The State highway Engineers were in Umatilla Wednesday looking over the location of the new bridge and surveying for a center line.

Miss Sara Rix and nephew, Douglas Smith, returned Saturday afternoon from Portland and Seaview, Wash., where they have been spending their vacation.

Earl Brownell will leave the first of the week for Pasco where he will be in charge of the Walla Walla Meat Co.'s store. The family will move there as soon as arrangements can be made.

Died, at the family residence near Umatilla Sunday night, August 10th, Mrs. Nettie May Caldwell, wife of Carl J. Caldwell, after an illness of many weeks.

Nettie May Hatfield was born in Rockwell, Kansas the 26th of August, 1894, and came to Oregon in 1905, residing in Corvallis until 1910, when she was united in marriage to Carl J. Caldwell and went to Portland to live. Later they moved to Irrigon and then to the farm near Umatilla, where they have resided for six years.

She is survived by her father, Jas. Hatfield, two sisters, Mrs. Myrtle Shannon of Ocoola, Mo., and Mrs. Flossie Stantoff of Belle Fontaine, Ore., and three brothers, Lloyd Hatfield of Kansas City, Kan., Oscar Hatfield, residence unknown, and E. T. Hatfield of Umatilla; and her husband and nine children.

Mrs. Caldwell was known among her friends and neighbors as a woman of remarkable courage and cheerfulness. In the midst of much pain and suffering she was ever ready with a pleasant word and smile. Altho not a member of any church, her life typified the principles of Christianity in that she was a kind

neighbor, a good friend, a devoted wife and mother. She was an active member of the Umatilla Grange holding the office of clerk in that organization.

Funeral services were held at the residence on Tuesday afternoon, Rev. B. S. Hughes officiating. The body was taken to Corvallis to be laid beside the grave of her mother in compliance with Mrs. Caldwell's last request. The sympathy of the entire community is extended to Mr. Caldwell and family in their deep bereavement.

BUTTER CREEK NEWS

Mrs. Heistand Moore has recently returned from a trip to Portland and Crair Lake.

Miss Kate Moore is spending a few days at Heistand Moore's as Mrs. Moore is ill.

Dick Shaw and family departed last week on a motor trip to various Oregon coast points.

Mrs. Gladys Comstock left Wednesday for Seattle where she will visit with relatives for a short time.

J. M. Spencer has been in poor health for some time, and Mrs. Spencer has taken him to Hot Lake where he is receiving medical treatment.

Mrs. Ralph Richards is planning to drive to Portland soon for a short visit with friends and relatives.

Miss Kate Moore will accompany her. Miss Leah Gambel, a trained nurse, has been with her mother the past month, but she will soon leave for San Francisco where she has secured a position in a government hospital.

The farmers of Butter Creek are busily engaged in harvesting their second cutting of alfalfa. The hay crop is below the average and there will be practically no third crops on any of the ranches.

Miss Rachel Hamilton, who teaches foreign languages in the University of Washington, is sending her vacation at the home of her parents Mr. and Mrs. W. B. Hamilton.

Miss Lucille Richards is leaving soon for Portland where she will enter the Blake-Walker Business College. Miss Richards recently graduated from the Condon High School, having taken a two years Commercial course there.

J. M. Richards and family has moved from their ranch on Butter Creek, to the Thos. Richards ranch, four miles below where Mr. Richards is supervising the harvesting of the second cutting of hay. They will probably remain there the greater part of the winter.

Mr. and Mrs. Glen Richards and daughters, Lucille and Helen, left Sunday morning for their home in Condon, after a weeks visit here with relatives and friends. Mr. Richards felt that he must get home to look after his wheat crop, which, he says, is very good in comparison with those on the other ranches there.

Elmer Gambel has taken his mother, who has been an invalid for the past year, to the home of Mrs. Gambel's daughter, Mrs. Fritz, in Toppenish, Washington. Mrs. Fritz has been staying here with her mother since March. The trip was made in Gilbert Smith's truck.

Corn in Eastern Oregon

Oregon Experiment Station Bulletin No. 204 gives information of interest to all farmers in Oregon on corn growing. According to this bulletin there is room for considerable expansion in the corn acreage in this area especially in the warmer irrigated sections of Morrow and Umatilla counties. Federal inspection records show that annually more than 2,000 car loads of corn with a value of approximately a million and a half dollars have been shipped into the northwest from eastern states.

It is believed that eastern Oregon farmers can well afford to grow enough not only to supply this local demand but also to furnish necessary silage for the steadily increasing number of dairy cows. Minnesota 12 has been found to be the most satisfactory variety to grow in the experiments on the Branch experiment Stations.

Great fires from little sparks are spread.

If this radio, which someone suggests be installed in the Capitol, is intended to let the people hear what congress is saying, it ought to be rigged up to work both ways.

No man should play golf unless he can spend \$1,000 a year on recreation, says a writer in Liberty. And, we might add, no woman should have her hair bobbed unless she can afford to spend \$500 a year on upkeep.

LAFOLLETTE AND WHEELER
WILL BE ON REGULAR BALLOT

Announcement by the LaPollette state campaign committee that Senator Henrik Shipstead, of Minnesota is being sent by the LaPollette national committee to open the campaign in Oregon by a public address in Portland, Friday, August 15, marks the first move to be made in this state in the national campaign. Shipstead is expected to include Seattle, Tacoma and Spokane in his itinerary for this trip.

The names of Lafollette and Wheeler will appear on the Oregon ballot opposite the names of the electors whose certificates of nomination have been filed with the secretary of the state. This is for the guidance of voters who may not be familiar with the names of all the men selected by the LaPollette forces for electors for the state.

Secretary of State Koser has sent to Mr. Green a copy of the opinion submitted by Attorney General Van-Winkle. Lafollette and Wheeler will appear on the ballot in this state as independent candidates and their names on the ballot will be the means of identifying their electors. A precedent for placing the names of the candidates for president and vice president on the ballot when they are not running as the candidates of an established political party is found by the attorney general in the election of 1912 when the Bull Moosers made it necessary for Taft electors to be nominated at an assembly of one hundred voters, as the LaPollette electors were nominated this year. In 1912 the secretary of state printed the names of Taft and Fairbanks opposite the names of the electors pledged to their support. Taft, of course, was the regular republican candidate, but in Oregon he was obliged to run as an independent candidate, as the Roosevelt wing had usurped the place of the republicans on the ballot.

Why We Sell Kelly-Springfield Tires

Kelly-Springfields are among the oldest and best known tires on the market.

They have always had a reputation for giving exceptional mileage and remarkable service.

The Kelly tires of today are the finest that Kelly has ever built. They are stronger, sturdier, will stand more punishment and give more mileage than the tires upon which Kelly reputation was built.

They used to be a little higher priced than other tires, but now reduced prices are in effect, on account of larger factory facilities and hence the costs no more than other tires which have never borne the Kelly reputation.

We sell Kelly-Springfield tires because we believe they will give our customers the most mileage and the best service at lowest cost.

If you will come in and refer to this advertisement, we will make you a discount to introduce the Kelly tires.
