**SIX ARE KILLED
IN PLANE CRASH**

Mineola. — First Lieutenant Raymond E. Davis, United States army air service, and five enlisted men were killed when a huge Martin bombing plane crashed to earth at Mitchell field.

The enlisted men killed were: First Sergeant Thomas Benfield, Corporal David E. Silven and Privates Edward H. Kane, Henry Ray Nichols and Irving M. Whitney, all stationed at Mitchell field.

Lieutenant Davis, with his big twin-motor bomber, had participated with attacking forces in a successful night raid on the theoretical fortifications of the defending forces. The attack was made with dynamite bombs and the "theoretical" fortifications were demolished.

At the conclusion of the maneuvers, the planes engaged in a flying circus before a crowd of 25,000 persons who had been watching the "attack." Lieutenant Davis took five passengers up with him in his machine. When some distance up, Davis went into a nose dive, out of which he apparently was unable to pull his craft.

It struck the ground and in an instant was a seething mass of flames.

**CARPENTIER DEFEATED
BY BIG SENEGALESE**

Paris. — Georges Carpentier, the heavyweight champion boxer of Europe, and idol of France, was defeated by Battling Siki, the Senegalese fighter, in the sixth round of what was to have been a 20-round bout.

Carpentier never had a chance after the third round. He was barely able to respond to the bell at the beginning of the sixth. With his right eye completely closed and his nose broken, he was unable to put up a guard.

In the sixth the negro fighter planted a series of terrific rights to Carpentier's head and the French idol sank to the floor. One of his legs caught between the legs of the Senegalese as he fell.

The defeat of Carpentier was entirely unexpected. He was the favorite when the men entered the ring and the crowd was dumfounded when they saw their idol pummeled all over the ring and subjected to terrific punishment at the hands of the big black.
