IRRIGON NEWS

The Farm Bureau held its annual election Saturday the 6th, with the following result: Hugh Grimm was re-elected chairman over his opponent; C. E. Glasgow positively refused to act as secretary and F. C. Fredericksen was elected to the position. The usual committee of three on road matters was left to the chairman to appoint. Frank Markham was re-elected road foreman. This position has been assigned by the county court to the district farm bureau for filling. Chas. Powell was re-elected rodent control chairman; Hugh Grimm, advisor and observer, fruits, etc.; N. Seaman, experiments in alfalfa; N. Seaman, farm bookkeeping; Mrs. C. E. Glasgow, chairman social committee with instructions to appoint her own assistant. Mrs. Glasgow immediately named those who had served with her during the past two or three seasons: Mesdames Wolfe, Eggleston, Fredericksen, Jones, Markham and Risko.

Mr. Glasgow read the financial records of both departments, which show balances to the good. It was shown that the community had saved approximately \$2,000.00 during the past season by having shipped in corn from the east in ear lots. This ought to bring new members to the farm bureau or, at least, should get those who have opposed the movement; to see some good has been accomplished. A big dance and card party followed the business meeting.

Melon and cantaloupe growers are scheduled for a meeting Friday evening in the school house, and decide upon some sort of pool grow-

IRRIGON SCHOOL NEWS

The boys basketball team met the Echo high school team at Echo last Friday evening. The game ended with a score of 16-15 in Echo's favor. Miss Clara Corrigan, who has been ill at her home in McMinville with bronchial pneumonia, returned Tuesday morning and has resumed her duties at school.

Mrs. C. F. Grover has been ill at her home this week. We wish her a speedy recovery.

Really, it takes "an expert driver" to jump all the ditches, doesn't it Belle?

Mr. and Mrs. Dale Albright took their little son Jack to Portland for examination, and the physician announced he had a tumor which he was sure in a short time.

Mr. and Mrs. Harvey Young, of near Heppner, were guests at the Jay Cox home the early part of last week. Mrs. Young is a sister of Mr. Cox. They are looking for a location.

On Thursday evening of last week the Glen Hadley home was the scene of a gay party. The Jay Cox family, with their guests, the Barlow family and the Earl Cramer family drove down to the Hadley home where they enjoyed many jams until a late hour. Others present were, Everett Hadley and Evan Stoneman.

Tuesday evening at the school auditorium a meeting of the M. W. of A. was held at which time the new officers for the coming year were installed, the new officers being: Venerable Council, Dan Ransier; Adviser, W. H. Gilbreth; Clerk, Leo Root; Banker, Victor Hango; Escort, W. L. Gilbreth; Watchman, Adna Chaffee; Sentry, Clifford Olson; Trustees, Paul Shilth. The next meeting will be held January 23, at which time something extra is expected to happen, so all should plan on attending. If you are not a member, why not become one? After the meeting every one went to the cafeteria where the ladies had prepared a fine lunch of chicken, sandwiches, cake and pie. Many thanks to the ladies of the Woodmen.

Changes of Time For Meeting
The meeting announced for the 13th of this month will not be held until the 20th. Miss Marjorie M. Smith, of the O. A. C., is to lecture on Home Nutrition and Food Selection. But she will not speak until January 20th. Everybody come.

ing and selling plan for the coming season. The bulk of the crop is expected to consist of THE PRIDE C. IRRIGON, the cantaloupe that is to make a name for Irrigon. New Irrigons will be planted in a limited way for close markets, and the Irrigon watermelons will share liberally in the plantings. The sales will be made through the association formed two years ago.

Batie P. Rand has secured the agency for Ford cars, and displays the dealer's signs. We believe he will land a few sales the coming season in Irrigon, as a number of parties are figuring on buying new cars.

Hay has not moved out fast during the past week on account of inability to get cars, and the yard blocked with gondolas. Not much baled either because of the winds and rains.

A little surprise party was given by the young people to Mrs. Thomas Chatterton Monday evening at the home of her mother, Mrs. Rebecca Knight. Everybody had a fine time.

