1 KILLED IN RANGE FIGHT

POISE, Idaho.—Manley Morrow, sheep herder, weak with loss of blood and recovering from an operation which removed a bullet from his head, has given his first account of a running fight in the hills of Owyhee county in which Joe Sinsis, a Spaniard, was killed and Jim Stevenson, a camp tender, wounded.

In an altercation over the right to a range, Morrow says, the Spaniard drew a revolver and fired at Morrow, striking his arm. Morrow, armed with a rifle, tried to bring it into play, but before he pulled the trigger was shot again. He then fired at Sinsis, wounding him, and went down with a bullet in his head.

Stevenson, the camp tender seized Morrow's gun and turned upon Sinsis, firing. He too, was wounded by the other, but Sinsis was picked up dead and was said to have three bullets in his body.

How many miles did you march the summer Cleveland was nominated REMEMBER the time the first automobile parade was organized? Even the good old torchlight procession had to give way before the advance of progress. Tires are often sold the same way politics are. The last people to wake up to what they are getting are the people who pay the bills. The bills are getting too big these days in both cases. And the man who is feeling it most with respect to tires is the man who owns a moderate-price car. The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas. United States Tires WHITE STAR GARAGE N. DIX & SON, Props.
