CHEERFULNESS
 Cheerfulness will help you do more and better work, as well as having more fun and better friends; and be better all around.

A GLORIOUS END.
 The circumstances of Bishop Matt Hughes' death amount to a transfiguration. It was a glorious end to a cultured material life full of good works and marked by high spiritual ideals and teaching.

On the memorial anniversary of a risen Savior, standing before a great audience, picturing the occasion of triumph over death, presenting convincing arguments of the resurrection and transfiguration of Christ—no doubt quoting Paul, "there is a material body—there is a spiritual body"—he was transfigured in an instant from the material to the spiritual and to the blind eyes of the material world appeared to be no more, but the eyes of faith easily can see the great man vanish into the clouds, even as his Lord had disappeared in his transfiguration.

Matt Hughes is not dead. He is more alive today than ever, with a transcendently broader vision. Having shaken off the limitations of a material existence he has entered that broader life, capable of greater work and greater spiritual development. To Bishop Matt Hughes, Easter of 1920 was the greatest day in his useful life. The veil was raised and he was given full knowledge of that life of which he had long taught.

It is altogether fitting and in perfect consonance with the Loving Father that such a man as Matt Hughes should pass from the material to the spiritual life without the anguish of long suffering.

In the full glory of an Easter morn, without hesitation or regret, the old garments were cast off and the spiritual body of the great soul put on the white habiliments of his risen Lord.

KNOCKERS AND KICKERS
 A knocker is a man who only knows how to use a hammer to knock things down.
 A kicker is not only a hammer, but a saw, a square and a level.
 A kicker may knock down, but he builds a better edifice than that which stood before.

SQUEEZED TO DEATH
 When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking **GOLD MEDAL HADLEMOL**
 The world's standard remedy for kidney, liver, bladder and uric acid troubles. Famous since 1895. Take regularly and keep in good health. In three sizes, all druggists. Guaranteed as represented. Look for the name Gold Medal on every box and accept no imitations.

If you are handy with tools. Be a kicker.
 The Ashland Commercial Club needs lots of good live kickers. It takes constructive kickers to do things.
 If nobody kicked against present conditions we would all settle down and progress would stop. Harken to the tale of the two frogs:
 "Two frogs fell in a can of cream."
 "One said, 'what's the use of struggling, we can never get out.'"
 "He quit kicking and fell to the bottom and drowned."
 "The other kicked and kicked."
 "And kicked some more."
 "Until he had churned the cream into butter."
 "And got a footing."
 "And hopped out."

ALBERS MUST GO TO PEN

SAN FRANCISCO, April 6—The motion of Henry Albers, wealthy Portland miller, sentenced to ten years imprisonment for seditious utterances for a rehearing of his case, was denied by the United States circuit court of appeals yesterday.

Inside Facts
 It's what's inside your battery that makes it live long or wear out quickly.
 Inferior insulation wears out before the plates do, and re-insulation is necessary.
 Threaded Rubber Insulation greatly postpones and almost always entirely eliminates the need of re-insulation, makes a battery last much longer under equal conditions, and reduces the liability to any other kind of repairs.
 It's the one biggest battery improvement in ten years—demonstrated now by four years of use. You can't afford not to know about it. For some day you'll need a new battery.
 Call and let us tell you all about it.

DEAD WHALE CAST ASHORE

BANDON.—A mammoth sperm whale, measuring 75 feet in length, has floated ashore about three miles north of here at the mouth of Cut creek. The animal had apparently been captured by a whaling ship, robbed of its sperm oil and the carcass turned loose.
 The whale was discovered about 400 yards south of the J. R. Smith mining plant and home on the beach. Mr. Smith is praying for the wind to shift northward and remain there. While there are thousands of sea gulls at work clearing up the remains, it is estimated that the present force will have an all-summer job. In the meantime the odor is becoming more violent and the Smith family is on the eve of an extended vacation.

BOY WANTS TO SEEM A HERO

SAN JOSE.—An investigation into the circumstances surrounding the shooting of Harold Chope, a 16-year-old high school student, resulted in a statement by Chief of Police J. N. Black that the youth had deliberately shot himself in the left arm in order to "make himself a hero in the eyes of his girl friends." Chope had reported that a burglar entered the family home and after a tussle shot him.

EASTER SERVICES TO BE HELD ON MOUNTAIN

RIVERSIDE, Calif., April 2.—Thousands of residents and tourists are planning to attend the sunrise services to be held Easter morning, April 4, about the Father Serra cross on Mt. Rubidoux, near Riverside.

For years an increasing number of persons have climbed the mountain and lifted their faces reverently to the east, to meet the sun, while in anthem and prayer the rising of Christ from the tomb was memorialized.

The program for this year's service includes numbers by Marcella Craft, prima donna; the reading of Henry Van Dyke's poem, "God of the Open Air," by DeWitt V. Hutchings; and the benediction by Bishop Earl Crans-

ton, of the Methodist Episcopal church.

KLATHATH FALLS.—Roads blocked by hundreds of fallen trees, several buildings wrecked and other property damaged is the result of a freak storm near Odessa, 30 miles north of here, on upper Klamath lake, Friday.

The storm lasted from 10 to 4 o'clock, and in spots approached the violence of a tornado. As far as known, damage was confined to a comparatively small area, having Odessa as a center, with a radius of 15 or 20 miles.

ELECTIONS HELD FOR CHICAGO ALDERMEN

(By United Press)
 CHICAGO, April 6.—Supplementary aldermanic elections to fill ten vacancies in the city council were held here today.
 The election established a new record in Chicago politics. It was the smallest ever held.

The election is called under the non-partisan election law a supplementary election. These contests are supplementary in that those wards which did not give some candidate a majority vote at the February elections will choose their council representatives.
