Will rob poor Truman of his treasure.

Fritz and Ole and Chet and Zee Can't find anything they don't know. By Katherine F. Brown, (One wee freshman).

## REPUBLICANS HOLD LEAD IN CONGRESS

Majority of Ten in Senate and Fifteen in House is indicated.

Washington, D. C.—On the face of the election returns, the exact lineup by parties in the sixty-eighth congress will be:

House—Republicans 225, democrats 207, socialists 1, independent 1, farmer-labor 1.

Senate—Republicans 53, democrats 42, farmer-labor 1.

In the present senate the republicans have sixty members and the democrats thirty-six, a republican majority of twenty-four.

In the house the republicans, on the basis of unofficial returns, will have a majority of fifteen over the combined strength which could be mustered against them by the democrats and others and a plurality of eighteen over the democrats as a party unit. In the present house the republicans have a majority of 165 over all and a plurality of 165 over the democrats.

Besides these changes, all of which become effective after the sixty-seventh congress expires on March 4 next, will be some immediate shifts in the totals. There were eight vacancies in the present house due to deaths and resignations, and unofficial returns show that of these the republicans captured six. Filling of vacancies will make the house lineup at the start of the forthcoming special sessions 302 republicans, 132 democrats and 1 socialist.

## RAILROADS DENIED REDUCTION IN RATES

Washington, D. C.—Transcontinental railroads were denied authority by the interstate commerce commission to reduce rates on traffic originating east of the Rocky mountains, or destined therefor, to or from Pacific coast terminals for the purpose of meeting water competition. The commission held that the amended fourth section of the commerce act made it mandatory on the commission to deny any tariff changes which did not assure reasonably compensatory rates to the carriers.

The railroads, the commission said, had failed to prove that the rates proposed to compete with the ocean carriers would be reasonably compensatory. The commission also saw in the proposed rate change a violation of section 3 of the commerce act, which provides that there must be no discrimination between shippers. The effect of the decision is to leave the present rates to and from the Pacific coast unchanged.

### 161 GOLD STAR WOMEN

American Honor List Compiled by Overseas Service League.

Chicago—One hundred and sixty-one names of "gold star women"—American girls who gave their lives in the world war—are found on the list made public by the Women's Overseas Service league, compiled as a feature of Armistice day. Most of them rest in French soil, some in England and some in far-off Siberia, Armenia, China and Manila.

Among the names are: Ima L. Ledford, Hillsboro, Or.; Thelma A. Therkelsen, Mrs. Jessie Chisholm and Alice Stevens Duske, Seattle, Wash.; Geneva Robinson, Nampa, Idaho; Norane Mary Royer, Winchester, Idaho.

## EXPECT FIGHT IN CONGRESS

Both Wets and Drys Claim They Can Control Situation.

Washington, D. C.—The political complexion of the next congress having been definitely established, interest turned on the probable lineup on the question of modification of the prohibition enforcement laws. Both the "drys" and "wets" were claiming a victory as the result of the elections. For the anti-saloon league Wayne B. Wheeler, general counsel, said the "wets" would not have as many votes by three at least in the senate as heretofore, and that their strength in the house would not exceed 140, or 78 less than a majority.

On the other hand, the Association Against the Prohibition amendment, through G. C. Hinkley, its general secretary, claimed a gain of 80 "liberal" votes in the house, which, it was asserted, would give actual control of that body to the modificationists.

### 8 Women Legislators in Washington.

Seattle, Wash.—The house of the Washington legislature will contain four women, according to election returns. They are Mrs. Maude Sweetman of this city, republican; Mrs. Jessie B. Kastner, Tacoma, farmer-labor; Mrs. Belle Reeves, Wenatchee, democrat, and Mrs. H. J. Miller, Everett, republican. With Miss Roba Hurn, Spokane, the first woman in the senate, they will make five in the legislature.

The Eugene chamber of commerce has adopted a resolution favoring the plan of H. H. Corey, state public service commissioner, which advocates the completion of the Naron cut-off, the extension of the Deschutes-to-Odell line, the extension of the Oregon short line to Odell and extension of rail facilities to Lakeview.

The state of Oregon has more lawyers per capita than any other section of the United States, with the exception of California and the District of Columbia. This information is set forth in a table, based upon the last census, which shows that Oregon has 1424 lawyers, which is one for every 550 inhabitants.
