W. C. Kirk, S. S. Palmer, Thomas Hunter, C. J. Johns, W. T. Roberts, F. L. Jewett and the central office will be at Umatilla. Drilling is expected to start shortly on one of the several pieces of leased land held by the corporation.

Strong traces of oil is noticeable in Mr. Logan's well and some of the clay from the bottom of the well has been analyzed and pronounced oil bearing shale. On the water from the well, minute particles of paraffine may be seen with any sort of a magnifying glass.

WILL GRAVEL HIGHWAY

Assurance has been given by State Highway Engineer Nunn, that four inches of crushed rock will be put on the highway from Boardman to Hermiton right away. No comment is necessary upon the need of this work to anyone who has driven this stretch of roadway.

**NOTICE FOR PUBLICATION
DEPARTMENT OF THE INTERIOR
U. S. Land office at The Dalles, Oregon, July 15, 1922.**

NOTICE IS HEREBY GIVEN that Levi Carroll, of Irrigon, Oregon, who on March 6th, 1918, made Reclamation Homestead entry No. 019690, for W 1/2 NE 1/4 (being Unit "B" Umatilla Project) Section 26, Township 5 North, Range 26 East, Willamette Meridian, has filed notice of intention to make three year proof, to establish claim to the land above described, before C. G. Blayden, United States Commissioner, at Boardman, Oregon, on the 5th day of September, 1922.

Claimant names as witnesses: D. C. Chapman, Umatilla, Oregon, Hugh Grimm, G. W. Hux, and Bert Allen, all of Irrigon, Oregon.
