**Man's Restricted Vision.**  
 Man's point of view is too restricted,  
 his judgment too uncertain, to enable  
 him to pronounce wisely upon the  
 bearing and value of providential  
 events. He should bow to superior  
 wisdom rather than rebel.

**Time's Changes.**  
 Some of the earliest of the fresh  
 vegetables that reach snowbound  
 American markets come from the Isle  
 of Pines, which was once notorious  
 as a rendezvous for Caribbean pirates.

**Oysters Are Changeable.**  
 It is known that each individual  
 oyster changes its sex at different pe-  
 riods, but the authorities do not yet  
 agree as to the sex with which the  
 oyster starts its life.

**Cost to Feed Mongrels.**  
 It does not cost any more to feed  
 pure breeds than it does the mongrel  
 or mixed type. In the case of the  
 mongrels there is no uniformity in  
 size, shape or color of the eggs and  
 they will never bring a premium for  
 hatching purposes, as do the eggs of  
 pure breeds.

**Mash for Young Ducks.**  
 Young ducks should be fed a mash  
 without the grain ration until they  
 are well matured. An important part  
 of the ration is a good grit.

**Not Cleanest Man.**  
 If you go into a man's cow stable  
 and find everything in a filthy condi-  
 tion you are safe to make the guess  
 that the fellow himself is not the  
 cleanest man in the world.

**Planning Dairy Barn.**  
 Forget that you need exercise when  
 planning the dairy farm. Cut out  
 every step you can.

**Tractor and Work.**  
 Take care of the tractor and the  
 tractor will take care of the work.

# THE TALISMAN

By GRACE E. HALL

**T**WAS a little vine-wreathed cot-  
 tage  
 Just within the edge of town.  
 Roses cling to eaves and trellis,  
 And their petals drifted down,  
 While a tragic scene was acted  
 Just inside the cozy room.  
 Where a man and woman labored,  
 Lost to morning cheer and bloom;  
 Gathered here and there the objects,  
 Dear mementoes—now forlorn—  
 Of the day they entered gaily  
 On their happy wedding morn.

From the wall he took a picture,  
 From a shelf she lifted books,  
 Silently they stripped the cottage,  
 Leaving bare its pleasant nooks;  
 Eyes and voices cold and lifeless,  
 Each avoided other's way.  
 Soon they cleared the little parlor  
 Of the things they'd meant to stay;  
 When, from out a crowded trunk-till  
 Tumbled something small and white,  
 And a flood of burning tear-drops  
 Hid the object from their sight.

Just a baby's shoe, quite shapeless,  
 With a hole in one wee toe,  
 But it told a heart-break story  
 Of their dreams of long ago;  
 Each one stooped to grasp the token  
 That was lying on the floor,  
 And at last two hearts were broken  
 From their icy chill once more;  
 Sobbingly two voices mingled  
 In a name that came to mind,  
 While hands clasped o'er a baby's shoe  
 That Fate had chance to find!

# The Young Lady Across the Way

The young lady across the way says  
 she certainly admires the person who  
 gives just for the sake of giving, with-  
 out any desire to get any credit for it,  
 and who merely signs his charity  
 checks A Friend.

# Mother's Cook Book

The bravest battle that ever was  
 fought—  
 Shall I tell you where and when?  
 On the maps of the world you will find  
 it not;  
 'Twas fought by the mothers of men.  
 Nay, not with cannon or battle shot,  
 With sword or nobler pen,  
 Nay, not with eloquent word or thought,  
 From the mouths of wonderful men.  
 But deep in the walled-up woman's  
 heart,  
 Of words that would not yield,  
 But bravely, silently, bore her part.  
 Lo! there is the battlefield."

**GOOD EATS FOR THE FAMILY**  
**ANY** fresh fish may be baked in the  
 following manner; but halibut is  
 especially good:  
**Baked Halibut.**  
 Arrange six slices of salt pork in a  
 dripping pan. Cover with one  
 sliced onion and add a bit of bay  
 leaf. Wipe two pounds of halibut  
 and place on the pork and onion.  
 Cover with a paste prepared with  
 three tablespoonfuls of butter and  
 flour mixed together. Over all sprinkle  
 three-quarters of a cupful of buttered  
 cracker crumbs and arrange five strips  
 of pork over the crumbs. Bake 50  
 minutes. Serve with a sauce from  
 two tablespoonfuls of fat in the pan,  
 two tablespoonfuls of flour, one cup-  
 ful of milk. Season well to taste  
 and serve garnished with lemon and  
 parsley.

**Cheese Sandwiches.**  
 These are nice with a cup of tea or  
 as a supper dish. Cut stale bread in  
 one-quarter-inch slices, spread with  
 butter and sprinkle with salt and  
 cayenne. Put a slice of cheese be-  
 tween each two slices of bread and  
 fry in a little butter until delicately  
 browned on both sides.

