Shasta Division Men Win D. S. O.

In the late issue of the Southern Pacific Bulletin are the lists of employees named for distinguished service order, who in the ordinary course of the day's affairs, by some special act of alertness or enterprise, contributed to the successful operation of the railroad in a manner that warranted recognition from their respective superintendents. Following is the list from the Shasta division, many of whom live in Ashland or are well known here:

H. D. Brown, engine foreman; J. Colvig, brakeman, and F. J. Porter, conductor, all of Klamath Falls—For their excellent services in extinguishing fire in baggage car and removing mail from car which likely would have been destroyed had fire gotten beyond control.

Otto Beck, operator, Mt. Hebron—For the excellent service performed in making repairs to phone and telegraph wires put out of commission by lightning, thereby lessening delay to both trains and telegraph business.

Geo. Walker, signal maintainer, Sisson—For the splendid service rendered at time fire was communicated to our telegraph line, he having climbed several poles with a bottle of water, the only means he had, and extinguished fire, preventing a complete failure of lines in vicinity of fire.

W. A. Thaxton, section foreman, Sims—For close inspection of passing train, resulting in discovery of brakebeam dragging under car in train, promptly notifying crew and assisting in effecting repairs.

J. G. Wiley, B. and B. foreman; B. B. Balis, conductor; W. H. McCann, engineer; F. F. Early, brakeman, all of Redding—For the splendid assistance rendered in rerailing car in train, materially reducing delay to that and following trains, such service being given without solicitation.

Carl Hilty, fireman, Mott—For voluntarily offering his services to take engine which was tied up under the hours of service act to terminal, notwithstanding the fact that he was deadheading to another point account sickness.

A. J. Russell, agent; C. L. Lewis and V. L. Richardson, warehousemen, Dorris—For protecting company property from building on fire adjacent to same.

O. W. Long, conductor, Mott—For interest displayed at time of congestion on road, at which time he secured the services of fireman who was deadheading on his train to messenger engine, which was tied up under the hours of service act, to terminal, thereby relieving congestion and lessening delay to traffic.

W. C. Sellman, engineer—For locating a cracked wheel under tender of engine which was in his charge; very obscure defect in rim of wheel.

C. J. Murcar, yardman; J. L. Burroughs, carman; C. W. Hatler, car inspector, Gerber—For valuable service rendered in extinguishing fire discovered in a car, such assistance materially reducing damage to car and contents.

SOLEMN REFERENDUM DECLARES GOV. COX.

(By United Press)
LONDON, Oct. 4.—A Warsaw dispatch today said that Poland and Lithuania had concluded an armistice.

Announcement of such an agreement had been expected in view of that fact that Poland had discontinued her efforts to seize Vilna, the Lithuanian capital. Polish troops were within striking distance of Vilna but were halted, while the main offensive further south was directed to the east against Bolsheviks.

WHEAT TAKES 10 CENT DROP

(By United Press)
CHICAGO, Oct. 4.—December wheat fell ten cents on the Chicago Board of Trade today. Heavy cash selling and considerable liquidation by sea board interests were the bearish influences.

A report that India has shipped 112,000 bushels of wheat last week also aided in forcing down the market.

WILSON WILL WRITE NOTES

(By United Press)

The president will conduct what the democrats term an educational campaign, telling the country just what he believes the framers of the league had in mind when they wrote it.

In his first campaign statement, issued last night, the president declared the election will be "a genuine national referendum," and that "the whole world is waiting for your verdict."

ARMISTICE ARRANGED

(By United Press)
LONDON, Oct. 4.—The campaign has developed into a "solemn referendum" on the peace treaty, with its proposals for a league of nations to prevent future wars, Governor Cox today told a delegation of the League of Women voters at his home here.

After asserting that ten years ago anyone who suggested that a national referendum would be necessary to determine whether the United States should enter a league to prevent war, would have been ridiculed, the governor predicted that the women of the nation will not vote to scrap the covenant.

BOLSHEVIKI ARMIES ARE CRUMBLING

SUGAR STOCKS ARE ENORMOUS

BOSTON, Oct. 4.—The drop in sugar prices caused a shrinkage in value of at least \$250,000,000, according to an estimate made to Attorney-General Allen today by Edwin F. Atkins, an official of several of the largest sugar companies. Stocks of sugar in this country now are enormous, he said. He estimated them at 2,000,000 tons.

The attorney-general expressed the opinion that when the drop came the American Sugar Refining company should have absorbed some of the loss to help small dealers who had stocked up at the higher prices.

Ashland Takes First Football Game From Klamath Falls

Ashland high school won its first football game of the season last Saturday from Klamath Falls high school team, the final score being 16 to 6. Due to its being the first game, each team had their troubles in holding to the ball. At times football plays were worked that would have done credit to post-season players.

Ashland outplayed the Falls team in all phases of the game and should have run up a much larger score. One touchdown, worked on a very clever forward pass, was not counted on account of a penalty.

The game was a good one all the way through and exciting enough to give the crowd their money's worth, both teams showing plenty of pep and fight. The Ashland team is made up of new material, and of the kind of stuff that will keep Ashland school, as it always has been, to the front in football.

Klamath Falls, getting their choice, took the south goal, the Ashland team kicking. Ashland soon recovered on a fumble and kicked goal from place, making three points. On the next kickoff Ashland received and on a fine end run of 30 yards made the first touchdown of the game. Failing to kick goal, the score at the end of the first quarter was 9 to 0 in favor of Ashland.

Klamath Falls came back strong and was able on a fake end run to put over a touchdown. They failed to kick goal and this made the score 9 to 6 at the end of the second quarter.

Early in the third quarter Ashland received one of the Falls' forward passes and made the second touchdown for Ashland. Kicking goal this time made the score at the end of the third quarter 16 to 6 in favor of Ashland. The last quarter each team had its ups and downs, but neither was able to put the ball over.

Perhaps where Ashland showed its greatest strength was in the second and fourth quarters. Klamath Falls, by a peculiar result of
