STAPLES REALTY BARGAINS

It is a remarkable fact that land and homes are about the only things that have not gone up "sky high" in price. BUT THAT IS NOT SAYING THAT OPPORTUNITIES LOAF AROUND EVERYWHERE FOR EVERYBODY EVERY DAY FOREVER. Miss Opportunity does come occasionally, but lots of people never get acquainted with her. That's a mistake. She is a great booster. She prepares you for the "Rainy day." She escorts you through the clouds to the silver lining and a bright future. Come to my office and get acquainted.

PUBLIC HEALTH BOARD WILL MEET

The second annual meeting of the Jackson County public Health association will be held next Friday afternoon in the Medford public library at 2:30. It is hoped that each community of the county will have a few representatives at this meeting. Everyone is invited.

At this meeting reports of the past year's activities of the association will be made by the president, Mrs. Louise Peroni of Ashland, by the chairman of the different committees and by the county nurse, Mrs. Florence Lee.

The annual election of officers and members of the executive committee will also be held. A nominating committee, called together by Mrs. Peroni, met last Saturday afternoon in Medford and nominated a tentative slate to submit at the Friday meeting.

BOY KILLED BY ACCIDENTAL SHOT

The 13-year-old son of Mr. and Mrs. Frank Cardoza of near Hill was struck by a bullet from the accidentally discharged gun of Charles O. Kelly Sunday and was instantly killed. According to the story that comes from there Kelly visited the ranch owned by Mr. Cardoza on the Jackson county line Sunday forenoon, taking along his shotgun. While talking to Cardoza, Kelly left his gun at a tree, and later saw several boys near the well. Fearing they would tamper with the gun he picked it up to remove the shells, and while doing so the weapon was discharged. The charge struck young Cardoza, killing him instantly.

VALUE OF SUGAR AS HUMAN FOOD

Sugar produced from sugar beets contains 1814 calories (energy and heat units) per pound, or more than wheat, beef, rice, corn and many other energizing foods. The amount of sugar obtained from an acre of beets, will feed 40 or 50 people per year on average sugar rations.

COLDS AFFECT THE KIDNEYS

Many Ashland People Have Found This to Be True
Are you wretched in bad weather? Does every cold settle on your kidneys?

Does your back ache and become weak? Are urinary passages irregular and distressing? These symptoms are cause to suspect kidney weakness. Weakened kidneys need quick help.

Doan's kidneys need quick help. Doan's Kidney Pills are especially prepared for weakened kidneys. Grateful people recommend them. Ask your neighbor.

Geo. L. Manning, retired grocer, Talent, Oregon, says: "A cold that settled on my kidneys brought on backache. Many times I couldn't lie on my back at night, the pains were so severe through my kidneys and across my loins. My kidneys acted too frequently and the kidney secretions were highly colored. One box of Doan's Kidney Pills gave me relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Manning had. Foster-Milburn Co., Mrs., Buffalo, N. Y.

Uniformity
Uniformity is the secret of success of any good product. It's the reason Willard Batteries with threaded Rubber Insulation are making such a wonderful record of long life without repairs.

Ordinary materials used for insulation between battery plates are taken just as they come from nature and can't be made uniform by any process.

But threaded Rubber Insulation is built up by a scientific manufacture. Every piece of it is like every other and almost invariably Threaded Rubber lasts as long as battery plates. No wonder many of these batteries have given three and four years of uninterrupted good service. Drop in and get the whole story.
