ASKS BRITISH TO DEMAND BERGDOLL

COMMUNIST HEADS URGE A STRIKE

(By the United Press) BERLIN, Mar. 25—A general strike was ordered today by unanimous action of communist executives. The workers are urged to arm themselves and fight to the end. Seizure of factories and sabotage on every hand is urged. Four thousand troops were rushed into Saxony today.

U. S. AND JAPAN COME TO AGREEMENT

(By the United Press) TOKIO, Mar. 25—The House of Peers was informed today that the government had reached an agreement with the United States in regard to the Pacific cable. Japan will control the line to Shanghai, and the United States will control the branch to Guam, it was stated. No further reports were received in regard to the Yap situation. Baron Uchida indicated the government is not considering a trade agreement with the Bolsheviks. "It is unnecessary to follow Great Britain's example," he said.

SECOND DEGREE MURDER VERDICT

(By the United Press) PORTLAND, Mar. 25—Joseph Poeschl was found guilty of murder in the second degree by a jury before Circuit Judge McCort today. Poeschl shot and killed Attorney Chas. J. Schnabel in the Multnomah county court house in Portland. A life sentence is automatically entailed by the jury's findings.

WEATHER FORECAST.
For Oregon—Rain west, fair east.
Henry Ford's case is not exceptional. His financial troubles began shortly after he started a newspaper.—Eugene Guard.

Public Is Turning From Risque Movies

(By the United Press) PORTLAND, Mar. 25—"There's much perfectly sincere but equally unnecessary labor being wasted on the part of reformers who are worried about the motion picture business." This is the assertion of Lewis H. Moomaw, manager of the American Lifeograph company studios at Portland, in an interview with the United Press. Moomaw is known as the pioneer producer of the northwest, among some of his better-known pictures being "The Golden Train," "The Deceiver," "Songs Forgotten" and "The Perils of Paul," comedies. "The present censorship system is rather an expensive joke on the film industry," he said. "A picture is chopped up one way in one state, and another way in the next. It all depends on the peculiar ideas of the laymen on the different boards. "Censorship is a good thing, because certain members of the film industry have insisted on going to extremes. But censorship should be national and not local. Pictures should be censored, if necessary, at their source, before they are released and prints have been sent all over the country. "Personally, I think the industry is working out its own salvation.

PROHIBITIONISTS WILL FIGHT SALE OF BEER

TROOPS CALLED TO SUPPRESS COMMUNISTS

(By the United Press) WASHINGTON, Mar. 25—The reincarnation of the sale of beer through the drug store, will be energetically fought, Prohibition Commissioner John Kramer today announced. Kramer made this statement in connection with the regulation on the sale of real beer, drawn up in accordance with the ruling of Former Attorney General Palmer that beer can be sold as a medicine. Word reached Kramer from various sources that with the signing of the new regulations, drug stores will sell real beer at soda fountains. "We will make the sale of real beer for any other purposes than medicine as hard as possible," Kramer said.

GREEKS' LONG DREAM CANNOT BE REALIZED

(By Mail to United Press)—Greece may extend her boundaries—on paper—so as to include practically all of the ex-Turkish Levant; she may occupy the entire coastline of the Aegean and Marmora seas, with the active or noncommittal assistance of the allies, but the long-dreamed of Hellenization of the former Byzantine Empire is a virtual impossibility. This is the firm conviction of enlightened and unprejudiced Greek Entente officials in Smyrna today. The situation in the city of Smyrna, for instance, is pointed to as an example of what the Greeks are up against. Smyrna has a population, roughly estimated, at 350,000. Of this number fully one-third are pure Turkish. Greeks, Armenians and Jews, evenly divided, make up the other two-thirds, including, of course, the scattering of Europeans and Levantines. With the fatalism of his race, the native Turk has resigned himself to his fate. He realizes that the Ottoman Empire, so far as Smyrna is concerned, is no more. He has seen the Sultan gradually and irrevocably pushed back, back, back into Asia; the past two decades. After ten years of war, the average Musselman is not sorry. However, he will not co-operate with the invaders. He accepts the present state of affairs because it is.

EX-PRESIDENT HAS INDIGESTION

(By the United Press) WASHINGTON, Dr. Cary T. Grayson was hurriedly called to Ex-President Wilson's home today. At Dr. Grayson's office it was said Mr. Wilson was suffering from indigestion, but was responding to treatment.

