Pretty Furbelows of Metallic Ribbons

There are a lot of pretty new furbelows made of ribbons with the glint of gold or silver in them. Hair ornaments, dress trimmings, corsage flowers, boutonnières and bags, place as much emphasis on shimmer as on color—they go together.

Narrow silver ribbon is a favored medium just now for hair ornaments, in bands or braided strands or folds. One of these is shown here, finished with a little ostrich fancy in orchid color. A dress trimming is made of shaded yellow ribbon with gold edge, forming a rosette set in yellow ostrich hues. The small boutonnière is of silver ribbon and silver foliage and the bags of wide, metallic brocades—shown in many colors and patterns.

SECRETARY HUGHES TO QUIT MARCH 4

Ambassador Kellogg to Become New Head of State Department.

Washington, D. C. — Charles E. Hughes will retire from the cabinet on March 4 and Frank B. Kellogg, now ambassador to London, will succeed him as secretary of state.

Mr. Hughes has placed his resignation in the hands of President Coolidge with a reaffirmation of loyalty to his chief, but with request that after nearly 20 years of public service he be permitted to return to private life. The president, accepting the decision, expressed regret, warmly praised the retiring secretary's record of accomplishment since he took charge of the country's foreign affairs four years ago, and bespoke for him a "well-merited repose" after the cares of public responsibility.

Ambassador Kellogg, already familiar with many of the outstanding problems of foreign policy through his services at a succession of European conferences, probably will come to Washington soon to serve for a few weeks in the state department before he takes his new post in March.

Alanson B. Houghton, of New York, now ambassador to Germany, has been selected by President Coolidge to succeed Ambassador Kellogg at London.

Houghton has attended many of the conferences in European capitals made necessary in the work of rehabilitation and has first hand knowledge of almost every problem in which this country has an interest. He is 61 years old and was born in Cambridge, Mass.

POWERS AGREE ON CLAIMS PAYMENTS

Paris.—The British and American delegations at the conference of the allied finance ministers have reached a final and definite accord relative to the payment to the United States of the cost of the army of occupation and war damage claims.

The United States under the terms of the agreement will receive about \$25,000,000 yearly on the total of her claims, amounting to approximately \$600,000,000. Thus reimbursement of the United States will occupy a period of 25 years. The sum remaining due for the costs of the American occupation is fixed at between \$250,000,000 and \$260,000,000, while the amount of war damage claims, the conference has agreed, will be based on the findings of the mixed claims commission. This has been tentatively fixed at \$250,000,000.

SENATE OPPOSES SHOALS OPERATION

Washington, D. C. — Government operation of Muscle Shoals was disapproved by the senate, 48 to 37. The vote came on the question of substituting the Underwood leasing bill for the Norris government operation plan. The effect of the vote was to kill the Norris measure, but the Underwood bill still is before the senate and open to amendment. Several substitutes for the Underwood bill have been proposed and republican leaders are hopeful of getting the subject off the senate calendar temporarily, at least, by the end of this week.

The senate also rejected the Wadsworth amendment to the Underwood Muscle Shoals bill which would have given a commission of experts complete power to dispose of the gigantic project without reference to congress. The vote was 65 to 5.

8 Calibre Gun Kills One Wounds Another in Shooting Affray Jealousy Given as Cause

(From the Arlington Bulletin)

In a fit of jealous rage Tony Leonetti 34 year old section hand, twice shot Edna Mae McGee 18 years old, and then sent a bullet crashing thru his own heart, at the section house in the local railroad yards about 3 o'clock on Tuesday afternoon.

Miss McGee was rushed to the hospital at The Dalles where she is reported to have not been seriously injured, altho one of the bullets lodged dangerously near her heart.

According to the story told by the young woman, she had known the young man but a short time, he being a friend of her sister's husband, Tony Campanella the Arlington section foreman. Miss McGee lived with her sister here, having come from a convent but a short while ago. Infatuated with the young woman, Leonetti proposed marriage and pressed his suit. Repulsed by the girl he determined to kill both her and himself. The two shots were fired at the girl at close range, the second felling her and she lay upon the floor stunned as her rejected suitor turned the gun upon himself, instant death resulting.

Recovering, Miss McGee made her way toward the depot where she called for aid.

Agent A. E. Blackburne of the O-W, took the injured girl to the hospital in his car.

The body of Leonetti was buried at the Arlington Cemetery on Wednesday.

Skiff Takes Passengers

Policemen as Call Boys

In some parts of Europe it is perfectly permissible to use the policeman on a residential beat as a call boy or alarm clock, the only restriction being that in this personal service he does not neglect his official duties. As a result quite a few policemen awaken those who have made a special request to be aroused at a certain hour.
