ADOPTS POLICY AGAINST ALIENS

The state convention of the American Legion held in Portland last week made resolutions, and adopted a strong policy against aliens, anarchists, and bolshevists, and made as a basis of its organization the furthering of patriotism and 100 per cent Americanism.

The legion is not to deal with "politics" in any manner but will act vigorously in helping the legislators to determine "policies." The legion is going to result in the young men of the nation taking more of an interest in governmental matters and national policies.

HOME-COMING GLAD ONE

INDIANAPOLIS, Ind.—Elsou Loy, son of Mrs. E. D. Diskson, 1202 Laurel street, who returned to his home here, was reported dead in France five times. He believes that a comrad killed in the Aisne-Marne offensive lies buried in his name in France. Loy gave his "buddy" his coat, which had his picture and address in it, when he saw the boy lying in "no man's land" with both his legs blown off.

Loy did not know that he was supposed to be dead until he reached Springfield, O., where he visited relatives. He served in France with the 26th infantry, 1st division.

NEW BUILDING TO HAVE AIRPLANE LANDING

SACRAMENTO, Cal., Sept. 23.—An airplane landing station on the roof is provided for in plans just completed for a new 12-story department store to be erected at Sixth and K streets in Sacramento. In the opinion of L. F. Brenner, who is to have the big building constructed on the site of his present store, the time is not far distant when Milady will go a-shopping by airplane and he predicts that before long there will be such marked improvements in the construction and control of aircraft that it will be an easy matter for machines to land on the top of a down-town store.

Brenner has sufficient confidence in his belief to provide for an expenditure of about \$50,000 for the establishment of a landing and the installation of elevators to carry aerial passengers from the roof down into the store.

The structure will cost, in all, \$750,000. Construction work will be started within a few days.

ABANDON PLAN FOR FLIGHT TO ARGENTINA

LONDON.—(By Mail.)—Plans to fly by airship from London to Buenos Aires have been temporarily abandoned as a result of the government's commandeering the R80, Vickers-Vimy super-airship, which several months ago booked ten passengers at \$5000 each for the trip.

Included among the passengers were Sir Woodman Burbridge, his wife, Lady Woodman, and R. H. Griffith. Burbridge and Griffith are the directing heads of Harrod's, which has department stores in Buenos Aires and London.

"We have given up hope of being able to fly to Buenos Aires this year," Griffith told the United Press. "The government's commandeering of the R80 means it will be a year before another airship can be built to make the trip. Anyhow, we couldn't have made the trip on the R80 this year as the landing mast, which anchors the airship by drawing it's nose down until a certain height has been reached so that passengers can alight and descend via staircases and elevators, have not been completed in Buenos Aires. Sir Woodman, Lady Woodman and myself have booked steamer passages and will sail for the Argentine in October."
