THIRD YEAR Edited by the High School Students

KATHERINE BROWN Editor. WAHNONA RANDS, Ass't Editor.

Joke Editor, Alton Klitz, '24

April 17, 1924.

P. J. Mulkey,
Principal of the Boardman School.

My Dear Sir:

I have been informed that the students in the public school under your supervision on Arbor Day, planted trees along the Oregon Trail and the Columbia Highway.

As governor of the state I congratulate you and your pupils on their interest and devotion to what I regard as one of the greatest movements of recent years.

Oregon is the heaviest timbered state in the Union at the present time. We have the climate, the soil, and natural conditions to make Oregon forever the greatest timber state of the Union if we but use the natural conditions with which nature has provided us.

Our highways from one end to the other should be lined with trees of various kinds. We can make Oregon the most attractive state in the Union and the planting of trees will have much to do with it.

Oregon thanks you and the pupils and their parents who assisted you in initiating this great work.

Very truly your,
WALTER M. PIERCE,
Governor of Oregon.

Mr. P. J. Mulkey, Principal Boardman School.

Please convey to the students of the Boardman school the thanks of the highway commission for the part which they have taken in planting trees along the Columbia River Highway in the vicinity of Boardman. It is hoped that the example which they have set may be followed by other schools in the state so that some time in the future we can look forward to having our highways bordered their entire length by trees. There is nothing which will do more toward beautifying our highways in Eastern Oregon than planting trees.

In appreciation of the work which you have done.

Very truly yours,
Oregon State Highway Commission.

We, the members of the Senior class, in order to form a more perfect high school, suggest that the Freshies be put in an incubator, that the Sophies eat hard boiled eggs etc., and that the Juniors take brain reducing exercises each night before retiring, do offer this valuable remedy for the B. H. S.

What are we doing in Geometry? Where does Mrs. Crowder get her patience?

Has Weldon's supply of Stacombe become exhausted?

Why all of these knowing smiles and glances among the Freshmen? A foreboding of evil to come? (Curiosity killed a cat.)

The members of the civics class are discussing the most important questions that are now before congress, such as: immigration, soldier bonus, Japanese, and education.

Mrs. Herim and son, A. T. Mrs. Kozar and Mrs. Macomber visited the school last week.

In just about three more weeks we will see the Seniors rushing madly about working out credits, etc., the Juniors will have consumed a look of superiority at the very thoughts of filling such dignified places next year, the Sophomores will begin to wonder how on earth they will be able to drop their "soft" ways; and the Freshmen will be glad to be entered as upper classmen and to help next year initiate the poor oncoming Freshies.

The Freshmen General Science class has made a brief study of hygiene, physiology and anatomy.

Mrs. Reeves, teacher of the upper grades has been elected by the board at Umatilla for next year and she has sent in her resignation to the Irrigon board.

Superintendent Sturgill has been elected a superintendent of the Umatilla schools for next year. After a careful consideration he has accepted, and resigned the position here to take affect at the close of the present school year. His successor has not yet been elected.

Owing to unavoidable incidents, the cast of "Parlor Matches" had to be changed, which caused a delay in its presentation. The new cast is now working industriously and the play will be presented on Saturday evening, May third, 1924. Everyone come. Admission 25 and 35 cents.

Prof. Sturgill has received letters from the State Highway Commission and from Governor Pierce, thanking the students for the part they took in planting trees along the highway. Copy of these letters will be found in the Boardman Utellem News, addressed to Prof. Mulkey.

Last Friday the boys' and girls' baseball teams played at Umatilla

Children of the grades from the sixth down finished their tree planting Monday morning. Accompanied by their teachers they worked westward from town to a point beyond the Rand's residence. Mr. Boardman, superintendent of this section of the highway, was on hand to supervise the work and Mayor Ballenger also assisted.

The holes having been dug, and the highway boys being in readiness with a truck loaded with trees and water, the planting was carried on rapidly. Al Macomber conveyed the children on the school bus and acted as traffic officer. By eleven o'clock the task was completed and the pupils returned, satisfied and happy because of the good day's work.

The Juniors planted a class tree last week as did also the Freshmen. The Freshmen glorified the occasion by wearing their colors or green and yellow.

Tuesday proved to be a day for visitors: County Superintendent Lena Shurte, Sheriff McDuffee, Prof. E. F. Carleton, of the University of Oregon; and Mr. Instow of Pine City spent the afternoon while enroute to Heppner.

The Sophomores planted their class tree, which is a silver poplar, Wednesday.

County Agent Morse has taken initial steps in boys' club work at Boardman. He has chosen Mr. Packard to assist him with the local club.

Last week he brought down four-teen young lambs and distributed them, giving two to each of the following boys: Robert Berger, Laurence Beck, Joe Gorgor, Russell Mefford, Eldon Wilson, Buster Rands, Carl Wicklander.

The first and second year English class are studying a classic called, "The Odyssey."

