Mrs. O. H. Warner has taken a rest from her duties at the Highway Inn and made a trip to Yakima to visit friends and to be present at the graduation of a young lady friend of hers.

Henry Klages, Mr. Chaffee and Alton Kiltz took a little jaunt in the Klages jitney last week while looking for work. They went to Yakima, Cle Elum, Seattle, Tacoma, Oregon City, Silverton, Portland and back home again in a few days. It was a wonderful trip and they enjoyed by all three of them.

F. A. Parrish and wife of Long Beach, California, came last week for a few days' visit at the Warren home. Mrs. Parrish is a sister of Harry Warren and until recently they had not met for twenty years. The Parrishes left Tuesday for Hood River and thence to Seattle and on up to Canada before their return to their Los Angeles home.

### FARM POINTERS

Cultivation of row crops in Oregon should begin while the weeds are small, says the experiment station. The first cultivations are usually made with a harrow or weeder and later cultivations with a toothed cultivator. The cultivator should be run about three inches deep or just deep enough to stir the soil sufficiently to kill weeds and cover up weeds in the row. In some instances on rather hard soils deep early cultivation should be made.

Land for kale should be well manured and after plowing must be kept clean of weeds until planting time, which is usually after a favorable rain in June. Kale plants should be set deep to make them grow close to the ground and avoid excessively tall stalks in the field, the experiment station finds. The tall stalks are more susceptible to winter injury.

For late planting for hog or poultry feed the experiment station finds Japanese or silver hull buckwheat offers most promise. It is sowed like grain on a well prepared seed bed any time from the middle of May to the end of June. Forty-five pounds of seed are used per acre. It is especially valuable for poultry feed and for sale to millers.

Diseased potato plants should be removed from the seed fields as soon as they appear, the Oregon station advises. Sick plants are a source of infection from which disease may spread to other plants in the field. Potato seed buyers are becoming more particular in their choice of seed and demand seed of better quality.

### IRRIGON NEWS ITEMS

C. W. Ladd of Portland was an Irrigon visitor first of the week, looking over some properties here and may return in a few days.

Joseph Eskelson of Salem, Oregon, is the guest of Mr. and Mrs. Van Winkle several days this week. Mrs. Van Winkle is a daughter of Mr. Eskelson and expects to accompany him home for a few days' visit.

Sam Hughes, merchant of Heppner, and a party of friends were Irrigon visitors Decoration day. They motored on through Hermiston and Butter creek and back to Heppner, having come up the Willow Creek road. Mr. Hughes reports wheat still pretty good up around Heppner where farmers have actually farmed their lands.

Mrs. M. E. Rand is the guest of her parents, Mr. and Mrs. W. R. Walpole, for a few days.

Mr. and Mrs. Suddarth, Miss Blanche Powell and Mrs. Lester motored to the coast Wednesday.

The Melon Growers' association now report about ninety-five per cent of the acreage signed up and most of the acreage very good crop prospects and a week or eight days ahead of last year at this time, but weather conditions between now and harvest time will have much to do in producing ripe melons with same comparative earliness.

Mr. Howell of Boardman, also Mr. Hadley, were business callers in Irrigon during the first of the week.

Mrs. W. T. Eggleston has returned from the hospital and is staying with Mr. and Mrs. Glasgow until she gets strong.

Mrs. R. S. Lamareux has moved to Gresham, where Mr. Lamareux is hauling green cordwood with Ford trucks.

### A REGULAR PRAYER

(Author Unknown)

Lord, let me live like a Regular Man,  
With regular friends and true—  
Let me play the game on a Regular plan,

And play that way all through;  
Let me win or lose with a Regular smile

And never be known to whine,  
For that is a "Regular Fellow's" style

And I want to make it mine!  
Oh, give me a Regular chance in life,  
The same as the rest, I pray,  
And give me a Regular girl for a wife

To help me along the way,  
Let me know the lot of humanity,  
Regular woes and joys,  
And raise a regular family  
Of Regular girls and boys.

Let me live to a Regular good old age,  
With Regular snow white hair,  
Having done my labor and earned my wage,

And played my game for fair;  
And so at last when the people scan  
My face on its peaceful bier,  
They'll say, "Well, he was a Regular Man!"  
And drop a Regular Tear!
