State Ticket Essential To End Pierce Regime of Ruin

In regard to the state ticket there is more than partisanship or sectional interests involved. It is our opinion that the greatest calamity that has ever befallen the state of Oregon is the Pierce administration. In the name of the people this demagogue is striving to build a political ring that thirsts for power, privilege and extravagance. The Democratic state ticket is composed largely of Pierce supporters and their election would give Pierce a dictatorial control of the various boards governing the business of the state. If Oregon is to escape another two years of demagogery in the name of Democracy Pierce must be put in a place where he is forced to listen to reason instead of bemoaning the public.

Therefore we urge the election of Thos. B. Kay for State Treasurer, Sam A. Koser for Secretary of State, I. H. VonWinkle for Attorney-General, H. H. Corey for Public Service Commissioner.

A few months ago a farmer we know sold off all his chickens because they were not worth feeding, and now \$1.00 per dozen eggs are in sight. In the past few years sheep, dairy cows, potatoes, apples, wheat and many other products have hit bottom and producers with panicky nerves have sold out only to regret their foolishness a little while later. There are two proverbs that perhaps have a bearing, "Drop a hot platter before it burns" and on the other hand "Eat your porridge before it cools."

Rain! Rain! and in a country where Noah's promise was almost forgotten they are praying that Old Jupiter do his darndest and drown 'em out if he can. Carry on and rain some more.
