Deep regret that the United States has enacted the immigration bill, including a clause barring Japanese, is voiced in an official statement issued by the foreign office.

WORLD COURT PLAN REPORTED TO SENATE

Washington, D. C.—The Pepper plan for American adherence to the world court was reported out by the senate foreign relations committee by a vote of 10 to 6.

The Harding-Hughes plan was defeated by a vote of 10 to 8. The Pepper plan provides for complete divorce of the court from the League of Nations, as a prerequisite to American participation.

The proposal of Chairman Lodge, which would have set up an entirely new court, was withdrawn by its author before the committee had an opportunity to vote upon it.

The committee action brings the World Court plan technically before the senate for the first time, but there is little hope in any quarter of a vote during the present session.

VETERANS ADVISED TO AWAIT BLANKS

Washington, D. C. — Officials are taking steps to avert a flood of useless correspondence with war veterans in connection with the bonus.

Plans for the issue of insurance certificates have been so devised as to make it unnecessary for any veteran to do more than fill out the application blank soon to be made available all over the country.

The circular of instructions to accompany the blank will instruct applicants to fill in their answers to the questions to the best of their knowledge and recollection and let it go at that. There will be no necessity for obtaining records of service.

It will be emphasized that there is no occasion for haste since, under the law, there can be no cash payment prior to March 1, 1925, while the insurance certificates will bear date of January 1, 1925, or later.
