THE ELECTORAL COLLEGE

Total Electoral Votes, 631; 266 Votes Necessary to Win.

Table listing states and electoral votes for Coolidge and Davis.

Table listing states and electoral votes for La Follette and Doubtful.

MID-WEST REJECTS THE THIRD PARTY

Chicago.—The middle west has not given Senator La Follette the big vote that pre-election forecasts indicated he would receive.

Even in Wisconsin, the senator's home state, early returns were disappointing. It appeared that he would have a good lead over Davis throughout the state, but in many precincts he was barely nosing out President Coolidge.

It was much the same in South Dakota, although early returns from that state indicated that the president would hold first place when the final vote is counted.

In Chicago it was Coolidge, Davis and La Follette, on early returns and reports from downstate indicated that the president would hold first place in most of the counties and that Davis would hold second place, with La Follette trailing.

EASY VICTORY IN IDAHO

President Coolidge and Senator Borah Sweep the State.

Boise, Idaho.—President Coolidge's national victory is clearly reflected in the partial and complete returns received from various parts of Idaho. These indicate that the nation's chief will win this state's four electoral votes; that United States Senator Borah has been re-elected to the sen-

ate by a handsome plurality over his democratic opponent, General Frank Martin, and that while the race for governor between Governor Moore republican, and H. F. Santuels, progressive, will be close, Moore will likely be re-elected together with the balance of the state ticket. A. L. Freehafer, democratic candidate for governor, seems to be a poor third.

Davis Carries State of Tennessee. Memphis, Tenn.—Returns in Tennessee gave John W. Davis 59,800 votes, President Coolidge 40,031 and Senator La Follette 1850.

Coolidge Wins in Davis' Home Town. Locust Valley, N. Y.—Locust Valley the home of John W. Davis, went republican by 3 to 1 on the face of the returns.

Coolidge Montana Lead Small. Helena, Mont.—President Coolidge was leading Senator La Follette 21,811 to 17,001 with returns incomplete.

Coolidge Leads in Kansas. Topeka, Kan.—Kansas gave President Coolidge a heavy plurality in Tuesday's election.

WASHINGTON STATE FAVORS COOLIDGE

Returns Show Hartley Leads His Opponents in the Race For Governor.

Seattle, Wash.—Washington cast what is estimated to be the heaviest vote in its history, when it gave its seven electoral votes to Coolidge and Dawes, and gave dominating leads to every other republican candidate, except in one congressional district. With a registration of approximately 600,000, it is believed by political leaders that between 450,000 and 500,000 votes were cast.

For president, incomplete returns gave: Coolidge 178,033, Davis 35,443, La Follette 119,536, Nations 1067, Johns 257 and Foster 195.

Roland H. Hartley, republican candidate for governor, had even a greater lead over his nearest opponent, Ben F. Hill, democrat. Returns incomplete gave Hartley 136,097, Hill 75,737 and Omen, farmer-labor candidate, 20,361.

Representative John F. Miller, republican, has been re-elected from the first congressional district, which includes Seattle and Kitsap county, over David J. Williams, democrat. Representative Lindley H. Hadley, republican, was leading Lloyd Black, democrat, in the second congressional district; Representative Albert Johnson, republican, was expected to be re-elected without much opposition in the third district, while Representative John W. Summers, republican, had a comfortable lead over H. C. Bohike, democrat, in the fourth district.

In the fifth district, however, the fight was very close between J. Edward Ferguson, republican, and Representative Samuel B. Hill.

ROLAND H. HARTLEY Successful Republican Candidate for Governor of Washington.

A feature of the election was the disapproval of all initiative and referendum measures submitted to the voters.

On the face of returns the so-called Bone bill, which would permit municipalities to sell power outside their corporate limits, has been defeated. Likewise, initiative measure number 49, which would compel parents to send their children to public instead of private schools, is losing. The 40-mill tax bill limiting the tax levy, is also behind.

W. D. Askren, of Tacoma, had a lead of 2 to 1 over W. H. Pemberton for the state supreme court.

BROOKHART MAY LOSE SEAT

Iowa Gives President Large Majority Over La Follette.

Des Moines, Ia.—The official canvass of ballots cast in Tuesday's election in Iowa may be required to decide the contest between United States Senator Smith W. Brookhart and Daniel F. Steck, republican and democratic candidates, respectively, for the senate.

Steck's approach to victory was probably as much a surprise to the candidate, the democrats and republicans of Iowa as it was to politicians throughout the country. The close race was emphasized by a comparison of virtually complete county totals in which it was disclosed Senator Brookhart had carried 56 counties and 34 had gone to Steck.

Returns on the presidential contest gave Coolidge 506,042, Davis 162,864, and La Follette 253,489.

Wyoming Elects a Woman Governor. Cheyenne, Wyo.—Mrs. Nellie T. Ross has been elected to the governorship of Wyoming by a majority of 6000 votes over her republican opponent, according to incomplete returns.

Baker Re-elected Mayor of Portland. Portland, Or.—George L. Baker was elected mayor for his third term by a plurality of approximately 15,000.

REPUBLICANS WILL CONTROL CONGRESS

Organization of Both Houses Seems Assured on Face of Returns.

Chicago.—Sweeping republican victories have placed the Coolidge administration within striking distance of actual control of the next congress.

Absolute control of the house by the regular republicans seems assured. Organization of both houses by the republicans is a certainty unless the radicals of the majority party in the senate kick over the traces on committee assignments.

The early returns pointed to the election of at least two and possibly as many as six farmer-labor house candidates in Minnesota.

Representative Berger, socialist, Wisconsin, the only member of his party in the present house, was re-elected.

