SECTION HANDS KILLED.

(By United Press)
CHICAGO, July 12—Two section hands were killed today when they drove a handcar into a freight car near here. The third member of the crew may die.

AMALGAMATION OF PARTIES FORMED AT CONVENTION

CHICAGO, July 12—With the amalgamation of the various liberal groups into one political party definitely in sight, the committee of forty-eight national convention was called to order at 10 o'clock today.

Tremendous cheers from the committee of forty-eight delegates greeted the partial report from the conference committee shortly after noon, that the amalgamation of the various groups was decided upon. Arthur Hays, chairman of the committee, read the report recommending the amalgamation, which would mean the holding of one general convention. He announced a committee of five are appointed to confer with the labor party, and that representatives of the non-partisan league of North Dakota, the American constitutional party and the single tax party have declared their willingness to join the amalgamation.

M. Thomason, national lecturer of the non-partisan league, was the first speaker after the convention opened. The single tax advocates applauded when he said they have single tax laws on the North Dakota statute books, although under a different name.

At the mention of Soviet Russia, the crowd cheered. "They have set a good example," said Thomason, and enthusiastic applause followed every mention of the success the non-partisan league had achieved in North Dakota.

The non-partisans, Thomason said, won in North Dakota because they concentrated on a few things. "We stole the republicans in that state and it has been a good party ever since," he declared. "This is the greatest opportunity the American people ever had."

Would Consolidate Express Companies

(By United Press)
WASHINGTON, July 12—The American Railroad Express company has asked the interstate commerce commission to authorize the consolidation of the express transportation business. This would take in the Adams, American, Wells Fargo and Southern Express companies.

President Thomas of the American Express told the commission today the express companies need \$31,000,000 to carry on their business. He said the consolidated organizations will have no trouble in borrowing that amount, but individual companies would.

SHOOTS BOY ACCIDENTALLY

MARSHFIELD—Clyde Lillie was mistaken for a deer and accidentally killed by his brother, Albert, while the two were deer hunting two miles from Argo Friday.

Clyde had posted his brother near a runway on a rise and he went into a gulch to beat the brush. A deer ran past Albert's lookout and he fired but missed. Hearing another rustling in the brush, he fired again, killing Clyde, who was coming up the hill to learn the success of his brother's first shot.

Dr. V. L. Hamilton of Coquille, found the hunter had died instantly. Coroner Wilson of Marshfield went to the scene to hold an inquest.

SAN FRANCISCO, Calif.—Electrical storms of more than usual severity started 62 forest and brush fires in northern California national forests on July 4 and 5 and ten fires still are burning, the United States forest service district headquarters announces. About 9000 acres were burned over, according to latest reports.

WEATHER FORECAST
For Oregon—Probably showers.

NAME OF "LABOR" IN NEW PARTY

(U. P. Staff Correspondent).
CHICAGO, July 12—The Labor party resumed its convention here today to continue the routine business begun at yesterday's opening session, while awaiting the fruition of the efforts of the conference committees representing the labor group and the committee of forty-eight to fuse the two groups. Leaders and delegates in the labor convention generally approve the policy of the unification of the liberal forces now assembled.

To effect a desired amalgamation, leaders of the labor group said they would go a long way, but insisted that the name of the new party must contain the word "labor."

Super-rough Stuff Gets Geo. in Bad

(By United Press)
WINNIPEG, Man., July 12—George Locke, returned soldier, had been a persistent wooer of Miss Myra Fidler of this city, but had been unable to induce the young lady to "set the date."

George had almost given up hope when he read a novel by a Spanish author advocating the "treat 'em rough" method and immediately prepared to carry out the author's suggestions.

A few days later George was arrested for shooting Miss Fidler through one thigh and attempting suicide. During his convalescence at a local hospital Miss Fidler was a constant attendant upon him.

At Locke's trial she said: "I didn't love him well enough before he shot me, to marry him, but I do now."

All was in readiness for the wedding in case Locke was freed, but the judge sentenced him to three years at Stopey Mountain prison.

