BOARDMAN LOCALS

Jack Gorham was a Heppner caller Sunday.

Harry Warren and wife motored to Portland Wednesday.

W. A. Murchie and wife and Claude Ballenger drove to Eugene Monday on business.

Mrs. W. A. Price and son, Billy, to Walla Walla last week for a visit with her parents.

Dorothy Boardman leaves Saturday for Salem where she will recent years work.

Clay Warren was a Portland visitor a few days last week returned last Sunday.

Frances Blayden and Ethel Broyles left Saturday for Portland where they plan to work.

Rev. and Mrs. E. E. Cox of New Plymouth, Ida., stopped Wednesday and took dinner with C. J. Blayden.

The McDaniels, Alex Warrens and Brices returned last week from their hunting trip to the mountains.

Next week is the Pendleton Round Up and everybody, of course, will be there. Here's hoping the weather will be good like this week, so we say, "Let 'er Buck."

Dr. H. C. Curry, the Seattle Eye-sight Specialist who has made professional visits to Boardman for many years, will be here again soon. Watch this column for date.

The three Imus girls, Esther, Ina and Blanche have returned to Boardman for the school term. They have rooms at Gorhams again this year for a short time when their parents plan to move in for the year from their wheat ranch.

Mr. and Mrs. Wm. Leathers of Hermiston called at the Jack Gorham home Sunday on their way home, as did Mr. and Mrs. Whittaker of Pendleton. The same day Wm. Fritz and wife of Woodinville, Wash., visited the Gorhams.

Mrs. Ernest Brown and four children came to Boardman last Friday after a long absence. She has been at Watauga since June but returned to put the children in school. Her sister-in-law, Mrs. Casebolt, and children came with her for a short visit.

Sept. 28 is "Rally Day" at the Sunday school and it is especially asked that everyone who has ever gone to Sunday school here and as many as possible to be present that day and make it a real "Rally Day." There will be a short program given at the Sunday school hour and every one is asked to keep this date in mind and be present at this time. Needless to say you are welcome any Sunday and every Sunday at the services.

Sunday night a show was given in Boardman which brot-out quite a crowd (a far greater number than attend church services). It was called Jungle Land and was quite interesting. A miscellaneous collection of animals, reptiles and one member of the Simian tribe called Hank which gave boys and men old enough to know better an opportunity to tease, poke sticks at and abuse. The head man of the show who gave the show and lecture said: "Have a rope tied around your neck and five or six boys poking sticks at you if you want to know how Hank feels," but the fact that the monkey was tied up and thus helpless gave the young men an chance to tease and annoy the poor monkey without any danger of being scratched or hurt.

Snakes of various kinds, ferret, muskrat, pigeons, white mice, etc., composed his collection. It was an evening well spent.

School has started for another year with all teachers present and a large enrollment. Prof. J. O. Russell, formerly of Waseo, is superintendent. Mrs. Crowder has returned to the delight of all the high school students. She spent her vacation at her home in Hermiston. Mrs. Jennie Degendorffer came Monday from Kellogg, Idaho, where she has been all summer with her recently acquired husband, she having been married in February. In Spokane Mr. Griggs spent part of his vacation at Seattle attending the U. of W. He has returned wearing the beginnings of a new facial description which is causing much interest. Mrs. Joyce Willis of Tillamook is the new 7th and 8th grade teacher and is well liked already. At present she is boarding at the Blayden home but will take housekeeping rooms at the Gorhams shortly. Miss Louise Sears came Sunday in her Ford coupe from her home at McCoy. She attended summer school at Monmouth and Corvallis and also had a pleasant trip to Missouri the early part of the summer. She and Mrs. Degendorffer are at the cottage. Miss Alice Aldrich of Portland is also new. She has the 3rd and 4th grades. Is good in music, dramatics and art, so will be a great asset to the community. Miss Barbara Hixon of Portland was here last year and is known and loved by all. Her little folks think her perfection plus and she has started the year with 15 beginners who begin their first venture in the school world under very capable hands. Misses Hixon and Aldrich and Mrs. Crowder are all making their home with the Ballengers this year. We have every prospect of a good school and hope for the support and cooperation of every patron of the school with the splendid corps of teachers we now have.

Mrs. W. O. King and Mrs. Glen Hadley were joint hosts sees last week for Ladies Aid and this was the first meeting since June. A large number of ladies were present and much business was transacted and plans for the winter made. A play is to be given shortly by the Aid, which Mrs. J. O. Russell has very kindly consented to direct. She has had much experience in this line and a good play is anticipated. Home talent plays are always well received in Boardman and always play to a full house. The play selected is "Miss Molly," a farce with laughs from start to finish. This will be given the latter part of September or early in October.