The returns gave the republicans the best of it in the upsets in both the house and senate. But it appeared that final reports from all districts would be necessary before there could be a determination whether President Coolidge could expect a real working majority in the next congress.

Returns from 399 of the 435 congressional districts gave the republicans an actual majority—218, but in this total are included nearly a score of the La Follette insurgents.

The democrats, meantime, had made certain of 170 seats and the farmer-labor party of two.

On the basis of these returns the republicans had made a net gain of 16 over the democrats, recapturing 20 seats as against four now held by republicans which were moved over into the democratic columns.

At adjournment last June the house lineup was, republicans 225, democrats 207 and three scattered.

The democrats had elected 11 senators, while 17 republicans had been chosen or had such leads as to make their election practically certain. In the six remaining contests, all in western states where returns still were coming in slowly, the results were uncertain.

Many of the recognized leaders of the house were re-elected without much difficulty. Speaker Gillett was out of the house race as a result of his senate candidacy, but Representative Longworth, republican, Ohio, the majority leader in the house, was re-elected, as was Representative Garrett, democrat, Tennessee, the minority leader.

"MA" FERGUSON LEADS IN TEXAS

Fort Worth, Texas.—John W. Davis is sweeping Texas, as was expected, and Mrs. Miriam A. (Ma) Ferguson, democratic nominee for governor, appears to have been elected by a safe margin over her republican opponent, Dr. George C. Butts, returns show.

Davis is making a runaway race of it, with Coolidge a poor second and La Follette's showing negligible. Butts in the race for governor, however, is giving the woman candidate a closer contest than any other democratic gubernatorial candidate ever experienced in Texas, it appearing that he will carry a number of the heavily populated counties.

SMITH AHEAD IN NEW YORK

The New York Governor Defeats Theodore Roosevelt.

New York.—New York state gave its electoral vote to Coolidge and Dawes, but re-elected its democratic governor, Alfred E. Smith, it was agreed in the camps of the two leading political parties. The republican national ticket swept the state with a vote that was almost double that for Davis and Bryan.

Governor Smith rolled up a vote in New York city that offset the early margin that Theodore Roosevelt had upstate and gave him a lead of approximately 114,000.

Coolidge Leads in North Dakota.

Fargo, N. D.—President Coolidge held a lead of more than 2 to 1 over Senator La Follette as the early returns came in. The returns, however, were largely from avowed Coolidge strongholds in the eastern part of the state.

Republicans Win in Nebraska.

Omaha, Neb.—The republicans made almost a clean sweep of Nebraska's general election. Not only did they carry the state for President Coolidge by an overwhelming plurality but they re-elected Senator George W. Norris.

Coolidge's Majority Beats Harding's. Boston.—Running far ahead of Harding's vote in 1920, President Coolidge appears to have carried Massachusetts by an overwhelming majority.

COOLIDGE IN THE LEAD IN OREGON

McNary Is Re-elected United States Senator By a Large Majority.

Portland, Or.—Calvin Coolidge carried Oregon by an unprecedented plurality. In the counties outside of Multnomah it is estimated that that part of the state will give him conservatively from 50,000 to 60,000 plurality, while Multnomah county alone will give him a plurality around 30,000 as a probable minimum.

The second place, if present ratios continue, will go to John W. Davis, the democratic candidate, by a small lead over La Follette.

In Multnomah county La Follette will lead Davis by somewhere between

CHARLES L. McNARY Re-elected United States Senator from the State of Oregon.

5000 and 6000 votes, but in the counties outside of Multnomah Davis will lead La Follette, it is indicated by present returns, by between 6000 and 7000. A different trend in rural voting not yet disclosed by the returns may, however, alter the relative positions on second place. For that dubious honor it is a close contest.

Charles L. McNary has defeated Milton A. Miller for the United States senate by a great majority, and Oregon will send to the lower house of congress a solid republican delegation. W. C. Hawley in the first district, N. J. Sinnott in the second and M. E. Crumpacker in the first have all been elected by large majorities.

The republican candidates for secretary of state and attorney-general, Sam A. Koser and I. H. Van Winkle, both have big leads over their democratic opponents.

Other republican candidates for state office fared similarly in the republican landslide. One democrat-progressive, however, has apparently been elected, in the person of O. P. Coshow, to the supreme bench.

Oregon voters erased the state income tax law from the statute books, it is indicated by the returns.

The state at large, outside of Multnomah county, however, voted to retain the tax. It was not thought likely that the country vote could overcome the strong majority in Multnomah county for repeal of the tax.

At the same time the state electorate, by decisive action, apparently turned down the referendum proposal to make unlawful the manufacture and sale of oleomargarine and butter substitutes.

The proposed amendment to the workmen's compensation act likewise was "snowed under" at the polls.

CALIFORNIA FOR COOLIDGE

Coolidge Gets 250,000 Votes More Than La Follette.

San Francisco.—More than a quarter of a million California votes separated President Coolidge from his nearest competitor, Robert M. La Follette, when the tabulation was completed of Tuesday's election returns. All but 155 of the state's 7465 precincts had supplied complete results for the tabulation.

The count for the 6310 precincts stood: Coolidge 618,759, La Follette 358,480.

Defeat of Magnus Johnson Indicated.

St. Paul.—Increased pluralities for President Coolidge and the republican state ticket in Minnesota were shown in additional late returns which also pointed to the possible defeat of Senator Magnus Johnson, farmer-labor.

South Dakota Conceded to Coolidge. Sioux Falls, S. D.—Victory for President Coolidge in South Dakota was conceded by Alan Bogue of Parker, state manager of the La Follette campaign.

La Follette Leads in Home State. Milwaukee, Wis.—With the returns incomplete, La Follette was leading Coolidge by nearly 14,000 votes.