WILL TRY TO GET SUFFRAGE

(By United Press)
RUTLAND, Vermont, July 12—Governor Clement today issued a proclamation declaring a call for a special session of the legislature to make possible the ratification of the federal suffrage amendment.

REBELS BLOW UP BRIDGE.
(By United Press)
MEXICO CITY, July 12—Forces of the rebel leader, Carlos Osona, blew up a bridge at North Monterey today, interrupting traffic at Laredo, Texas, according to a dispatch.

MERGER POLICY EFFECTED

(By United Press)
CHICAGO, July 12—Leaders of the various liberal groups, assembled here today to create effective opposition to the two old political parties are jubilant. Despite the original objection voiced by what might be termed the extreme left wings of both the committee of forty-eight and the labor party to the proposed merger, a policy of amalgamation was decided upon. Only mechanical details remain to be worked out.

This decision was reached late last night by the "liaison" committees of the two conventions. The fact that it was unanimous and that the conferees, numbering 22 from the labor party and 20 from the committee of forty-eight, were not only "democratically chosen" by each convention, but represent all sections of the country and various shades of liberal opinion, indicates it will be approved by the conventions.

PLANE FALLS; KILLS THREE

RED BLUFF, Calif.—Three persons were killed near here Saturday when an airplane piloted by Wayman Haney collapsed and fell 400 feet, according to Captain D. J. Hoover, commander of the aviation field here, late today.

According to the report the plane, which was used in the forest patrol service, was occupied by Haney, Antonio Salcido and Harold Robie, civilian observers, all of whom were killed.

Waits for Outcome of Negotiation

(By United Press)
CARMEN'S HALL, Chicago, July 12—The business of the Labor party convention was virtually suspended today, pending the outcome of the negotiations now progressing in an effort to unite the various minority groups into a third party.

Negotiates Armistice

(By United Press)
SPA, Belgium, July 12—Polish Premier Grabski, attending the council of premiers, telegraphed General Plonski at Warsaw today to open negotiations immediately for an armistice with the Bolsheviks.

SINN FEIN UPRISING EXPECTED

(By United Press)
DUBLIN, July 12—One constabulary sergeant was killed and two other sergeants injured in a bomb explosion at the Rathmore barracks today. A band of Sinn Fein men had previously attacked the barracks but were driven off.

Throughout Ireland there is a feeling of tense expectancy, awaiting the outcome of the Orange-men's celebration of the anniversary of the Battle of Boyne. Additional troops are arriving constantly and being immediately sent to the parts where trouble is expected. More trouble is feared at Londonderry.

CIGARETTE BILL DROPPED

OREGON CITY, July 12—There will be no anti-cigarette measure on the ballot in Oregon next November. D. E. Frost, former constable of Oregon City, and author of the bill, said this afternoon. He will not file the petitions in the office of the secretary of state for the reason that he is short approximately 2000 signatures.

"I am through with reforms," declared Mr. Frost. "The persons who urged me to submit this measure fell down on the job. I did not receive any considerable support from churches and schools nor the Women's Christian Temperance union. I did not obtain a single signature from Multnomah county. I was told by many of my friends that the time was not ripe for such a drastic measure, and it may have been they were correct. The war made a vast difference in the sentiment of the people and it is favorable to cigarettes. In some cases fully 50 per cent of the names were stricken from the petitions by county clerks, due to the fact that the names did not represent registered voters. This work has cost me a lot of time and some money, for I received very little financial aid."

"The time may come in Oregon when the people will deny the use of the cigarette, but I am going to let George do it" next time.

SHIP SINKS; 2 CREW LOST

(By United Press)
NEW YORK, July 12—Two members of the crew of the steamer Lake Frampton, were lost when the vessel was sunk today in a collision with the liner Gomus of Atlantic City.

POLISH TROOPS RETREAT DURING FIERCE BATTLE

(By United Press)
LONDON, July 12—The following official wireless was received today from Warsaw:

"The Poles are fighting desperately and have retired from the Beresina line. The bolshevik forces were repulsed at Jena, but they occupied Smolewicz. Fighting continues in the neighborhood of Minsk. Southward on Pripet, the Poles retired from Horyn and the Reds occupied Sarny. Detachments of Poles vigorously counterattacked at Rovne and are momentarily recouping the city. All Polish war material is removed from Rovno."

