MAN HURT WHEN TEAM RAN AWAY

A team belonging to Mike Morgan ran away this forenoon and smashed things up generally, while Mr. Morgan was thrown out of the wagon and was quite badly hurt. The horses became scared at something on B street and ran out to the intersection of B and Water streets, where they struck the porch at the Ashland Mills. The tongue of the wagon was broken and the horses knocked down. Before they could be subdued, however, they got on their feet and started again, this time throwing Mr. Morgan against a wagon standing by the hitching rack. The team ran down to the ice plant where they were finally caught. Mr. Morgan was stunned by the fall and it is not known yet how seriously he is injured.

AUTO-CAMP HELP TO LOCAL HOTELS

A statement was made before the Hotel and Restaurant People's association which met recently in the Chamber of Commerce assembly hall in Portland that the free auto camping ground of Ashland had put two hotels of this city out of business. A look at the hotel registers every day throughout this summer is sufficient to refute this arraignment. Never before in the history of Ashland has tourist travel been any better than it has this summer, notwithstanding the immense number of tourists who have stopped at the auto-camp. The uptown hotels get very little tourist travel going through here by train, while the fact that Ashland has a camp draws travelers here, even if they do not stop at the camp.

For a few days this summer the dining rooms at the Hotels Austin and Ashland were closed. The occasion of the former closing was due to inability to secure help, while the dining room of the latter was closed in order to allow the proprietor to take her vacation, as she could not get sufficient help to run it during her absence. Instead of being an injury the auto-camp has been a help to the hotels of Ashland.

ABBOTT FAMILY HOLDS REUNION

Rev. A. A. Abbott, archdeacon of the Episcopal church of Ohio, with headquarters at Cleveland, Ohio, arrived in the city Monday to spend this week visiting with relatives in this part of the state.

Rev. Abbott left Cleveland, September 6, and has spent the time since then traveling and visiting with relatives enroute. After spending the week in Ashland he will leave for California and then return home going through Colorado and Utah where he will visit with relatives who live in those states. He estimates that he will have visited with 100 relatives before he returns to his home at Cleveland.

The visitor is a brother of the late John Abbott, one of the earliest settlers of Jackson county, who settled on a farm on Wagner creek, near Talent, where he lived until a few years prior to his death when he moved to Ashland residing on Oak street.

Two nieces from Klamath county are in Ashland this week to attend the reunion and many relatives living near Talent are visiting in the city to be with Rev. Abbott during his stay here. Those from Klamath county are: Mrs. Tom Garrett, of Bly, and Mr. and Mrs. Jack Horton, of Dairy.

Rev. Abbott was the guest of honor at a picnic held in Lithia park this noon given by relatives. Those present were: Mrs. Teresa Lowe and son Rolf; Mr. and Mrs. H. P. Sackett; Mr. and Mrs. A. F. Abbott, son Leith and daughter Etha, all of Ashland; Mr. and Mrs. Jack Horton and Mrs. Tom Garrett of Klamath county; Mr. and Mrs. Allen Abbott and family; Mr. and Mrs. Tom Brunnett and family, all of Talent, and Mr. and Mrs. W. J. Dean, guests from Talent.

TOURIST DREAMS OF ROUGH ROADS

A Los Angeles paper of recent date quotes some tourist who alleges to have been over the Pacific highway and claims the following conditions prevail in Oregon:

"Practically all Oregon roads are bad. Most of them are merely cow-paths.

"From Los Angeles to Yosemite the roads are particularly good. From Yosemite to Merced there is an excellent highway and driving is easy with the exception of Signal Hill, where the grade is bad and the roads are rough.

"From Merced to Red Bluff there are excellent California Highways. Red Bluff to Grants Pass is excellent with the exception of some rough gravel roads. Grants Pass to Ashland has the worst roads in the country. There are numerous detours and rough, rocky roads full of holes. Ashland to Roseburg is practically in the same condition with 141 miles of terrible roads. There are crushed rock roads which cut and kill tires, making the grades practically impossible. In Cow Creek canyon and on Roberts Hill, practically no car but our Paige got through, the roads were in such a terrible condition."

Tourists passing through this section every day state that the roads are in remarkably good condition. With the exception of some stretches where paving is being done and detours are necessary the roads are passable and are traveled over every day.
