RUPTURE

EXPERT COMING TO
PENDLETON
Will Give Free Demonstration
on Wednesday and
Thursday, July 9 and 10
—at—
DORION HOTEL
from 10 a. m. to 4 p. m.
TWO DAYS ONLY

They Come Many Miles to
See Him

On above date the noted rupture appliance expert, C. F. Redlich, will give a free demonstration.

You will at once realize the difference between his highly efficient and modern appliances and your mail order inefficient and harmful elastic bandages or ill fitting steel or wire trusses with their obnoxious leg straps. These mostly make the rupture worse instead of better until at last it gets beyond control, whereas Mr. Redlich's special appliances will give you security and comfort for years to come, mainly because these effective devices are scientifically applied by an expert in person.

Recent, often curable cases and especially old, neglected, painful ones, should promptly avail themselves of this opportunity for relief, before work becomes impossible and eventually the surgeon's knife an urgent and immediate necessity.

Remember that demonstration is free on above dates only, and that a visit may mean a great deal to you and those dependent on you.