In response to appeals for volunteers, the Warsaw police volunteered in a body to go to the front, the dispatch asserted.

A Moscow dispatch today said the fighting continued near Rovno, "where the Poles have assumed the offensive. Farther south, we continue to pursue the enemy, who is retiring," the dispatch added. "Our offensive on the Niesister continues successfully. We occupied Novoyoushitsa."

A later Moscow dispatch said the Poles are retreating along a wide front from Polesia to the Dneister river.

Situation Improves On Polish Line

(By United Press)
LONDON, July 12—Warsaw reports today indicate the situation is improving on the Polish front. The Poles are retreating along the entire front, but it is stated their morale is excellent and the retreat orderly. Most of the war material is saved. All dispatches emphasized the gravity of Poland's plight, but insist a victorious emergence from the situation is not impossible.

Allies Ready to Intervene if Reds Reject Armistice

(By Carl D. Groat)
(U. P. Staff Correspondent.)
SPA, July 12—General Poch has been instructed to mobilize all available allied forces for possible intervention between the Poles and Bolsheviks in the event the Moscow government refuses to accept the proposal of the conference here for an armistice, it was learned today on good authority. Should the Red forces continue to advance into Poland, the allies will give every aid to the Polish troops behind the armistice lines fixed by the peace treaty.

Allied military assistance to Poland hinged on whether the Soviet armies withdraw to this line or continue to progress toward Warsaw. A belief prevailed here today that the Moscow government would order the Red troops to halt at the Polish boundary.

Polish Premier Grabski, who made a strong appeal to the allies for such action, admitted the Polish resistance to the left, center and right is broken down and that it is a question of only a short time before the Soviet armies might take Warsaw.

The allied armistice proposal was the result of Grabski's appeal for aid.

The conference here will take no further action on the Polish situation until the Moscow government replies. It is stated the allied and German experts have reached an agreement on most of the issues regarding coal deliveries, but could not agree on the total tonnage. The allied required 29,000,000 tons annually. The German delegation took a more decided stand on the coal question than they have assumed since the beginning of the conference.

Trusty Sets Barn On Fire And Escapes

(By United Press)
SALEM, July 12—Escaping from his quarters at the asylum farm in South Salem, George Lenine, an Italian trusty, today set fire to the barn and fled into the nearby timber. He was located a few hours later by a posse, but declared he will never be taken alive. Armed with a pitchfork he held at bay the posse, which sent for reinforcements. The barn was destroyed with six hundred tons of hay. The loss is \$22,000.

DRAFT EVADERS CONVICTED

WASHINGTON, July 12—Five thousand draft evaders have been convicted in federal courts and given sentences of from 30 days to one year in prison, according to reports compiled at the department of justice. Thirty thousand cases remain to be investigated.

The result of the investigation shows about 16,000 cases of failure to register and an equal number of false questionnaires.

About 25 per cent of the men listed as delinquents were found to have enlisted in the American or allied armies without the knowledge of their local boards. About 40 per cent are accounted for on the score of the floating population. Some 20 per cent are considered those who failed to perform their duties through ignorance. The balance is made up of cripples and willful delinquents.

FIRE TAKES HALF OF CITY

WILLOWS, Calif., July 12—Only blackened ruins remain today of the business section, following yesterday's afternoon's disastrous fire which wiped out half of the city with a loss estimated at \$100,000.00.