JOKES

Miss Marvin—"Do you know anything about the Mayflower compact?"

Erna—"No. I use Djer Kiss."

Mr. Mulkey—"James, are you carrying four subjects?"

James—"I'm carrying one and dragging three."

Johnnie—"I want your daughter for my wife."

Mr. Jones—"Well, you go home and tell your wife that she can't have my daughter."

Mrs. Crowder—"Weldon, why did you whisper to Genevieve? Don't you know it is wrong to whisper?"

Weldon—"But she whispered, and I answered her."

Mrs. Crowder—"Didn't you know I punish people for whispering?"

Weldon—"Y-Yes, but the Bible says sweet answers turneth away wrath."

Carl—"My brother sure is a dumb guy."

Howard—"How's that?"

Carl—"Why, thy'd have to burn down the school house to get him out of the Freshman class."

Lives of Seniors all remind us, We can make our lives like theirs, And, departing, leave behind us Footprints on the high school stairs.

Freshmen Irresponsible.

Sophomores Irresistible.

Juniors Irrepressible.

Seniors Irreproachable.

and went down to defeat by the following scores: Girls 24 to 30 and boys 9 to 17. Both teams played better than formerly and are rounding into shape and will be able to give a good account of themselves.

County Superintendent Lena Snell Shurte, Mr. E. F. Carleton of the University of Oregon, and Mr. McDuffie of Heppner, visited the Irrigon schools on Tuesday of this week. Mrs. Shurte visited with the primary and intermediate grades, while Mr. Carleton brought a message of inspiration to the upper grades and the high school. The visitors were all entertained at the noon hour with an excellent repast served by Mrs. Sturgill.

Grain Dealers Buying Screenings From Canada

State Market Agent Spencer states that Portland grain dealers have been buying carloads of screenings from Canada, which are ground into mash for chicken feed or given a bath in molasses and sold for dairy feeds. Mr. Spencer had a sample of one of these cars analyzed and the result showed 79 per cent of weed seed, chaff, dust and other dross and 21 percent of cracked wheat. The daily market reports quote chicken mashes and dairy feeds \$50 per ton and up. The farmers of Oregon get from \$26.56 to \$30 per ton for their first class wheat and then they pay \$50 and up per ton for Canadian screenings that have but 21 per cent of wheat and a smear of molasses. If the wheat growers were organized half as strongly as the grain dealers are they would not have to sell good wheat at less than production cost nor buy back foreign screenings at nearly double the price of their wheat.

FOR COUNTY JUDGE

To the Republican Voters of Morrow County:

I hereby announce that I will be a candidate for the nomination for County Judge, at the primary election to be held May 16, 1924. During my present term, my policy has been to obtain efficiency in public service, with economy and fairness. If nominated and elected, I pledge the same in the future. WM. T. CAMPBELL, (Incumbent). April 4

FOR COUNTY COMMISSIONER

I hereby announce my candidacy for the office of County Commissioner for Morrow county subject to the will of the Republican voters at the coming primary election to be held on the 16th day of May, 1924. April 4. L. P. DAVIDSON.

FARM POINTERS

Summer pasture for young pigs is being arranged by forward-looking Oregon growers. Rape or grain for pasture is recommended by the college extension service where alfalfa is not grown.

Dipping the sheep soon after shearing is recommended as good Oregon practice by the state college extension service. It reduces the cost of dipping, keeps ticks off the lambs and increases the size and quality of the next season's clip.

Meat consumption can best be established if producers will pay closer attention to the quality of stock they produce. Off grade animals produce off grade meat, which is not as readily consumed as good quality stuff.

For this year's potato crop successful Oregon growers select tracts as far as possible that have not been in potatoes for three years. They give this part of the operation great care, explains H. P. Barss, plant pathologist of the experiment station. Potato diseases accumulate in the soil where crop rotation is not practiced.

A good grazing practice on Oregon pasture land is to keep the stock off the grass in the spring until it has a start. Rotating grazing on different pastures each year to allow for this growth is most desirable, says the Oregon Station. Over-

Notice

Scaled bids will be received by the school board of district No. 25, Morrow county, Oregon, at the school house in Boardman, Oregon, at 2 o'clock p. m., on the 10th day of May, 1924, for transportation of pupils for the school year 1924-25. The board reserves the right to reject any and all bids. MRS. GLADYS GIBBONS, Clerk.

Political Notice

To the Republican voters of Morrow county: I hereby announce that I will be a candidate for the nomination of County Clerk at the Primary Election to be held May 16, 1924. GAY M. ANDERSON, (Incumbent.)

stocking on grazing lands is "killing the goose that lays the golden egg." Profit in beef or mutton depends upon ample grass. An important step in good grazing practices is to allow some grass to go to seed every third or fourth year.

Political Notice

I hereby announce myself as a Republican candidate for Joint Representative for Umatilla and Morrow counties in the coming Primary Election, subject to the will of the Republican voters in such counties.
