She smilled on him and almost insulted him in turn; she made engagements with him and then broke them without compunction If a more desired (scori came along, (She counted on his coming whenever she backoned, and, too weak to resist her, she made life for him a constant uncertainty and hell which he left college to rid himself of.

Such a man is weak, you say. Perhaps. But a real woman might have strengthened him, encouraged him, set for him ideals, or, best of all, she might have let him alone.

There are many such girls with pretty faces and cursedly attractive clothes, incepable of real feeling and incapable of an unselfish thought. They come out unscathed, many people think, from these social escapades, but It is not true. They pay-every one of them. Sometimes the time of payment is long deferred, but they pay to the last farthing, cruelly, far more than their little petty popularity and pleasures are worth. When they come to the point of wanting friends there are none; when they want love and real devotion they are gone; through their trifling with sacred emotions they become incapable of feeling or appreciating such emotions, and the end is ioneliness, unhappiness and neglect.
