

THE BOARDMAN MIRROR

VOLUME 2

BOARDMAN, OREGON, FRIDAY, NOVEMBER 3, 1922

NUMBER 39

The Candidates for Governor

WHEN a candidate for public office makes a campaign promising what he will do if elected, it is fitting and proper that the voter examine the public records to ascertain whether or not the candidate's record squares with his campaign promises. In the present campaign Candidate Pierce professes to be the apostle of lower taxes.

Mr. Pierce's Record
Of the \$9,376,000 of state taxes for 1922, Mr. Pierce specifically approved of \$8,594,039. This is 92 per cent of the total. Mr. Pierce had no opportunity to vote on the other 8 per cent, as he was not a member of the legislature when it was up for vote.

He voted for 97 per cent of all tax appropriation bills of the 1919 session of the legislature, and for all the appropriation bills of the special session of 1920.

In the last few years he voted for 185 salary increases.

He voted against the bills to consolidate the state bureaus and commissions.

Measured by every standard, Mr. Pierce is the most consistent little tax booster the state of Oregon ever had.

Mr. Olcott's Record
He introduced a change in the state secretary's report which has saved the state many thousands of dollars since 1912.

His renovation of the penitentiary saved the state nearly half a million dollars.

He secured funds for a training school building for the Boys' Institute without a single dollar or additional taxes.

He is the originator of the Oregon Blue Sky Law, which saves the Oregon people millions of dollars annually.

He was responsible for the stopping of junketing trips by state officials at state expense.

He secured the passage of a budget law, effecting large economies in the state government which could not otherwise be accomplished.

The change in the State Sessions Law, recommended by him, saves the state \$10,000 a year.

He has been universally commended for the excellence of his official appointments.

He has taken the first real constructive step in the equalization of the state tax situation by the appointment of a committee of experts to investigate and report to the legislature the entire scope of the tax problem in this state, thus assuring that any changes to be made will be made along sane, conservative and constructive lines, which give far more promise of securing results than demagogic bewailing and idle campaign promises such as are being made by the non-partisan candidate of the Democratic party, especially in the light of his record as the champion tax producer of the state of Oregon.

THE OREGON BOOT

Society demands that the straight and narrow path be followed and in case of defection punishment is proffered thru the Oregon Boot. This symbol of the criminal was used in medieval times to enforce confessions and prevent flight. The feet and legs were incased that an ever-increasing pressure would cause the victim to tell that which he would not. A versatile Oregon jailer so improved this medieval boot that it is known thru-out the United States as the Oregon boot. A similar boot has been self inflicted thru taxes that is compressing the life blood of a country side into dry pulp. A forward car has toppled into a toddle. The "best minds" are given to gibbering prattle. The direct drive to lessen the weight of the boot is deflected to woodcock swales and snipe pasture. A suggestion may be made for a more even spread and the billingsgate of putrid mud smeared with impure ink. A farm wide submerged with unpaid taxes. The flour bin dusted with the whisp of twelve per cent and when the "spread" that should be mentioned the ofal of putrid politics besmeares the voice of leadership. A condition is forgotten for that which is called victory. To carry over and on it matters little what this tax boot trends upon. The future is another day so what does it matter if buncombe and honeyed words of distant accomplishments anaesthetic the tax pains of the hour. An Asian "throwback" returns to forbidden writers and a man of the hour returns to the obscurity of public censor, because politics took the place of principal. From Nation to county, leaders are prone to play the "game" for prestige while principle is wafled to the four winds. Victory by fair means or foul while political nostrums are prescribed for the ebbing heart beats of a stricken peasantry. Principle is consumed thru an intensified interest for exalted positions. If cities would live the furrow must be tilled with lightened boot. The pillars of society are rooted to the soil, and

HARDTIMES DANCE BY LEGION AND GRANGE

Tuesday night the Legion and the Grange gave a hardtimes dance in the Auditorium. There was a good crowd present, who enjoyed the music but few followed instructions as to the costumes, as the room resembled more of a fashion revue than a hardtime dance. We regret this and hope that next time will all dress as asked and thus get away from some of the formalities that prevail at many of the dances.

when the toilers of the soil wither under tropical taxes the boot will travel the path dust to dust, even as you and I. The hatred in men's hearts becloud the mind, submerge the intellect. Belittle individual and collective effort and we will in our own sphere. The boot can be lightened thru clean thinking where the tread will be other than a weave. If the weight compels us to drag, our future beclouded in dust, who is to follow? It is a time for real "hemen". Constructive thought put into action in preference to alibi and past records. It is simple to whittle pine but it takes skill and thought to work hardwoods. Crushed by the heel of the tax boot, the farmer seeks a "spread" that will give a flickering heart glow that means his very life. Tear gasses, gland gasses and jelly gasses may compress the medieval politician and his kind to constructive thinking. A. FARMER

RADIO RETURNS AT MOVIE SHOW ON NOVEMBER 7th

The directors of Riverview Cemetery Association will give a movie and radio show on the evening of November 7th, to raise funds to provide a way for meeting payment on the cemetery tract for this year. The radio plant will bring election returns from the entire west. The possibilities of this wonderful invention for collection of world information will be given your first hand. A good comedy reel will be shown, if election returns do not jibe with your way of thinking. This is your affair today, also when your day is ended. Say it with flowers today and if tomorrow is bleak and grey your resting place is assured for all time to come.

Leo Root, President.

HOW'S THIS FOR 35c

How does this sound for 35c? Friedeased chicks, dumplings, mashed potatoes, creamed carrots, chicken gravy. Pickles, cold slaw, bread and butter, cake and coffee.

Mr. and Mrs. Chas Goodwin, and Mr. and Mrs. M. L. Morgan were dinner guests of Mr. and Mrs. Ralph Davis on Sunday evening.

Rev. Gibson, of Idaho, who has been appointed to fill the vacancy caused by the resignation of Rev. Benson, will preach in the Community Church Sunday morning.