Plans for the bazaar were also made and it was decided to make some stuffed animals at the next Aid meeting which will be held Sept. 17 at the Adolph Skoubo home in the east end where Mrs. Skoubo will be hostess on her spacious lawn. Mrs. J. Allen presided at the meeting and at the close of the business session a bounteous luncheon was served by the hostess.

The growth of the new building of the Pacific International Livestock Exposition has been akin to magic. The spirit of the live stock industry materialized and waved its wand, uttered the cabalistic words needed, and presto! it was there, larger and more adequate than ever. The whole immense building is enclosed and looks huge, like some gigantic bird which spreads its wings about to cover its children, the most valuable brood ever gathered together. It is surprising how many improvements have been made over the old building. The boys and the girls' club department is new, and will occupy a space 50x100 feet, south of the beef cattle department. The arena is 34 feet longer than before, and the horse department is almost double the size of the old one. The poultry department is greatly enlarged, and the interiors are without exception improved in some particular.

Foul brood is the Oregon bee's worst enemy, says H. S. Sculley, commercial bee keeper and bee specialist at the state's college, and good growers keep a sharp lookout for the first symptoms. Any diseased colony is taken care of at once to prevent spread of the ailment.

Beardman School Notes  
The Beardman Community schools have opened and the first week of regular work has been done. The several grade teachers have each taken hold of their respective duties with a fine spirit. In the high school department, Supt. J. O. Russell was greeted on the first Monday morning by 38 young men and women. This is the largest High School enrollment in the history of the Beardman High school. The pupils are divided as follows: 16 in the Freshman class; 11 in the Sophomore class; four in the Junior class, and seven in the Senior class.

The registration and lesson assignments were accomplished on the opening day. Consequently, the High School department was at regular work on the second morning of school. The new supply of textbooks arrived on Tuesday so that there was no inconvenience due to a shortage of books in any of the classes except the Home Economics class.

The High School held its first assembly on Wednesday afternoon at 3:15. Songs were sung with Miss Rachel Johnson presiding at the piano. After the songs President James Howell took the chair, and Miss Mildred Duncan acted as secretary and the student body was called to order in due form. The principal order of business was a motion to engage in football. This motion was followed by motions to join the State Athletic association and to authorize the athletic manager to purchase the needed football material for the coming contests.

Artificial support for branches overloaded with fruit becomes pressing just before the crop colors up, with the starches largely turning to sugar as the fruit matures. Most Oregon trees that have been rightly pruned from the start get along all right without tying or bracing, as it is considered by growers and experiment station specialists a good practice now to allow the upright limbs to bend down with their fruit and thus spread the tree. Mats of 2-inch square pieces, one end on the ground, a few feet higher than the tree with ropes tied to the branches needing support, are used and recommended by the experiment station, tho rather expensive in some districts.

Eye Specialist Coming

Dr. Clarke of the Clarke-Stram Optical Co., 112½ Sixth street, Portland, will be in Irrigon from 9 A. M. until 2 P. M. Headquarters at Mrs. Graybeal's Friday Sept. 19th. In Boardman afternoon and evening of same day. Headquarters at the Highway Inn.

## IRRIGON NEWS ITEMS

Mr. and Mrs. Earl Rand and Mr. and Mrs. Ralph Walpole spent a few days with their folks in Irrigon the first of the week.

C. C. Barker has purchased a bill of lumber from the Tom A Linn Lumber company and is building a house on his place, George Rand and son Battie have shipped in a car of building material and will start building this week.

Mrs. Rebbecca Knight and children have returned from their vacation in California and report a fine time.

The painters are polishing up the depot this week inside and out.

The watermelon season is nearing the end but cantaloupes are still coming on pretty heavy and quality has not been affected by the cool nights. In fact, grade better if anything but prices are down. Manager Seaman reports having passed into the four figures in invoice numbers Monday. Last year total invoices numbered 259.

W. R. Walpole has his big radio set installed and reports it working fine. Gordon Holmes of Paterson, Wash. was an Irrigon visitor Tuesday.

Garland Jeude and Mr. Singleton, of the Union Pacific Interline forwarding freight desks, Portland, were the guests of Mr. and Mrs. Lytle Seaman Sunday. They filled up with melons and took home a load.

## I Sell Insurance

J. C. Ballenger  
Boardman - Oregon

Kelly-Springfield tires are among the oldest and best known tires on the market.

They have always had a reputation for giving exceptional mileage and remarkable service.

The Kelly tires of today are the finest that Kelly has ever built. They are stronger, sturdier, will stand more punishment, and give more mileage than the tires upon which Kelly reputation was built.

They used to be a little higher priced than other tires, but now reduced prices are in effect, on account of larger factory facilities and hence the costs no more than other tires which have never borne the Kelly reputation.

We sell Kelly-Springfield tires because we believe they will give our customers the most mileage and the best service at lowest cost.

If you will come in and refer to this advertisement, we will make you a discount to introduce the Kelly tires.
