### XMAS THRIFT PLEA ASKED OF GOVERNOR

U. S. Wants Everyone to Give Savings Stamps For Christmas Presents.

The Federal Government has asked the Governor of the State to appeal to the people of the State to give War Savings Stamps and Treasury Savings Certificates as Christmas presents this year. A similar request has been made to all the mayors of the larger cities in the Twelfth Fede-

ral Reserve District. General giving of War Savings Stamps and Treasury Savings Certificates as Christmas presents the Government feels would do much toward bringing prices of necessities back to a normal level by cutting the demand for luxuries, and would help to stabilize the financial situation, besides starting many of the recipients of such presents along the road of saving and thrift. In its Christmas campaign the Government has enlisted banks, clergymen, schools, and fraternal organizations, and has seen to it that the banks and postoffices have a sufficent supply of securities on hand to meet the Christmas demand.

Governor John U. Calkins of the San Francisco Federal Reserve Bank, which has charge of the work of the War Loan Organization in the Twelfth Federal Reserve District, points out the benefits to be derived through the general giving of securities of the Government as Christmas presents in the

#### Do You Want to Save Some Money?

Re-insulating a battery is about the most expensive repair there is.

And there's only one kind of battery in general use that isn't practically certain to be re-insulated-orjunked-within the next year or two.

That one exception is the Willard Battery with Threaded Rubber Insulation. Come in and we'll tel you why.

following excerpt from a letter to the

Governors: "Economists are agreed that the present exorbitant level of prices that constitute not only an economic but a social menace is caused to a great extent by a 'spending spree' being indulged in by the people. Indulgence in luxi ries, which, of course, causes increases in the necessities of life, has raised prices generally to such unheard of heights that Christmas buying this year promises a dangerous climax. We, therefore, appeal to you to call upon the people of your state (or city) to forego the giving of the usual Christmas gifts this year and instead give securities of the United States Government, such as Thrift and War Savings Stamps, Treasury Savings Certificates and Liberty Bonds. There could be no

more timely effort at stabilization of

prices and production than such ac-

tion upon your part and the part of

the people, a majority of whom, I am

sure, would answer your call."