AVIATOR BREAKS BACK IN FALL

(By the United Press) MONROE, La., Mar. 25—Lieutenant William Devoe Conry, while making a coast to coast flight from Pablo Beach, Fla., to San Diego, Calif. fell at Crowley, La., near here today. He dislocated his spine and may die, according to Doctors Darrell and Winn, who are attending him. Conry is being cared for at the Lanier farm house, where he fell. He is too seriously injured to be moved to a hospital.

DATE SET FOR EXECUTION OF ISOM WHITE

(By the United Press) EVERETT, Wash., Mar. 25—Unless Governor Hart yields to the will of thousands of petitioners and commutes his sentence, Isom White will hang May 20 for the killing of Leo Linton, a taxi driver, on November 11. Judge Bell today set the execution date and signed the death warrant. Nothing but executive clemency can save the boy, now in Walla Walla penitentiary.

S. P. ASKS REHEARING ON WOOD FREIGHT

SALEM, Mar. 25—The Southern Pacific company has petitioned the public service commission to defer for thirty days the effective date of the order reducing the rate on fuel wood and wood products and to grant a rehearing of the application of the railroads for an increase in rates. Recently the Oregon-Washington Railroad & Navigation company petitioned for a rehearing. In its order the commission cut by 15 per cent the existing rate, instead of increasing it 15 per cent, as demanded by the carriers. An argument on the question of whether a rehearing shall be granted will take place at the commission's Portland office March 29.

SOON TO PUBLISH NAMES OF SLACKERS

WASHINGTON, Mar. 25—The names of persons who evaded the selective service law will be made public by draft districts as rapidly as the lists for the districts can be compiled, it has been announced at the War Department. Local draft boards are rapidly completing a final check to make sure that the name of no man shall appear as a draft evader who actually served in some branch of the military service of this country or the allies. It was understood that the first district compilation would be completed within a few days.

Fight Fans Eager To See Big Bout

(By the United Press) NEW YORK, Mar. 25—The Dempsey-Carpentier contest is going to be the greatest sporting event in history, Tex Rickard believes. "The world's greatest boxing promoter talks of his pet match with all the pride of a father in a prodigy son. It is quite apparent that he rated it as a first class attraction from the start when he was willing to put a half-million dollar collar around his neck to make the match. Rickard smiles in the face of problems that would drive the ordinary man to a brain expert. He is supremely confident that he will make enough money off the "battle of the age" to pay him for his time and trouble. "I had this match in mind the night that Jack Dempsey knocked out Jess Willard in Toledo," he said today. "I've kept my hand on the public pulse since that day and I was so sure that it would be a winner that I was willing to stake a fortune on it. "Sport followers worship idols in their own modern way. The turnstiles of the baseball parks and the track when Babe Ruth and Man o' War perform indicate just as much tribute to the modern gods as the burning of incense in the olden days. "Everyone admires the perfect man, the perfect fighter. The same

NAME MEN LOST WITH BALOON

(By the United Press) WASHINGTON, Mar. 25—The navy department made public today the names and addresses of the men missing with the navy balloon from Pensacola, Fla., since Tuesday. These are: Officer Pilot George Wilkinson of Houston, Texas; Russel Eland of Belleville, Ill.; Edward Kershaw of Payne, La.; John Elder of Lebanon, N. Y. and William Trefey of Salem, Mass.

FLIP OF COIN GIVES MAN FIRST DIVORCE MOVE

NEW ORLEANS, Mar. 25—The flip of a coin in court decided that Ernest A. Allegeyer should be allowed to file his petition for divorce before that of his wife. Attorneys for Mr. Allegeyer and Mrs. Allegeyer staged a race for the office of the court clerk that resulted in an even break. Taking a five-cent piece, Judge King flipped it into the air, covered it with his hand and asked the attorney's to choose heads or tails. The husband's attorney won.

ETHER RESTORES FLIER'S SPEECH

BOSTON, Mar. 25—Administration of ether to Ernest Young, former British aviator, detained here by immigration officials, brought back his lost power of speech. After being shot down in a plane behind the German lines, Young became speechless. He recovered the use of his tongue while in a prison camp. He tumbled from his bed here a week ago and again lost his speech. Dr. Albert Murphy, attached to the medical staff at a Long Island institution, conceived the idea of ether treatment. Young began to talk as soon as he came out of the ether.
