Why We Sell Kelly-Springfield Tires

Kelly-Springfields are among the oldest and best known tires on the market.

They have always had a reputation for giving exceptional mileage and remarkable service.

The Kelly tires of today are the finest that Kelly has ever built. They are stronger, sturdier, will stand more punishment and give more mileage than the tires upon which Kelly reputation was built.

They used to be a little higher priced than other tires, but now reduced prices are in effect, on account of larger factory facilities, and hence the costs no more than other tires which have never borne the Kelly reputation.

We sell Kelly-Springfield tires because we believe they will give our customers the most mileage and the best service at lowest cost.

If you will come in and refer to this advertisement, we will make you a discount to introduce the Kelly tires.

Seaman's Garage  
IRRIGON - OREGON

HERB GREEN  
Watchmaker and Jeweler

Diamonds, Watches, Clocks, Silverware  
Time Inspector O-W. R. R. & N. Co.  
726 Main St. PENDLETON, ORE.

Royal Bands returned from Pendleton Tuesday where he has worked for some time. He will have charge of the maintenance work on this section of the Highway.

Carl Ayres, Howard Packard, Elmo Russell and Deibert Johnson all rode to Hepner Friday evening on horseback to attend the rodeo.

All had a good time and enjoyed the trip.

On Tuesday Mrs. John Jenkins entertained at dinner in honor of her mother, Mrs. Curtis, the Mesdames Spagel, Packard, Cummins, and Nizer. Mrs. Curtis is leaving Friday to visit her daughter at Kellogg, Ida.

Mrs. Ray Lamoreaux and children of Irrigon visited this week at the Fred Graham home. Grahams plan to move this week to LaGrande where he will work on the Highway.

Mrs. E. T. Messenger planned a very pleasant surprise for her sister Mrs. M. K. Fickinger last Friday in honor of her birthday at the latter's home in the East End. Guests who enjoyed, the occasion were, in addition to the hostess and honor guest, Mesdames Ray, Brown, Glen Brown, Tom Miller, Calkins, Garrett, Richardson, Mrs. J. T. and Mrs. M. A. Healey, of Portland. Mrs. Lee Mead and Mrs. Dan Ransier.

## IRRIGON NEWS ITEMS

Alvin Strader spent several days in Irrigon the first of the week and returned to Camas Wednesday morning.

Chas. Powell has been appointed foreman for the highway in this district and it is reported he will have charge of the work of putting in the filler here this winter.

Mr. and Mrs. Jones from Umatilla have rented the front rooms from Lyle Seaman and moved in this week.

N. Seaman and son have purchased a 110 volt 1500 watt Kohler automatic current electric light and power plant and expect to have it on the grounds in ten days and installed some time during the month. They will have surplus light and power to sell over and above the needs of the garage business.

J. E. McCoy and J. A. Graybeal have dug their sweet potato crop this week and are selling them to local people and stores at Umatilla at premium prices on account of choice products. They have positively proven this crop is profitable in this district for two or three years in succession now and expect to plant considerable more next season. These are the Yum variety.

J. E. McCoy is on the sick list this week and a relief man was sent to work in his place to maintain the signals in his absence.

Mr. and Mrs. Chas. Markham have moved from the Boering house to Joe Dalton's house on account of more room and satisfactory quarters for the winter.

The road work on the River View Boulevard will begin in about ten days. It is expected that the entire distance from town town link to ferry road will be fully covered with good gravel this fall. This road has been the most difficult for the school buses for two seasons now and when done will be great relief to the bus drivers.

The Farm Bureau held its first dance of the season Saturday evening. It was a big success and everybody reports having a good time.

Mr. Otto, Mrs. Watkins and the ladies of the farm bureau provided for the big feed. The proceeds of the occasion will be spent in fixing up the cemetery.

N. Seaman & Son have seeded 12 acres into winter vetch this fall to be turned under in spring for fertilizer for melon acreage. This is the first extensive experiment here with winter vetch for this purpose.

