Oregon fruit growers will erect plants at Sutherlin and Carlton. Contract let for paving one mile of Odell highway.

ALLIES MAY JOIN IN WAR ON RUSSIANS

FRENCH MASS TROOPS ALONG RHINE READY TO GO TO POLANDS AID

REDS CLOSE ON WARSAW

By Webb Miller. (U. P. Staff Correspondent) LONDON—Russian cavalry are unofficially reported to have actually invaded the "corridor" through East Prussia, connecting Poland with Danzig and the sea. One dispatch said the Reds were only 27 miles from Warsaw, their operations apparently being unopposed. Pinchers Movement. A pinchers movement against Warsaw is developing, according to advices from the front. The Bolsheviks are reported to be nearing the Vistula river on the north and crossing the Bug river on the east, converging upon the Polish capital. Under direction of allied officers the remnants of the beaten Polish armies are being reorganized and massed for a big battle in defense of Warsaw. What is left of the Polish armies on the northern front have been withdrawn inside the ring of forts around Warsaw. Soviet cavalrymen are reported less than 30 miles from the Warsaw forts.

RUSH TROOPS TO QUELL MESOPOTAMIAN DISORDER

TAKE ANOTHER JAWBREAKER

LONDON—A Moscow communique stated that after fierce fighting the soviet troops have occupied the town of Tzeichanovietz, 65 miles northeast of Warsaw. It said the Polish resistance was broken after "exceedingly fierce" fighting.

BABE RUTH GETS 39TH HOME RUN

DETROIT—Babe Ruth mared his 39th home run today, clouting the ball out of the lot on his first trip to the plate.

BENSON'S DREAM IS A REALITY

HOOD RIVER—With a simple ceremony the last shovelful of paving on the Columbia river highway between Hood River and Portland was spread Monday afternoon. As Hood River county officials, members of the paving crews and motor tourists crowded around the big truck that dumped the last "hot stuff" and posed for a photograph, C. A. Bell, pioneer logger and hotel man, called for three cheers for Simon Benson, chairman of the state highway commission and father of the great highway, who demonstrated the feasibility of the great highway by donating \$10,000 for construction of a mile of road at Shell Rock mountain, declared by many to have been impossible. An Oregon convict crew turned the first earth at Shell Rock on May 23, 1912. The paving of the Columbia river highway is now completed and a new era for the Hood river valley and mid-Columbia was predicted by the local men as they drove home and passed Wau Guin Guin, where the state's first strictly tourist hotel is being projected, and where, it was remarked, Simon Benson is again pioneering.

Thirty Americans Are Held By Bolsheviki

WAR RUMORS BOOST WHEAT

(By United Press) CHICAGO—As reports of the military situation in eastern Europe became more grave, wheat futures shot up rapidly and shortly before the close December delivery was quoted at \$2.40, and March at \$2.46, registering gains of 12 and 15 cents over opening prices.

CABLE LANDING IS PREVENTED

(By United Press) WASHINGTON—United States destroyers continue patrolling the harbor of Miami, Florida, to prevent a British ship from making a cable landing there. Officials said Wilson's order to the navy department to prevent by force if necessary, the landing of a Western Union cable from the Barbadoes, a British possession, was fully supported by the statutes.

The Western Union's application for a cable landing is before the state department, but has been held up pending satisfactory replies to government inquiries concerning the terms of the contract between the Western Union and British cable interest controlling the Barbadoes-Brazil portion of the cable.

The question is purely a domestic dispute between the government and the Western Union. The chartering of a British ship by the Western Union for the work is only a coincidence, and has no international significance.

POLICE BREAK UP I.W.W. MEETING

(By United Press) SPOKANE—Ten members of the I. W. W. are in jail here and officers are scouring the woods north of Hillyard in search of others, as a result of a raid on a Red convention in the timber three miles north of Hillyard, by city and county authorities. The appearance of the officers caused a hasty adjournment of the convention, but ten "delegates" were arrested before they could escape with the others.

MAY CALL FOR VOLUNTEERS

(By United Press) LONDON—Lloyd George informed the house of commons today that he had warned Russia that it should grant an immediate armistice, with fair terms, to the Poles. He said he delivered this warning yesterday to the Russian representatives in London and advised them that a continued Bolshevik advance in Poland made the allies suspect the sincerity of the soviet government in its professed desire for peace and resumption of trade relations.

