The baseball game between Arlington and Boardman last Friday, was a great success. The boys of both teams were sure good sports or they wouldn't have played in such a storm.

On account of the terrible wind and sand storm they only played seven innings, ending with a score of 8 to 6, in Boardman's favor.

If our boys can win a game on a day like they won this one, we aren't afraid but what they can win all the rest.

Mr. Mulkey, Helen Boardman, and Norma Gibbons accompanied Mr. Boardman to De Moss Springs, Sherman county, Friday. The occasion of this journey was a mass meeting for the school children of that county who are to begin a tree planting campaign for the benefit of that section. Many prominent citizens of other counties were present with a view to taking up the enterprise in their own communities.

Boardman school presented seeds and trees, and its representatives delivered speeches at the meeting.

Tree planting this spring has been a good success. Every class with the exception of the three lower classes in high school have planted a tree. We know of course, that they will surprise us and plant several later on.

The good news was received Wednesday morning that the mutts, who have waited so long for a party, were going to be entertained. We are all looking forward in hope that we will have a good time.

Mrs. Vanbuskirk and brother, of Amity, Oregon, paid a visit to Miss Marvin while on their way to Walla Walla last week.

Lives of bookworms all remind us, That we too, could get good marks. And departing, leave behind us, Statues in the public parks.

just back of the Boardman Trading Co. store. Jay Cox and family moved over to the Cramer house in the next corner. Mr. Gagallia is the section foreman on this section.

Mrs. Dale Albright left on No. 23 Wednesday night for Portland, taking the boys with her. Margerie is staying at the Macomber home during her mother's absence.

Dale Albright left Wednesday for Portland. He will return soon and get his family and they will make Portland their home for a time. Mr. Albright was given a 50 day to six months' leave of absence from his work as signal maintainer. Mr. Wilson of The Dalles, has been sent up to take his place and he expects to move his family here shortly.

Boardman is smiling over an April Fool's prank which some of the young fry played on the merchant Tuesday. Going in the different places they asked for two-bits' worth of candy. On receiving the candy they laid down two auger bits and ran. Some of the merchants appreciated the "self" but others didn't and forced the jokers to give back their ill-gotten gains. All who heard of it however, laughed heartily over the affair.

The Hereims celebrated their seventh wedding anniversary last Sunday, having Nick Faler and wife and Miss Myrtle McNeil, and J. C. Ballenger and family as guests for dinner. The Gorhams, who have always been guests at the annual dinner, were unable to be present this year.

The Ladies Aid met Wednesday afternoon with ten present. Plans were completed for the Easter Sale which will be held April 12th at the Bank building. Fancy work, a few aprons and cooked food will be sold. As many of the Ladies Aid members who possibly can be asked to contribute food for this sale, cream, eggs, cakes, pie, salad. A deficit of twenty dollars was paid by the Aid toward the minister's salary. It was decided to hold the annual roll call meeting the first meeting in May. This will be an afternoon affair instead of the usual all-day meeting. All former members are asked to send a word of greeting at this time. Mrs. Allen served delicious refreshments. Next meeting will be April 16.

Boardman high school went into the game last Friday with a crippled lineup and a windy day but came out on top of a 8 to 6 score.

The box score of the game: Boardman—Runs, 8; hits, 12; errors, 7.

The nursery at the north end of the school building will render planting much easier in future years as trees can be transferred wherever needed.

Marjorie and Richard Peterson of the first grade and Dorothy Peterson of the second grade, have left us, and when Dale Cox who is also going to Irrigon, and Marjorie Albright, who is going to Portland, leave us, our number will have diminished greatly.

Ora Akin, a member of the eighth grade, who entered school here in January left last Wednesday for her home in Washington.

Parable of Jobab

Jobab goeth to college. Now it came to pass that Jobab, son of Alumnus, set upon an ark and did journey into far lands.

And strange were the manners and customs of those who dwelt in those far lands.

And Jobab took upon himself a color green and basted. (To be continued.)

The second grade has finished its two method readers and have started on a supplementary reader.

Mr. Dougherty from the Portland Chamber of Commerce was in Boardman Thursday and Saturday. He is in charge of the land settlement work of the Portland chamber and was here to get listings of the places for sale or parts of places.

He strongly advocated the cutting up of the ranches into smaller tracts. Because of his short stay he did not have time to get the listings but has left a number of blanks with J. C. Ballenger and W. A. Goodwin and anyone desiring to list their places with this source may get information from the above named. This is part of the \$300,000 program which is to be carried out by the Portland Chamber of Commerce in advertising the state in the next two years.

A local institute was held last Saturday at the school with about 30 in attendance. Superintendent J. A. Churchill, of Salem, spoke to the teachers in the morning about their work and in the afternoon spoke about the County Unit plan, which is to be voted on in May. As we understand the County Unit plan, it puts school affairs in the hands of five commissioners, who are elected by the people from five different zones in the county. These commissioners to appoint a superintendent, who will do the actual work of supervising schools, selecting teachers, etc. There will still be three directors in each district, who will look after the school building, but who have no power to elect teachers, decide the amount of taxes necessary for the school or such things, as they now have power to do. These five commissioners are to receive only necessary traveling expenses. As Mr. Churchill explained the question schools of the entire county will be managed on exactly the same plan as the city school districts of the state are now managed. The high schools of the county will still be cared for by the school board as under the present plan. Hence we will have a separate school organization under two managements. After thinking upon the matter for several days, personally we do not approve the plan. Would like to hear from some others regarding the question.

The first week in the brooder house is the critical one. Watch the chicks carefully during this period. Most of the trouble is caused by over-crowding, piling in the corners and by chilling.

IRRIGON SCHOOL NEWS

The school is normal in attendance again, after the loss of so much time on account of sickness.

New pupils just entered in the primary room from the Boardman school, are Richard, Dorothy and Marjorie Peterson.

A baseball game between both the girls' and boys teams of Irrigon and the Umatilla school is scheduled for Friday afternoon of this week.

All the teachers have been re-elected for next year. The intermediate teacher will not accept and Mrs. Barker of Meacham was elected in her place.

The high school play, "Parlor Matches," is being rehearsed and will be given in the auditorium on Saturday evening, April 19. The price of admission will be reasonable.

Miss Marjorie Smith, state agent, assisted by several ladies of Irrigon, served chowder as a hot lunch to the children at the noon hour on Wednesday of this week.

The teachers attended the district teachers' institute at Boardman last Saturday. State Superintendent Churchill was present and gave a very fine inspirational talk to the teachers upon the "Measurement of a Teacher." He also spoke in favor of the County Unit plan of taxation and administration.

Be sure to feed good buttermilk or sour skim milk. Many chicks are ruined each year by feeding milk in which there is washing soda or some other form of neutralizer.
