The bobbing fad has hit Boardman with a vengeance. Mrs. Bert Richardson and Mrs. Ellis Garrett are the newest recruits. Next?

News has reached here of the marriage of Miss Irene Sprague to Mr. Chas. Creasy. The Mirror extends to them hearty congratulations.

Leland McCredy of Bickleton, Wash. cousin of Mrs. Breeding and Mrs. Hendrick visited at the Hendrick home for several days last week.

Mr. and Mrs. Macomber were Boardman visitors over Sunday. Mrs. De-weese and children went with them to Arlington to spend the week.

Mrs. Carrie Gaines and daughter Mrs. Hazel who have been visiting at the E. Garrett home left this week for their home in Portland.

Earl Cramer and Uncle Hank arrived in Boardman Wednesday evening for a few days visit. Uncle Hank is very much improved in health.

Claud Myers left Friday to visit his parents at Kalama. His mother is 82 years old and his father 85. Mr. Tubbs is doing the chores during Mr. Myers absence.

Mr. and Mrs. Harry Warren and son, Clay, left Sunday for Portland to be present for "Buyers Week". Ethel Broyles is assisting in the store.

Mayor and Mrs. G. S. Wright of McMinnville, called at the Hendrick home on their way home from Yellowstone Park. Mr. and Mrs. Wright are friends of Mrs. Hendrick.

The J. F. Healey's drove home in a new Ford last Tuesday a gift, from Mr. Healey's father, Mr. Saldern of Portland. Doris who stopped in Arlington to visit returned home Sunday the Healey's driving down for her.

Rabbit Poisoning Meeting

There will be a meeting at H. H. Weston's place next Tuesday afternoon at 1:30 to discuss ways and means and best methods of killing the innumerable rabbits on the project. Everyone is urged to attend. Roy Fugate of the Biological Survey will be present to give expert advice.

Mr. and Mrs. Renny Mulkey of McMinnville, visited Friday at the Hendrick homes on their way to Yellowstone Park. Mr. and Mrs. Mulke are friends of the Hendricks.

Lauren Cumins came Tuesday for short visit with his parents. He is employed on the highway near Adams. He took advantage of the rain there to make a short stay home.

Mrs. L. O. Dart left Saturday for Portland where she will visit her niece, Mrs. Chas. Goodwin, before returning to her home in Seattle. She visited a week with her sister, Mrs. O. H. Warner.

Saturday Paul Smith and Mr. Rands moved the building on which the cheese factory was located down to Andre's where it will be used for the same purpose. Mr. Andre has about 5 cows and plans to make cheese.

What the world needs is a shortage of long faces.

Mah-jongg is to be taxed, but Pa Jongg will pay it.

If war can be stopped by resolutions it is already dead.

It begins to seem like a quiet summer for King Tut.

It isn't happiness that runs up expenses, it's the pursuit.

Mars has been selling the world a gold brick for centuries.

That school girl complexion and boyish clothes. Do they blend?

Some day munition makers may be boasting about the output of plow shares.

A dromedary can travel 600 miles in five days. That is where it gets its hump.

Oh, well, when they weren't bobbing their hair they were bobbing their skirts.

Plant a tree, but it will never amount to anything if you sit around to watch it grow.

Now we have the "air pullman." The record for altitude before that was an upper berth.

"To Move Grade Crossing," says a headline. While going to that trouble why not abolish it?

An old-timer is one who can remember when the first sign of spring was sulphur and molasses.

Another moral of the times: It takes less effort to fight a war than to recover from one.

The cheaper egg is here, but the restaurants do not seem to be able to make a sandwich of it.

It is said there are 333 causes for divorce in this country. Exclusive, too, of delicatessen meals.

Scotland has ruled England so long and so effectively that it feels competent to exercise home rule.

Many a family budget has fallen down because it provided for only one of them getting a hair cut.

In these days a college boy pays as much for one dance as his grandfather paid for a month's board.

The Arab lives largely on dates, which explains why they call a certain alleged species of genus homo a sheik.

A boy has made a radio set from a peanut. It no doubt reproduces political speeches with pitiless accuracy.

Probably there are no new crimes to be discovered. Anyway, the need is for a strong revival of some good old virtues.

The small boys may not be getting their three R's, but they seem to know a lot about radio, rasting and rhapsody.

Mah-jongg is said to be "the game of a hundred intelligences." They could have been more usefully employed.

There has been nothing to report from King Tut's tomb of late except that Tut is just as dead as ever and a little more so.

"Scientist discovers quartz that causes light to turn corners"—dispatch. But, after a few quartz, will it turn them safely?

The number of marks in Germany would have made little difference if the supply of marks in the United States had only kept up.

Anyway, these radiolite stockings being featured in a Parisian style show ought to make a big impression on near-sighted mosquitoes.

The federal tax on carbonic acid gas has been repealed, which may help some of the campaign stump speakers to blow harder at no cost.

The tobacco habit is said to be waning among women in France. If the girls are to leave off anything more, it might as well be cigarettes.

Counting the number of cars in which you sat at the auto show is almost as interesting as seeing how many stations you can hear over your radio.

Dr. Sun Yat Sen's career should be earnestly considered by all of those who think they can make a new government merely by writing a constitution.

It has been discovered that to create a frown one must work four times as many muscles as to make a smile. So take the course that is easier on the face.

British airplanes are now being equipped with comfortable sleeping berths, but the pilots are not expected to occupy them for very long at a time.

The old-time hard customer who was fond of announcing he intended to die with his boots on never knew how easy traffic was going to make the process.

IRRIGON NEWS ITEMS

Miss Bell Vaughn of Seattle has been the guest of Mr. and Mrs. Vane Jones for a week or ten days.

The rabbit poison campaign has gone on merrily every Sunday. Many districts are about cleaned out of the pests again since the use of cut alfalfa was started about four weeks ago.

Irrigon has been too busy a place lately with the melons to have any write-ups of the news. Carload movements as well as trucking and express shipments have been heavy every day but it looks like the bulk has been handled and shipments will be lighter from now on.

Dr. H. H. Green, assistant state veterinarian, has made a couple of trips to Irrigon during the past two weeks and given a number of horses an antitoxin for walking disease as they believe this has been the trouble among some of the horses in the Benefiel and Chaney district. None of the horses treated has shown any bad affects nor has any of them taken the disease as yet and it is hoped the treatment will act as a preventative. It is believed by some that poor musty hay is probably the foundation or cause of this sickness.

J. L. Bullard's house burned down about a week ago about 8 o'clock one evening. Mr. Bullard was across the road with some neighbors and had been gone nearly two hours when suddenly the flames burst out and destroyed the house and contents in a few minutes. The only thing saved was a Winchester shot gun which happened to be near a window and was yanked out without having to go into the burning building.

Why

We

Sell

Kelly-Springfield

Tires

Kelly-Springfields are among the oldest and best known tires on the market.

They have always had a reputation for giving exceptional mileage and remarkable service.

The Kelly tires of today are the finest that Kelly has ever built.

They are stronger, sturdier, will stand more punishment and give more mileage than the tires upon which Kelly reputation was built.

They used to be a little higher priced than other tires, but now reduced prices are in effect, on account of larger factory facilities and hence the costs no more than other tires which have never borne the Kelly reputation.

We sell Kelly-Springfield tires because we believe they will give our customers the most mileage and the best service at lowest cost.

If you will come in and refer to this advertisement, we will make you a discount to introduce the Kelly tires.