While Lloyd George was making his statement, the Evening News announced it had information that the cabinet is considering calling for volunteers for a British expedition to go to Poland and fight.

OREGON GROWS

(By United Press) WASHINGTON—The census bureau this morning announced the population of the State of Oregon, according to the 1920 census, to be 783,255. This is an increase of 110,520 over the 1910 census, or a gain of 16.4 per cent.

Other returns announced: Santa Ana, Calif., 15,485, increase 7,059, or 83.7 per cent. North Tonawanda, N. Y., 15,482, increase 3,527, or 29.5 per cent.

Streator, Ill., 14,779, increase 526, or 3.7 per cent. Asbury Park, N. J., 12,400, increase 2,250 or 22.2 per cent.

Klamath Falls, New 50,000 feet capacity sawmill to be built by September 1.

Mt. Angel building \$125,000 public school building—money raised by popular subscription.

Portland to have a new cane furniture factory.

BRITAIN ON VERGE OF PLUNGE INTO WAR WITH RUSSIA; RUMORS MANY

SUGGESTS A NEW HOLIDAY

(U. P. Staff Correspondent) LONDON—The atmosphere of London is becoming increasingly tense and there is much discussion of the chances of Britain becoming involved in war. All sorts of reports are being circulated. One was that the government is ready to mobilize several divisions and send them to the front. Another was that Earl Curzon's note to the soviet was a virtual ultimatum, threatening war. The Times said it had learned that the Germans and Russians had negotiated a secret treaty before the beginning of the soviet offensive, under which it was agreed Russia should appropriate Polish arms, rolling stock and goods without interference from Germany; that Russia would be permitted to control Poland's exports; that the soviet forces would evacuate Poland, after having thoroughly subdued it, letting the Germans take possession. Germany would hold the country under this agreement, the Times said, as a guarantee for credits, goods and labor furnished Russia by Germany. It is also reported here that the Germans and Russians made a secret deal under which the Polish "corridor" through East Prussia was to be wiped out. This "corridor" was established by the world war peace treaty.

POLES SEEK AID OF U. S.

(By United Press) WASHINGTON—Threatened with overwhelming defeat, Poland today resumed efforts to obtain the support of the United States in her struggle with the armies of soviet Russia. The question of American aid was again taken up with the state department by Prince Lubomirski, Polish minister to the United States, who conferred with under secretary of State Davis.

MURDERED BOYS FOUND IN WOODS

(By United Press) MARION, Ill.—With their throats cut and heads crushed, the bodies of Tony Hemphill, age 17, and Amel Calcesterera, age 14, were placed in the morgue here today. Santino Desantis is held in jail in connection with their disappearance and murder. Squirrel hunters in the woods found the two bodies late yesterday, buried in a shallow grave covered with brush. A butcher knife, covered with blood, was found nearby.

