The Freshmen and Sophomore English class entertained each other with Thanksgiving dinner speeches Tuesday. Mr. Mulkey also surprised them with one of his stories.

Elizabeth Tilly, a cousin of Charles Atteberry, from Pawnee, Ill., was visiting the 7th and 8th grade room Monday.

Violet Gilbreth was absent from school Monday on account of illness. Arthur Chaffee was also absent Monday.

Mr. Carroll, who has held the position here as manual training instructor, has resigned to accept a similar position, though of a greater responsibility, in the United States civil service work.

We understand that his work will be that of manual training supervisor in the Indian service in what is known as the Washington district of the State of Washington. His new work carries with it a larger opportunity than was possible here as well as a substantial increase in salary.

Mr. Carroll has made many friends here and his loss is felt keenly among students and faculty of the Boardman school. His work was of a high nature, in fact, so good that after many attempts his successor could not be found at this time, and Mrs. P. J. Mulkey is substituting as seventh and eighth grade teacher and Mr. Lee is substituting in the high school.

IRRIGON ITEMS

The farm bureau shooting match Sunday cleaned up all the chickens donated for the occasion and all the turkeys that had been brought in to protect the needs of the day. Number of people came from Messner Boardman and Umatilla and other places. N. Seaman won the largest number of turkeys in rifle shooting among the men folks, and Mrs. Wolfe in the ladies shoot. Miss Geneva Glasgow and Miss Corrigan won the chickens in the staking out games. A number of birds were won in various games but pretty generally distributed among all taking part. Mr. Glasgow endeavored to get a trap and clay pigeons to permit those who preferred trap-shooting to participate in that sport but failed to find a trap. However, it appeared to be the desire of most people to use rifles because of the cost of trap-shooting. It was preferable to have the money go to the farm bureau, where it would do much good, rather than buy a lot of clay pigeons and shot gun ammunition. Farm bureau members are of the unanimous opinion that this shoot should be made an annual affair in the future.

The bazaar given by the Ladies society Saturday evening proved a big success. The ladies made a substantial payment on their piano. For months the women have been making up fancy things and had the big booth in the corner of the hall liberally decorated with their work and almost everything sold at fancy prices. Mesdames Glasgow, Wolfe and Walpole were in charge of the sale of fancy work, while the candy counter, playing an important part in the sale, was handled by Mrs. Eggleston and Miss Corrigan and the pies and cakes under the supervision of Mrs. A. B. Chaney. The ladies gave a short musical program.
