CLEVELAND SIX

It Adds a Wealth of Joy to Family Life The Cleveland Six adds joy and recreation to the family life in a most unusual degree. It is such a comfortable car, so easy to drive, so distinguished in its refined appearance, that the mother and the children find real delight in it. And the Man of the House, no matter how critically inclined he may be in mechanical matters, finds in the Cleveland Six a triumph in motor car construction, a car which he will drive with enthusiasm. The Cleveland Six touring car seats five in comfort. The soft cushioning and the low, under-slung spring suspension, wipe out the road-bumps. The car is handsomely finished and the upholstery is of genuine hand-buffed leather. And the motor! If you want to know what a motor it is come in and see the car. Ride in it. Drive it yourself. Then you will know. There are few motors indeed that can compare with it in actual performance. Goodyear Leadership—and Tires for the Smaller Cars Enormous resources and scrupulous care have produced in Goodyear Tires for the smaller cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles. In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3-, 30x3 1/2-, and 31x4-inch sizes. Last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind. Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes. 30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50 30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50 Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of \$4.50 less merit. 30 x 3 1/2 size in waterproof bag