Protection against winter infection of loganberry canes with leaf anthracnose, bud blight, and cane die back may be afforded to a considerable extent by spraying the canes at this time of year with bordeaux mixture. The canes should be covered from base to tip, say the experiment station specialists.

Wheat growers are advised by the experiment station to use the standard copper carbonate for wheat smut rather than the various mercury dust compounds being put on the market by commercial concerns. Careful experiments just completed at the station indicate that the latter are far more expensive to use and only partially effective in smut control. High test copper carbonate should always be used.

A permanent wound dressing for fruit trees may be made by mixing dry bordeaux mixture with raw linseed oil. It is harmless and effective.

Milk not only contains Vitamins, but the other elements of a balanced food ration. It is near a perfect food as it comes from the cow, as nature ever made.

It is the sacred right of your children to be as healthy as knowledge can make them.

The Upper Columbia Athletic League held its annual meeting at Arlington on last Saturday. The principal business was the election of the officers for the ensuing year and the several schedules for the major sports, football, basketball, baseball and track meet.

Superintendent J. O. Russell, of the Boardman schools, was elected president for the third consecutive time. It was thru the special efforts of Mr. Russell that the League was definitely formed and the heads of the twelve schools in the league have honored him for the very active part he has taken in the high school athletics by electing him to the position as president. J. Clifton Tucker of Ione was chosen secretary, and E. R. Curfman of Fossil, treasurer for this year.

The following schools had their Superintendent or principal present at the meeting: Wasco, Grass Valley from Sherman county; Fossil from Wheeler county; Condon and Arlington from Gilliam county; Ione, Harlan, Lexington, Boardman and Hepner from Morrow county; Moro and Shaniko were the only two schools in the league last year that did not have representatives present to the meeting Saturday.

A complete football schedule was made and adopted by the schools in session. Boardman will play Lexington on her own field this coming Saturday. While Lexington is considered one of the strongest teams in the league this year, Boardman will make them work for what they will be able to score. The following is the line up including the substitutes:

- Ed McClellan, Center.
- Earl Olson, Fullback.
- Roy Dempsey, Quarterback.
- Art Bailey, Right Half.
- Carl Ayers, Left Half.
- Elmo Russell, Left End.
- Eldon Wilson, Right End.
- Howard Packard, Right Tackle.
- Weldon Ayers, Left Tackle.
- Deibert Johnson, Right Guard.
- Jim Howell, Left Guard.
- Percy Bleakman, Sub.
- Fritz Gilbreth, Sub.

The high school girls with the help of Miss Aldrich are preparing to put on a play on November 14. The name of it is "The Feast of the Red Corn." The whole is a musical programme requiring about 1 1/2 hours. The costuming will be quite elaborate and no doubt a big crowd will wish to witness the event.

## DAWES PLAN GIVES PROMISE FOR FUTURE

Portland, Or.—(Special.)—That Europe today is facing away from chaos, with readjustment of its economic status well in hand, and a foreign market for America's foodstuffs, and other commodities opening and bringing better prices right along is due in large measure to the statesmanship of Charles G. Dawes, republican candidate for vice-president, according to the republican state central committee, today.

President Coolidge said nothing of more importance to Europe has happened since the armistice, while Dawes modestly ascribes credit for bringing about acceptance of the Dawes plan to Secretary Hughes and others of the administration. Mr. Dawes said:

"The United States will be saved from the depths of an inevitable and great depression in industry and agriculture which the continued chaos and misery of Europe would entail. Indeed the whole world enters upon a period of peace and prosperity."

American interests abroad, as at home, will be in safe hands with Coolidge and Dawes at the head of national affairs. The utmost of prosperity for our people, through participation in trade with a Europe restored from the ravages of a world war, will be assured and the promise of a period of great prosperity ahead for the farmer and producer will become reality.

## To The American People

From time to time, as The Youth's Companion Historic Milestone Covers have appeared, the Publishers have dedicated them, each to the particular state with which the subject of the cover was most closely associated.

But now and then there has been a subject of such general interest—Washington's Inauguration, for example—that the only fitting thing to do was to dedicate it, not to a single state, but to the Nation. Such a Milestone Cover is to appear upon the issue of October 9.

