IRRIGON SCHOOL NEWS

will be along later to solicit the bus-
iness for this fall.

Mrs. Harry Lester arrived from
Brockway Saturday morning.

The Fourth passed off without
any great excitement, but everybody
reports a good time.

The applicants are on in full blast
and everybody is too busy to be sure
which end they are standing on.

F. L. Kennard, of the Washburn and
Wilson Seed Co., of Moscow, Idaho,
was an Irrigon visitor Saturday. He
looked over the results from seed
potatoes furnished by his house and

The railroad company has an-
nounced that complete section build-
ings will be built and a signal main-
tenance house in the east end of the
east park some time in the near fu-
ture.

The Tum-A-Lum Lumber Co., an-
nounces that they have a carload of
kindling coming. You men who
have to build the fires, should get
in on this, to make the story short,
this winter.

Mrs. Wadsworth and children,
Mr. and Mrs. Van Winkle had their
Fourth celebration at the Frederick-
son ranch. The Sunday School gave
an all-day picnic in the shades on
the river and the big feed no one
will ever forget. Some games and
other amusements made up the day.
Others from here went to Meacham
and feel like they have been some-
where.

Household Hints

The smell of onions may be taken
from the breath by chewing a little
garlic.

Flour added to dough will be
found to make bread much more
palatable.

Carpets can be held tight to the
floor by the use of spikes.

If the banging of doors bothers
you, the annoyance can be obviated
by using the windows.

"Just charge it," said the sweet
young thing when she left her stor-
age battery at the garage.

Many people take dope for what
they think ails them when all they
need is a long walk.

When Eve first saw the little hol-
low between Adam's collar bone and
shoulders, she doubtless thought it
a nice place to cry on.

A little thing like the truth does
not disturb some people when they
are trying to produce an argument.

Mrs. Chas. Goodwin, W. A. Good-
win and Ralph Davis.

Mrs. Bradshaw and children of
La Crosse, Wash., are visiting in
Boardman. Mrs. Bradshaw and Mrs.
Bock of this place are sisters.

John Brice and children and Mrs.
Rice, a cousin of Mrs. Brice, who
has been staying with the Brices for
several months, made the Meacham
trip and Mrs. Claude Myers went
with them.

Prof. P. J. Mulkey and wife, ac-
companied by Mrs. Mulkey's mother,
were in Boardman a short time last
week, leaving via Ford for Salt
Lake City, expecting to return by
way of Yellowstone park.

There will be a dinner at the Com-
munity church Sunday, July 8, after
morning services. All are welcome.
Come with well filled baskets and
lets get acquainted with the new

minister, Mr. Hughes and his family.
There will also be a short program.

The Brown families and Cohoos
motored to Prosser, Wash, where
they met other relatives from Walts-
burg, and a sister from Ellensburg,
and all enjoyed a picnic together on
the Fourth. Mrs. Cohoon went on
up to visit her parents for the rest
of the summer.

Boardman was treated to some
band music one day last week when
twenty little orphans stopped over
here on their way to Pendleton.
Mrs. Dingman took them all to the
service station and treated them to
ice cream, which they greatly en-
joyed.

Many will be interested in know-
ing that Mrs. H. E. Warren was ap-
pointed chairman of the historic
spot committee by the Portland
chapter of the Daughters' of the
American Revolution, and was their
representative at the Meacham page-
ant. Through the efforts of Mrs.
Warren, Wells Springs will be mark-
ed as a spot of interest in relation
to the Old Oregon Trail.

Among those present at the cele-
bration at Meacham were Mr. and
Mrs. Dingman, who had the honor
of seeing President Harding and his
wife, and hearing the president make
his speech, also saw the Indians pre-
sent Mrs. Harding with a most beau-
tiful hand made shawl, and Mr.
Harding with three pairs of bead-
trimmed gauntlet gloves, while 500
Indians danced the Tom-Tom. They
went over the Old Oregon Trail and
report the most beautiful scenery.
Mrs. Dingman has had the honor
of seeing ever president from Cleve-
land to Harding, both inclusive.

We are wondering if President
Harding took due notice of all the
work that the O.W.R. & N. Co., went
to in preparation of his coming. And
did he notice that the weeds were cut
beside the track. That the white-
wash crew had been out plying their
brushes; that the pump engine was
hushed at Messner while his
train stopped, lest the noise disturb
his auditory nervous system; that
every water tank along the line was
filled lest thirst overcame him; in
fact that everything was in tip top
shape; that not the least thing should
cause annoyance to his royal high-
ness? We look into the future and
see the time when we, too, shall be
accorded such honor that our com-
ing shall cause weeks of preparation.
