OFFICE OF COMPTROLLER OF THE CURRENCY.

Washington, March 8, 1921 WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "THE FIRST NATIONAL BANK OF ASHLAND" in the city of Ashland in the County of Jackson and State of Oregon, has complied with all the provisions of the Act of Congress "to enable National Banking Associations to extend their corporate existence, and for other purposes," approved July 12, 1882.

NOW, THEREFORE, I Thomas P. Kane, Acting Comptroller of the Currency do hereby certify that "THE FIRST NATIONAL BANK OF ASHLAND," in the City of Ashland, in the County of Jackson and State of Oregon, is authorized to have succession for the period specified in its amended articles of association; namely, until the close of business on March 8, 1941.

IN TESTIMONY WHEREOF witness my hand and Seal of Office this Eighth day of March, 1921. (S) T. P. KANE, Acting Comptroller of the Currency. Charter No. 5747 Extension 164-1m No. 3906

NEW CONCRETE BLOCK IS INVENTED BY JUGOSLAV

LOS ANGELES, Mar. 25—A new type of concrete block, by which a house may be built at less cost and one third the time required for the ordinary frame construction, has been placed on the market by a Los Angeles firm, the Granolithic Construction and Manufacturing Company, entirely controlled by American citizens of Yugoslav origin: The method of manufacturing the blocks is an invention of the president of the company, Anton De Ciciliani, an architect and builder, born in Dalmatia, Jugoslavia.

REVENUE CUTTER BEAR IS RETIRED

SAN FRANCISCO, Mar. 25—Famed veteran of far northern patrol routes, the old revenue cutter Bear, which for 35 summers has broken ice paths, fought pirates and smugglers, rescued explorers and done many other things in Bering sea, has been taken off her old run.

The Bear's work in the icy north is over and the old boat will spend her remaining days basking in the sun at San Diego, Cal., where she will be used as a naval training ship.

Every spring for years the Bear has been the first vessel to enter the Bering sea after the departure of the winter ice. She always left Seattle in late April or May and early in June was at the southern edge of the receding floes, ready to follow them north. Following her lead came the passenger and freight vessels with fresh supplies for the winter-bound camps.

Throughout the summer the Bear would patrol the Bering and very often venture up through Bering straits into the Arctic ocean. She carried supplies to isolated Eskimo school stations and mission posts, went to the assistance of vessels in distress and called in at points on the Siberian coast. Every Alaskan seacoast point from Point Barrow, at the "corner of the continent," down to Dutch Harbor, on the Aleutian Islands, and even points in southwestern Alaska knew the Bear.

A score of explorers have been aided by the Bear. In 1884 she found and rescued seven survivors of a party of 35 Lieutenant Adolphus W. Greely led into the Arctic. Later, in 1914, she picked up and brought south members of the crew of the schooner Karluck, the wrecked flagship of an expedition piloted by Vilhjalmur Stefanson, Canadian explorer.

Osborn's people are enthusiastic about their town and feel a new lease on life for it, when it gets moved. Business men and officials are busy planning ways and mean to bring new industries and start the building of a larger and more modern town.

Three concerns are seeking the job of removing Osborn. A contract is to be awarded soon. Plans now provide for the laying of railroad tracks between Osborn's old and new home and transporting the buildings and dwellings on specially built railroad cars.

ALIENS TO BE SENT TO SMALL FARMS

WASHINGTON, Mar. 25—Arrangements to divert immigrants from the cities and industrial centers and to co-ordinate agencies of the departments of interior, agriculture and labor to place the newcomers on small farms, have been announced by W. W. Husband, commissioner general of immigration.

The new commissioner general made public a method approved by Secretary of Labor Davis, which he says will help solve the immigration problem and at the same time correct the economic situation arising from the flow of population to the large cities.

"There is land enough in this country for millions of small farms," Commissioner Husband said, "land that the department of the interior is opening in the west for entry, lands in the south and elsewhere that are now swamps, but can be drained and put to use, and still other lands in the east that have been abandoned as farms by the drift of our population to the cities.

"Our scheme is not to replace American farmers with foreigners, but to create new farms and make new farmers, thereby increasing the resources of the nation. Our immigration problem is largely a problem of distribution of the immigrants."

DEFERENCE PAID TO "BABE" RUTH

SHREVEPORT, La., Mar. 25—An automobile has been placed at the disposal of Babe Ruth during his stay in Shreveport, and by a special dispensation he will be able to drive without taking out the usual license.

According to announcement by the commissioners of public safety, Babe has only to display a plate bearing his name. The announcement reads: "Permission is granted to Babe Ruth, the king of swat, to operate an automobile without displaying a state license in the city of Shreveport."

A child who flits like a shadow in front of your car before you know it—? A skid of those swift revolving wheels and a smashing ruin—? Another driver who, less careful than you, makes you suffer the penalty of his rashness—? Is there no message for you in the wrecks you read of in every daily paper?

You cannot tell what lies beyond the turn of the road, but you can protect yourself against it—against damage to your car, against theft and against damage suits for personal injuries or property losses. DO IT NOW BEFORE IT IS TOO LATE.

PASTOR REFUSES SALARY INCREASE

MOUNT VERNON, N. Y., Mar. 25—The Rev. Otho F. Bartholow, pastor of the First Methodist Church here, has refused a salary increase of \$1000 a year, offered him by the church board.

He said his \$6000 a year salary is sufficient and he will return the increase if it is sent to him. He has been pastor of the same church sixteen years, and is leader of a Bible class of 1800 members.

"RED MEN" ARE NOT REALLY RED

NEW YORK, Mar. 25—The American Indian is not a red man. His actual color is yellow and he is akin to the Japanese, Chinese and Koreans.

So says Dr. Clark Wissler of the American Museum of Natural History in the March number of the Mentor Magazine.

Scientists now believe that the Indian migrated to America from Asia via the Bering Straits and Alaska, Dr. Wissler says.

ASHLAND TIDINGS

Comply With the Law

AND USE

Printed Butter Wrappers

ACCORDING to the ruling of the Oregon Dairy and Food Commission all dairy butter sold or exposed for sale in this state must be wrapped in butter paper upon which is printed the words "Oregon Dairy Butter, 16 (or 32) ounces full weight," with the name and address of the maker.

To enable patrons of the Tidings to easily comply with this ruling this office has put in a supply of the standard sizes of butter paper and will print it in lots of 100 sheets and upward and deliver it by parcels post at the following prices:

100 Sheets, 16 or 32 ounces	\$1.75
150 Sheets, 16 or 32 ounces	\$2.75
500 Sheets, 16 or 32 ounces	\$4.00

Send your orders to us by mail accompanied by the price of the paper and it will be promptly forwarded to you by parcel post, prepaid.

We use the best butter paper obtainable, and our workmanship is of the best. Let us have your order and you will not regret it.