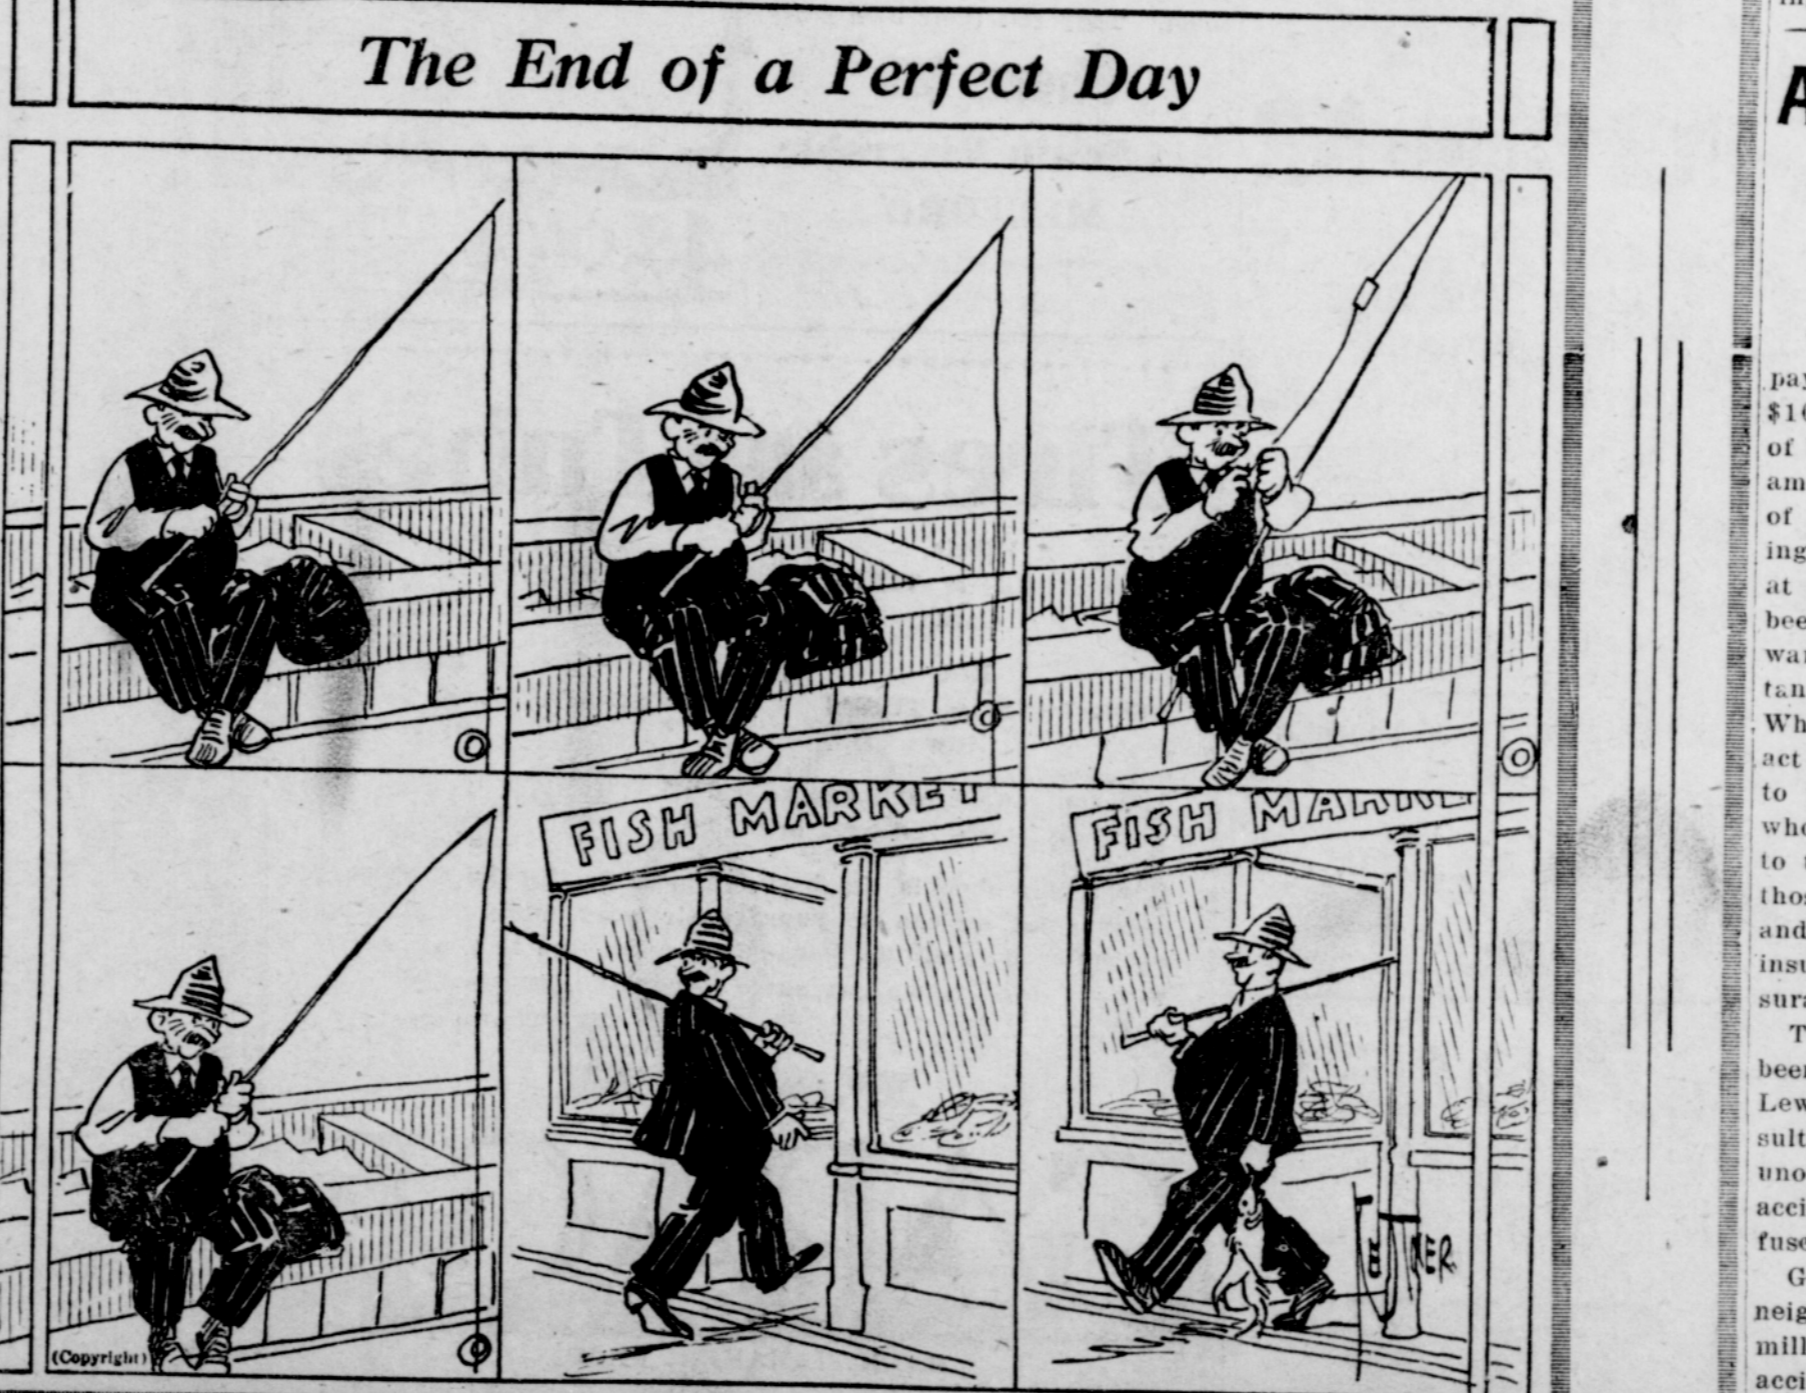

The authorities believe the boys were murdered to prevent their divulging information regarding a recent bank robbery. The boys have been missing from home since last Monday. According to the police, Desantis admitted he took the boys on a trip, but denied knowledge of the murder. The officials learned that the boys disappeared after a member of the Calcesterera family threatened to reveal information regarding a recent bank robbery.

ALLOT 12 SHIPS TO PACIFIC TRADE

(By United Press) WASHINGTON—Passenger service between the Pacific Coast and far eastern ports is soon to be established. Admiral Benson, chairman of the U. S. Shipping Board, announced today. Twelve new steel vessels are to be allocated to this service. Five will go to Seattle, five to San Francisco and two in the Honolulu trade to ports unassigned.

WEATHER FORECAST

For Oregon—Fair with unsettled east.

Word comes from Salem that payment by the government of \$10,000 each to the wives and next of kin of the Oregon artillerymen, among whom was Ralph Fraley of Ashland, who were killed during target practice at Camp Lewis at the recent encampment, has been asked of the secretary of war, by George A. White, adjutant-general of Oregon. Mr. White said that if necessary an act of congress would be urged to meet the case, since the men who were killed gave their lives to their country as such as did those who were killed in the war, and had not had the privilege of insurance under the war risk insurance act. The board of inquiry which has been sitting on the case at Camp Lewis has not published the result of their findings, but is unofficially understood that the accident was caused by a defective fuse. General White, who was in the neighborhood of the battery of 155 millimeter guns at the time of the accident, is determined to push the matter through, and is using
