FINAL FAIR ARRANGEMENTS FORMED

1116 ENROLL IN RED CROSS MEMBERSHIP

ASHLAND GOES OVER THE TOP IN ANNUAL SUBSCRIPTIONS—TALENT LIST NOT YET COUNTED IN MEMBERSHIP ROLL.

Ashland's Red Cross Roll Call, which terminated on Thanksgiving Day, has met with such a generous response in this community as to make the result an occasion for real Thanksgiving. At no date except during the war, has our local Red Cross membership exceeded its present strength. Ashland's Red Cross branch can now boast an enrollment of 1116 members, with Bellevue's canvass not yet completed and with Talent still to be heard from.

For this success there have been a number of "contributing causes," foremost among which may be mentioned two weeks of hard work on the part of Mrs. Alice Peil, the efficient campaign manager, and her corps of devoted helpers; also, the able re-enforcement afforded their efforts by the publicity so freely given by the Ashland Tidings; both of these backed again by the intelligent patriotism of our all-American, "white-skinned" town.

Though the formal time-limit for the annual Red Cross Roll Call was from November 11 to 25, there is really no time-limit set on the taking out of Red Cross memberships. You may join any day that the altruistic spirit happens to move you at McNair Bros' drug store, where a permanent station will be maintained.

COLLEGE STUDENTS TO JUDGE CATTLE

(By the United Press)

CHICAGO, Nov. 27—Students from fifteen colleges and universities meet here today to participate in a cattle judging contest in connection with the annual meeting of the International Live Stock Exposition and Horse Fair.

The contest has an international flavor, as Canadian boys have entered against those from Penn State, Ohio, Illinois, Oklahoma, Texas and other state colleges.

Texas A. and M. students won the trophy in the stock judging contest last year and students from other colleges will attempt to wrest from them the honor.

Much interest is attached to the horse fair which is to be held each night of the exposition. It is said the show is the classiest to be held west of New York city.

GERMANY BITTER OVER DEMANDS OF THE ALLIES

(United Press Staff Correspondent)

BERLIN, Nov. 27—Germany feels that in her conduct of the war she was no more criminal than the allies, and she is not seeking forgiveness for herself or others, according to Bernard Dernburg, in a remarkable open letter today to Foreign Minister Pueroydon of Argentina, who is attending the League of Nations meeting at Geneva.

Bernard Dernburg stated that he could not condemn the sinking of the Lusitania without disloyalty to his country. Mr. Dernburg declared Germany is "willing to prove that the measures and means used by Germany during the war were neither in proportion nor kind, worse nor more criminal than those used by our adversaries," and he asserted, "we neither seek excuse nor ask forgiveness from others or ourselves."

He said the German people were not hurt so much by the economic and financial stipulations of the treaty as by the spirit with which they were branded with a stigma of moral unworthiness, destroying at the outset the spirit of good will, without which the League cannot survive.

HEAVY TAX RATES FOR GOVERNMENT

TREASURY DEPARTMENT PASSES INFORMATION OF CONDITION OF FEDERAL GOVERNMENT TO WAYS AND MEANS COMMITTEE AND MEMBERS OF HOUSE.

(By Herbert Walker.)

WASHINGTON, Nov. 27—The next congress may be confronted with the necessity of either increasing the tax rates or providing another issue of long term bonds, according to preliminary surveys of the financial situation made for members of the house ways and means committee by treasury officials.

The indications are that chances are poor for even slight reductions of a few of the most onerous taxes. Some increased levies, particularly on non-essentials, will be recommended when congress reconvenes, according to reports at the capital.

Probability of the increases is not brought about through increased government expenditures, as the republicans expect to reduce these. The reason is that the present rates are beginning to yield far less than during the years of big war-profits.

The current depression, treasury officials believe, will also cut a big hole in the yield of the excess profits tax, which brought in a large percentage of the government revenue.

The government expenditures will continue to be high, due to the tremendous war debt of the country, the interest on which amounts to nearly a billion and a quarter a year.

The Medford Mail-Tribune says: The victory of the Medford football team over Ashland high school on Thursday fattened the purses of a number of local citizens. One of the heaviest winners has promised to make a substantial donation to the bleacher fund.

MRS. EMERY DIED EARLY THIS MORNING

DEATH WAS CAUSED FROM RESULTS OF FORMER ATTACK OF FLU—HAD BEEN ILL ONE YEAR.

Mrs. Alwilda Colvig Emery, wife of Henry S. Emery, died at an early hour this morning at her home on Holman street. Mrs. Emery had been in failing health for almost a year, when an attack of influenza late last winter had caused a severe illness. All through the spring her condition was most serious, but with the arrival of warm weather she rallied and had become able to be about again. For the past week or so, however, she had begun to fail, and her death was not unexpected.

The death of Mrs. Emery removes another of the pioneers of Jackson county, who had much to do with the development of the far west. She was the daughter of a pioneer doctor, who crossed the plains in 1852 from Platt county, Mo., and settled in what was then practically a wilderness. For the past 50 years Mrs. Emery and her family resided in Jackson county and have occupied a prominent position in the annals of Southern Oregon. She had been a member of the Christian church from the age of 14 years.

The funeral will be held Monday from the late home at 110 Mechauc street, with private services, and interment will be made in Mountain View cemetery. Mrs. Emery is survived by her husband and six children: Mrs. C. R. Loshier and Melvin S. Emery of Portland; H. S. Emery, Mrs. G. W. Watson, Misses Nina and Hazel Emery of Ashland. Three brothers also survive. These are Volney Colvig of Ashland, William Colvig of Medford and George Colvig of Grants Pass.

Edwin C. Pettit of the late firm of Kerr & Pettit, architects of Honolulu, H. I., arrived in Ashland Wednesday evening. Mr. Pettit for the past ten years has been in active practice as an architect, designing and constructing most of the larger work done on the islands, and has in all that time had only one trip to the mainland, previous to retiring from the firm at the end of last June, when he came to San Francisco. He spent about four months in California and a week in and around Medford investigating business enterprises and regaining his health, as the tropical climate is very enervating. At the end of September he again returned to Honolulu to settle personal and business affairs, selling his home and furniture. After two weeks' stay, during which he was offered two responsible positions as an inducement to remain, he came to Ashland to join his family and thoroughly recuperate. Mr. Pettit says that should business warrant it, it is quite possible he will make his permanent home here.
