BOARDMAN GIRLS LOSE TO IRRIGON

Last Friday night the local team of girls met Irriçon in a fast and furious game of basket ball. There was not a dull moment throught the entire performance.

At the end of the first quarter neither side had scored a point and after a brief intermission they continued, the first half ending in a score of 3 to 2 in Irriçon's favor.

Marie Messenger then took Erna Broyle's place for the remainder of the game.

At the end of the third quarter the score stood 5 to 4 in Irriçon's favor. Frances Blayden scored both points for the home team.

No further change was made in the score for either side during the last quarter and so the game ended.

Both teams played well and a good crowd of "rooters" were on deck to encourage them.

Miss Carrie Skells of Irriçon refereed the game.

1st and 2nd Grades.

In Geography the 1st and 2nd grades are studying Alaska. They are making the sand table appear like country by cutting snow flakes out of bits of paper. Snow houses, dogs, sledges, Eskimos, water and ice bergs, all of which are made out of paper. If you have never been to Alaska now is your chance to form your opinion as to the appearance of that country.

Come and see it anyway.

3rd and 4th Grades

Charlie Breeding, formerly from McMinnville, has entered the 4th grade.

5th and 6th Grades.

Lillian Bruce, Gladys Wilson, and Mildred Messenger are in possession of some more interesting class letters from the sixth grade pupils of Nashville, Tenn., Knoxville, Tenn., and Tampa, Fla.

The fifth grade pupils are receiving replies to their business letters they wrote last week. Some of the catalogs and leaflets they received contained valuable information for class work.

Ivy Olson has returned to school after three days absence.

7th and 8th Grades.

The 7th and 8th grades are taking monthly tests in all subjects this week. Our special drill is on the form of our papers, as well as facts.

We had our first debate, Monday morning, in our Literary Society. Our question was: Resolved that the corn crop of the world is more valuable than the wheat crop. The negative side won. An easy subject was chosen as it was our first experience with the rules of debate.

The 7th and 8th grades were glad to have Noel Klitz join them again. He has been ill for several days and we trust he has fully recovered.

Wednesday, the H. S. Student Body held a meeting to elect officers for the last semester, the following are the names of those installed: Della Olson, president; Mac Watkins, vice-president; Dorothy Boardman, secretary; Earl Olson, treasurer; Frances Blayden, editor; Truman Messenger, asst. editor; Alton Klitz, sergeant-at-arms; Delbert Carpenter, S. B. manager; and Ed McClellan, yell leader.

Delbert Carpenter, Truman Messenger, Earl Olson employed their manual training skill in fitting up the west end of Beeks' hall with bleachers last Friday evening. This helped to relieve the crowded condition of the hall.

The sewing and manual training classes are now running on a schedule of three days of the week. This change has been made in order to devote more time to regular grade work, in which the pupils are deficient.

Mr. David Norcross representing the Near East Relief Association, spoke to the pupils of the school, Monday afternoon. He told of the frightful conditions that prevail in the region of the Black Sea and Caucasus Mountains, where thousands of children are homeless and starving. Monday Feb. 5, has been set as the day for Boardman people to respond to this call for help. Send or bring any amount, however small, to aid the Call. Mr. Mulkey and the grade teachers will take charge of whatever funds are contributed and turn same to Portland, Near East headquarters.

Last week was the final week of the first semester and the pupils of the high school were allowed to rest between examinations. But from now we will have the regular work.

Miss Blanche Imus, recently from Irriçon, entered the Sophomore Class Monday. Boardman Student Body and faculty appreciate this as Miss Imus comes well recommended.

The grade teachers have received another lot of Perry pictures and will continue this week until each grade has been taught five standard pictures.

Lauren Cumins, who is a senior this year, has completed his high school work and will remain from school until graduation, next spring.

Why all the big Sigh! All the way we can account for it is — exams are over. — Isn't that enuf?

Mrs. Smith of Messner and Miss Myrtle Salling of Arlington visited at our school, Tuesday.

Truman Messenger entered the American history class Monday.

Jokes.

Ed: "Did you hear about the wreck the other nite?"
Mildred: "No."

Ed: "Well, a man and a woman were riding in a coupe, and he asked her if she would marry him, and she refused, so finally he asked her again and he also said if she refused him this time, why he would run the car over the first cliff. But she refused anyway."

Mildred: "What became of the woman?"
Ed: "Oh, she flew the 'coup'."

Edward: "I don't see anything interesting in Geometry. Its nothing but hen tracks."

Mrs. Crowder: "Well you have to learn to translate them."

Truman: "Can you translate them?"
Mrs. Crowder: "Yes, I have been trying to translate them ever since I started to teach school."

Mr. Lee: "Did you see the fight?"
Miss Morecom: "No, was anyone hurt?"

Mr. Lee: "Well no, but the fellow that was knocked down was knocked sensible, and he got up as sensible as ever."

Fritz and Lauren went in the library to look at their Geometry papers, and Lauren said as they entered, "Where is it?"

Fritz: "Here it is," and pointed at Mrs. Crowder.

Mr. Mulkey: "Do you know the reason why Ida asks to go down town so often?"

Mrs. Crowder: "The reason always comes back with her."

Mac: If Miss - ouri would borrow Missis - sippi's, New Jersey. What would Dela - ware?

Fritz: I don't know, A - las - ker.

Weldon leaning on the banister in a dreamy attitude. "In every way, I am growing to love her, better and better everyday."

Mac sure did have a hard time at the game, Friday nite, trying to square himself. We suggest that he refrain from trying to revise the basket ball teams.