Mr. Lauder of Hermiston filled the pulpit in the community church Sunday evening, in the absence of Rev. Mumah, who was attending conference at Walla Walla.

The Irrigon boys had but one practice in three weeks and did not do any real playing until the second half of the game when Echo was only able to make one basket. Quite a number of Irrigon people were able to witness the game, and this was due to the kindness of Prof. C. F. Grover, W. B. Howard and Lyle Seaman.

7th and 8th Grades

Ted Partlow is our mechanic this week. Armed with the screw driver and a few screws, he has repaired all the wobbly and squeaky seats.

The decorating committee has begun to erase and take down the Christmas decorations and put on something appropriate for the new year.

We have decided to hold our literary meetings once every two weeks instead of every week, in order that we may prepare our parts better.

All of the 7th and 8th grade pupils have returned to school except Noel Klitz and Charlie Koski, who, we understand, are ill.

Robert Berger put his manual training work into practical use Wednesday, when he repaired the case containing the map of Europe.

In our arithmetic work, we had some practical work Monday, when we averaged our monthly grades. The result showed that the three ranking highest in the seventh grade were Helen Chaffee, first, Mabel Brown, second, and Rachel Johnson, third. In the eighth grade, Louise Klages, first, Catherine Berger, second, and Arthur Chaffee, third.

What might have been a serious accident occurred Tuesday morning in the 7th and 8th grade room, when the wire cable in the sliding door

broke, letting the heavy weight fall thru the first floor to the cafeteria floor below. It was fortunate that no one happened to be passing at the time it fell.

Sophomore News

Mrs. Crowder (in English class) can anyone in the class give one word to illustrate the changes in the assembly room before and after Mr. Mulkey comes in?
Carl Ayres: Mulkey!

Monday the freshmen-sophomore English class spent their time in writing friendly letters.

One of the latest and most valuable contributions to our library arrived last week from the office of the state superintendent. A history of Oregon written by C. H. Carey of Portland is furnished free of charge to the Boardman school. In view of the fact that the retail price is eight or nine dollars, we feel that we have been fortunate in receiving this book.

Next week, being the end of the first semester's work, will be a very busy one, for teachers and students as well. Examination will be given in all classes and the report cards given out with final semester grades.

Mrs. Stewart had charge of the third and fourth grade room last Thursday and Friday, owing to the illness of Mrs. Hummel.

Miss Mabelle Gurrad, a former student in B. H. S., visited school Tuesday. We were all glad to see Mabelle again.

The senior English class has been giving current events mixed with raisin events.

Ethel Broyles has returned and once again the senior class is all present.

Seniors! seniors! hear us whoop!
We're the class that's in the soup!

Jokes

Mr. Mulkey—"What is meant by the Farm Bloc?"
Zoe—"Why, I guess its the block the farmer splits wood on."

Mr. Lee—"Which is correct, gossip or gossippers?"
Doris—"Gossips."
Delbert—"Well, the boys are gossippers."

Lauren (before an exam.)—"Gosh, I wish I was as sure of going to Heaven as I am of flunking in this exam."

Alton—"That is not just the right words, but I have an idea that I know what I mean."

Miss Morcom in Anc. history class—"The lesson is assigned once for all. Four pages in advance, with an examination at the end of every chapter."

It seems that of our valiant basket shooters were somewhat dazzled by the bright lights while in Heppner, at least this is what we learned:

Carl—"Oh, fellows! Here's the biggest star. Just look out this window."

Chet—"Yes, and you can see a bigger one thru this window."
(Carl had been looking thru a window and had mistaken an electric light for a star.)

All classes begin to review the studies they have gone over and never seen before.

SHATTERED IDOLS

A unique screen creation is "Shattered Idols," to be seen at the New Theatre, Umatilla, Sunday. You'll stand amazed at its vastness, startled at its story of a girl who is married to an idol. The film shows maneuvers of the picturesque Indian cavalry, thousands of fanatic idol worshippers, and pictures the marriage of a beautiful woman to a bronze idol.