Franklin at the Court of Louis xvi was painted expressly for The Companion by Andre Castaigne, dean of the world's illustrators. The text that accompanies the unusually important picture reads as follows:

—Franklin in France, wearing his plain homespun suit with quiet dignity in the presence of an elegant and luxuriant Court, is more than a figure in diplomatic history; he is the embodiment of a great national ideal that wisdom, integrity and self-respect shall stand unshaken even in the presence of kings.

Since both the interest of the subject and the political faith that the painting so strikingly expresses are not local or sectional, but belong alike to the whole Nation, the Publishers of The Companion have most happily dedicated this outstanding Milestone Cover to the American people.

## FIRST AND SECOND GRADES

Have you seen our sand table? We have worked so hard, building our scene of the "cliff-dwellers." We have a stone and mud house, built high on a rock cliff, a forest with deer and Indian hunters, and Indian women dressed in clothes of animal skins, working with corn, on stone tables. We are especially proud of it because each one of us helped in the construction of it.

Our first grade is a large one, with eighteen boys and girls and with our ten second graders, we have twenty eight in our room. It is our fourth week of school and Ellabel, Alan, Birdie, Helen, Mary, Betty, Audrey, Frances, Lois, Vivian, Stanley and Richard Root, still have their big 100 in department.

Mr. Jones, an advertiser, for the Curtis Publishing company, was here last week. He organized the high school into three teams and the one which secured the largest number of subscriptions is to come as guests to a party given by the other two teams. The leader of the teams are as follows: Katherine Brown, sales manager; Elmo Russell, manager of "Barney Google" team; Marie Messenger manager of "Sassy Susie" team; Norman Bailey, manager of "Spark Plug" team. In all 27 subscriptions were secured. Miss Messenger's team won the contest, and her team will be entertained soon.

Mr. Griegs, the football coach, secured money for the Boardman high school to the big game between O. A. C. and Whitman, which was played at Pendleton October 3. The boys expect to get a few pointers and thus be in a better position to beat Lexington Saturday.

The children in grades 5, 6, 7 and 8 meet in the grammar grade room twice each week to sing. Miss Alice Aldrich is the leader. Special song books have been secured to accommodate the older grade children.

The high school boys have been working on a new football field down by the baseball grounds. It is now nearly completed and it will be used for the first game next Saturday when we will play Lexington.

If properly mixed, homemade bordeaux spray is superior to the commercially prepared product, declares H. P. Bars, plant pathologist at the Oregon Experiment Station. The ready mixed material is inferior for a winter spray especially as it does not adhere so readily as that prepared on the farm. Where the constituents are sold in separate packages by commercial concerns a good product may be prepared from them conveniently. Full directions for mixing bordeaux may be obtained free by writing to the experiment station at Corvallis.

It is unnecessary to use more than two of copper carbonate to the bushel in treating wheat for smut by the dust method. Experiments just completed by the experiment station prove that the use of larger amounts is not only a waste but an inconvenience to the user.

—COMING TO—  
PENDLETON

Dr. Mellenthin  
Specialist

In Internal Medicine for the past twelve years

DOES NOT OPERATE

Will be at

DORION HOTEL, SUNDAY, OCT. 12

Office hours: 10 a.m. to 4 p.m.

—ONE DAY ONLY—

No Charge for Consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of Oregon. He does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

Below are the names of a few of his many satisfied patients in Oregon:

Mrs. J. M. Bowers, Toledo, gall stones and bowel trouble.  
John J. Westfall, Ironside, ulcers of the stomach.  
Barney Dionne, Bandon, lung and bronchial trouble.

Mrs. Nick Oja, Gold Beach, gall stones.  
Mrs. T. H. Martin, Moro, high blood pressure.  
John Ballod, Jacksonville, kidney trouble and rheumatism.

A. E. Campbell, Albany, appendicitis.  
Harry Sibley, St. Helens, heart trouble.

Remember above date, that consultation on this trip will be free and that his treatment is different. Married women must be accompanied by their husbands.

Address: 211 Bradbury Bldg., Los Angeles, California.
