— FOURTH YEAR, 1924-1925 —  
FRIDAY NOVEMBER 21, 1924

Members of the Junior and Senior English classes participated in an interesting debate at school on Wednesday. The proposition was, "It should be considered as wrong for men to smoke, swear, drink intoxicating liquor as for women to do so." The girls held the affirmative and were out-pointed by the boys on the negative.

Although the English 7 class has been working on parliamentary drill for the last two weeks, there was a decided lack of action at the last student body meeting. We wonder why?

The ancient history class having completed the study for the second 6 weeks are reviewing for a test.

The English class having finished the classic, "The Ancient Mariner", are now taking up another, "The Mer-

chant of Venice", and are progressing very rapidly on it.

The largest part of the Boardman high school journeyed to Heppner on November 21, to see the last game of the football season. This was made possible by the hiring of the West End school bus to take the students and rooters over. The bus accommodated about 39 players, high school students and part of the faculty. A good game was looked for, and Boardman left determined to keep their second place in the league.

The student body of the Boardman high school has joined the Junior Red Cross by paying the usual membership fee of one dollar to the cause.

Each room of the grade school has also joined by paying their fee of fifty cents per room.

The Junior class held a meeting Wednesday afternoon for the purpose of deciding on some definite way of raising money to pay for their class rings, but nothing definite was decided concerning the matter. They did choose their class colors, pink and silver, which was greatly disapproved by Howard.

Hector Wicklander has been absent from the Sophomore class because of illness.

Carl Ayers and Ray Dempsey have been absent from school.

**Ruling on Tax to Aid Oregon.**  
Salem, Or.—In a revolutionary opinion, from the point of view of state taxation, Attorney General Van Winkle held Monday that the 6 per cent tax limitation amendment applies to the state income tax that has been collected this year. The 6 per cent limitation has never been interpreted as applying to any tax except a direct levy. The result of the opinion, if put into execution will be that the state will have sufficient revenues during the next year to serve all state departments and institutions notwithstanding the repeal of the income tax at the recent election.

**WATER SUPPLY TO LOS ANGELES CUT**

Los Angeles, Cal.—Practically the entire flow of the Los Angeles aqueduct, this city's chief source of water for domestic and industrial uses, was diverted into the Owens river near Lone Pine, about 200 miles north of here, by a raiding party of 60 men, who stormed the aqueduct guards and threw open the Alabama waste gates.

Charles Collins, sheriff of Inyo county, telegraphed Governor Richardson for troops, declaring immediate action by the military was all that could prevent bloodshed.

The raiders, alleged to be residents of Owens valley, where for years a water feud has raged between the city and valley ranchers and business men, stood their ground at the spillway and defied Sheriff Collins and representatives of the city of Los Angeles.

They announced that they would continue to waste the water until a committee came from Los Angeles and "settled" the water-rights controversy with them. Sheriff Collins, after vainly endeavoring to have the waste gates closed, returned to Independence to telegraph the facts to Governor Richardson.

Chicago.—The Rev. Frederic S. Fleming, who recently was invited to become bishop coadjutor of the district of northern Indiana of the Protestant Episcopal church and a week later asked to accept the episcopacy of Olympia, Wash., announced to his congregation of the Church of the Atonement that he would accept neither place. He felt, he said, that high honors had been tendered him, but that he would be of greater service to the church by remaining in his present charge.

First snow of the season fell on Thursday night covering the ground to a depth of about an inch which all melted the following day.

Mr. and Mrs. Zenneth Logan of Boardman spent Wednesday at the home of Mr. Logan's brother M. V. Logan.

Mr. and Mrs. Joe White came near losing their home recently. Fire started in a wood box near a partition and was discovered just in the nick of time to save the house. Their babe was asleep in the room and Mrs. White stepped out of the room for a minute. She saw smoke coming out of the windows, rushing in she rescued the baby and called to the men folks and they managed to extinguish the blaze with buckets of water. The walls and ceiling were slightly damaged. It is supposed a lighted match or cigarette carelessly tossed into the box caused the fire.

Chas. D. Bennett of Helena, Montana arrived Saturday at the home of his daughter Mrs. M. V. Logan and will spend the winter with her. Mr. Bennett is an old pioneer of Eastern Oregon having passed thru here in 1864 and in 1874 came back to reside on Willow Creek. In 1876 he bought out a man by the name of Butler on Eight Mile and lived there for 22 years. Mr. Bennett is getting along in years but is as spry as many much less his age. He has mining interests in Montana and spends his summers in that section.

**CANADIANS AROUSED BY LAWYER'S ARREST**

**Withdrawal From Liquor Treaty With United States Demanded.**

Vancouver, B. C.—The arrest in San Francisco of Fred R. Anderson, prominent Vancouver lawyer, on liquor charges, has roused British Columbia business men and lawyers to the fighting pitch. They take the attitude that Anderson had gone south on legal business and that he was connected with Canadian liquor interests only in a legal capacity. Anderson went to California to represent the steamer Quadra and her crew, held for rum running. He was indicted by a federal grand jury.

It was also decided at the meetings to demand that the Canadian government withdraw from the liquor treaty with the United States. It was declared that if the government didn't take action at an early date the failure to do so would be made an issue at the coming election.

San Francisco, Cal. — The grand jury, in returning the long list of indictments, named Russell Whitelaw, a wealthy resident of Vancouver, B. C.; F. R. Anderson, a prominent attorney from the same city; the entire crew of the Quadra and a number of others. Anderson, who was here in behalf of the Quadra and crew, was released on bond, as were the members of the crew.

The indictments followed a long investigation by the grand jury in the circumstances surrounding the departure from Canada of the steamer Quadra, seized by the United States coast guard cutter Shawnee with liquor said to be valued at \$500,000 on board.