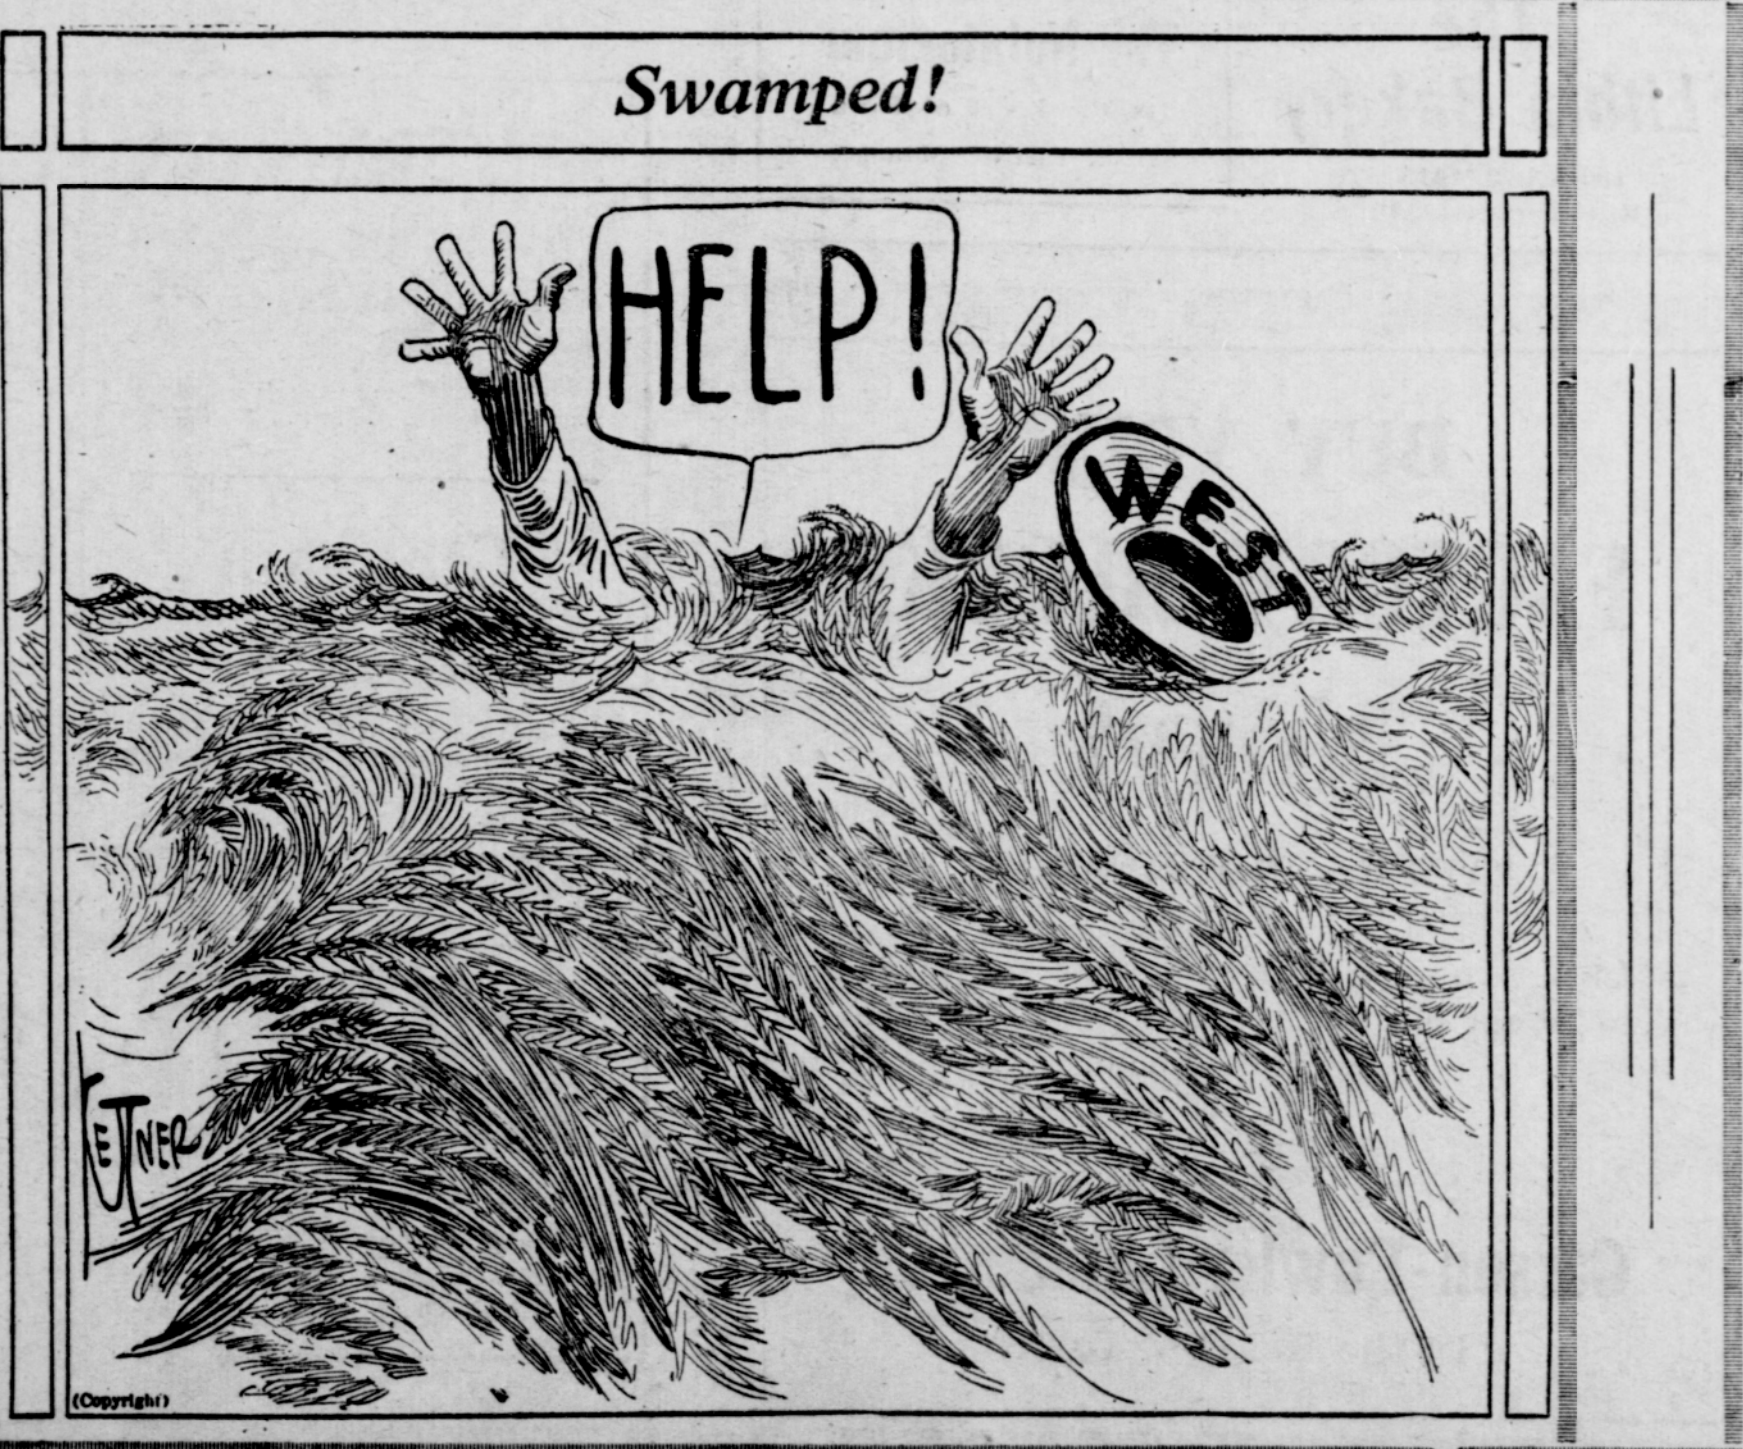

THREE DIE ON RESCUE TEAM

SEATTLE, Wash.—Three members of the Pacific Coast Coal company's mine rescue team at Black Diamond, Wash., are dead and two others are expected to die as the result of breathing poison gas fumes during a practice drill in an abandoned shaft at Black Diamond.

The men entered an abandoned mine for practice Saturday morning and when they did not return rescue parties were formed.

The men who composed the team were foremen and assistant foremen. They were Murphy, Patton, Tonda, DeWinter and Pontin.

Rescue teams were sent from the government station and from surrounding miles to aid in recovering the bodies.