**Oyster Croquettes.**  
 Strain the juice from a pint of oys-  
 ters, cut the oysters fine and return to  
 the liquor, add two beaten eggs, one  
 teaspoonful of salt, a dash of cayenne,  
 and enough cracker crumbs to mix into  
 croquettes. Dip into egg and crumbs  
 and fry in hot fat. Serve with cabbage  
 salad.

**Teaching Songs of Wild Birds.**  
 In one English school the children  
 are taught the songs of the various  
 wild birds by means of phonograph  
 records.

 ceive this honor and is one of 20 in  
 the state.

**Grants Pass.**—The Tokay grape crop  
 of the Grants Pass district again is  
 moving, after having been held up by  
 the rain for several weeks. The  
 seventh car of grapes went out Satur-  
 day, billed for Portland, where the  
 majority of the grapes have been sold.

**Toledo.**—During the last week two

 that forecast important timber devel-  
 opment was completed this week in

 been the largest all-cash deal of this  
 vicinity reported in several months.

**John Day.**—Mount Vernon vicinity  
 is astir since the burning of the Range  
 schoolhouse, which is the second struc-  
 ture to be destroyed there in the past  
 year. The first was due to incendiar-  
 ism. It is believed. Bloodhounds sent  
 here from the Walla Walla peniten-  
 tiary have given the officials a new  
 clew.

**Salem.**—In an effort to prevent the  
 spread of diphtheria in the Englewood  
 district, cultures of throats of all pu-  
 pils and teachers in the schools there  
 will be taken this week by local health  
 authorities. This action has the sup-  
 port of the state board of health, the  
 members of which are co-operating in  
 the work.

**Salem.**—H. S. Gile & Co. has receiv-  
 ed an order for 500 cases of evaporat-  
 ed prunes from Calcutta, India. These

 brand of the Willamette Valley Prune  
 association. Similar orders have been  
 received from France and many other  
 foreign countries.

**Grants Pass.**—The Oregon caves re-  
 sort has been closed for the season.  
 It will open again May 15. The entire

 549 visitors went through the caverns  
 this summer, exceeding the estimated  
 attendance by about 2000.

**Hood River.**—The crews of the Gil-  
 pin Construction company, engaged on  
 the interstate bridge over the Colum-  
 bia here, have made rapid headway  
 the last week because of the fine  
 weather. Perfect calm prevailed and  
 no wind up the Columbia interfered  
 with their crews engaged in sinking  
 piles or coffer dams for piers.

**Corvallis.**—Dr. M. A. Jull, senior  
 poultry husbandman, bureau of animal  
 industry, Washington, D. C., inspected

 flock by Dr. Jull to be sent to the gov-  
 ernment poultry farm at Beltsville,

 ernment breeding experiments.

**Portland.**—Portland's new million-  
 dollar Elks' temple is rapidly nearing

 struction of new market roads and the

 county bridges, according to Lee Shan-  
 non, county roadmaster. Of this sum,  
 \$130,000 has been spent for market  
 road work and \$100,000 represents the  
 expenditures already made, or in pros-  
 pect, from the general fund. A total  
 of about 21 1/2 miles of market roads  
 has been built.

**Hermiston.**—H. A. Scullen, secre-  
 tary of the State Beekeeper's associa-  
 tion, has announced the dates for the  
 Oregon meeting as December 11 and  
 12. The dates were chosen in order  
 to conform with the schedule of the  
 committee of the American Honey  
 Producers' league, which is routing  
 some nationally known speakers for  
 western meetings. Hermiston has  
 been chosen for the convention be-  
 cause Umatilla county is the largest

 It takes courage to throw one's self  
 forward, but no less to hold one's self  
 back. Sometimes it is more noble to

 the man who knows which course to

**If You're Rndown with Lowered Vitality, Try This:**

Portland, Ore.—"I don't believe  
 I would be alive today were it  
 not for Dr. Pierce's Golden Medical  
 Discovery. Two years ago I  
 disposed of my ranch and came  
 here to be near our children, for  
 I had been sick for over a year, not  
 able to do anything, and never had  
 a moment's freedom from pain. I  
 had headaches, sharp and shoot-  
 ing pains all thru my body. I  
 felt miserable and low-spirited for  
 I could get nothing to help me. A  
 friend said, 'Why don't you try  
 Dr. Pierce's Golden Medical Dis-  
 covery—it may help you.' I tried  
 it, and now feel greatly indebted to  
 my friend for recommending it to  
 me. Three bottles of this wonder-  
 ful medicine drove all the aches  
 and pains out of my body and, so  
 far, they have not returned."—H.

 It is said that the yard was origi-

 length of the arm of King Henry I.  
 The British yard is now the distance  
 to 62 degrees F., between two lines  
 on a bronze bar kept at the Standards  
 office, Westminster, London.

 Russian, by 90,000,000 and then French  
 by 60,000,000.
