U. S. Leading In Race For South American Trade

RACE FOR LAURELS OF SOUTH AMERICAN TRADE LIES BETWEEN UNITED STATES, JAPAN AND GREAT BRITAIN.

By A. J. WEST
(United Press Staff Correspondent)
LONDON, June 29.—South America is today the brightest jewel in the diadem of trading nations and one of the keener struggles in the history of commerce is now in progress for possession of a priceless treasure.
This is the opinion of Sir Kingsley Wood, M. P., parliamentary private secretary to the Minister of Health, and an authority on South American trade and affairs.
"The championship is being played mainly in the Argentine Republic," said Sir Kingsley. "The stakes are 100,000,000 pounds and for the moment the United States are winning."
"Great Britain, it is only fair to say, was once the undisputed champion, nor need she be afraid of the reason why she was thrown off her form. It was the war that turned the Argentine competition upside down. It found us first and America second; it left us first and America second. Not less significant, it sent Japan shooting ahead of Germany, France, Italy and Belgium."
"The arrival of Japan is a surprising event to many Englishmen. In 1915 she sold to Argentina just over 200,000 pound worth of wares. For the first six months of 1919, that total had leapt up to 3,450,000 pounds and it continues to rise. Chiefly it is a trade in cotton yarn, cotton drill, silk handkerchiefs, glossy silk, calico, socks, and an assortment of toys, buttons and lead pencils. Japan, moreover, has opened a bank at Buenos Ayres, while several Japanese merchants are now in business there, and she has a line of steamers sailing regularly to the River Plate. Definitely, in short, Japan has arrived among the nations."
"As time goes on the race for first place will probably be between the United States, Japan and Britain. As for Germany, her future in South America is as yet uncertain. Once upon a time she supplanted Argentina with more than half the jewelry and metal ware bought from the rest of the world."
"Today, the agents of German manufacturers are back again, offering chemicals and dyes, machinery and hardware at 'cut' prices. But abnormal competition of that sort admittedly cannot endure, and in any case it has not materially affected the main struggle between the United States and Britain."
"Here there is no reason why Britain should not take the lead as emphatically as she has done on the golf links. The Argentine people like us, and they like our methods. Millions of pounds of British capital have helped to develop their country."
"If the prize were the chief share in a yearly trade of one hundred million pounds, it would be well worth the striving for. It is much more

than that. The Argentine is like Australia; she has just begun to grow and nobody can mark the limits of her future. Could the wealth half a century hence of that practically virgin land be accurately foretold today, there are a few among us who would have the imagination to accept the picture of such prosperity. A population rather larger than Belgium's is living in a country bigger than the United Kingdom, Germany, France, Spain, Italy and Japan, put together. Its possibilities are well nigh as vast as the need of the human race for meat and wheat to eat and wool to wear. It is a share in these future possibilities as much as to win a present advantage that the nations strive in amicable rivalry.
"There's room for all, but the question is,—who will be first?"

Army Planes to Parade Over City Streets July 4th

LIEUT. CARTER OF MEDFORD WILL ENTERTAIN CROWDS WITH DARING STUNTS

Charles Davis, city manager of the celebration committee of Medford, has assured the local committee that at least one army plane, piloted by Lieut. Carter, will fly over the city during the celebration July 4, entertaining the crowds with a series of stunts.
If possible, Lieut. Carter stated, permission will be obtained from headquarters for the use of several army planes on that day. If the potential program is carried out the fleet of planes will be decorated with streamers and other indicative marks of a "grand and glorious Fourth." Lieut. Carter has a reputation in Jackson county as a daring aviator. It is thought by the Medford committee that Lieut. Carter will lead the airplane parade directly over and close to the city streets.

KLAMATH FALLS YEGGS THOUGHT TO BE AT EUGENE

EUGENE, Ore., June 29.—One or two alleged safecrackers, who escaped from Klamath Falls after a running gun fight with deputy sheriffs, are believed by local police. Sheriffs are on the trail of the men for alleged robberies committed in Yreka and other California towns.
Sheriff C. P. Devereaux found an automobile, containing shotguns, and shells, bearing the same license number as the car user by the escaping yeggmen. The man with the car was trying to steal gasoline from a service station when he was frightened away by Sheriff Devereaux, who discovered the men.

BORAH'S NAVAL BILL AMENDMENT PASSED BY HOUSE

WASHINGTON, June 29.—The House late today approved the Borah disarmament amendment to the Naval Bill. The amendment calls for a disarmament conference with the United States, Great Britain, and Japan. Republican leaders made no effort to make a substitute for the Borah plan. The resolution was approved by the House Foreign Affairs committee in extending the scope of the conference to other nations. The plan is objectionable, President Harding indicated today in a letter to majority House leader, Mondell.

REFORM BUREAU ACCUSE PRINCIPALS OF LAW VIOLATIONS

JERSEY CITY, N. J., June 29.—(United Press)—Failing in attempts to block the Dempsey-Carpentier championship prize fight by injunction, officials of the International Reform Bureau, today demanded indictment of the two principals.
Robert Watson, vice president of the reform organization, voiced the indictment threat, declaring that prosecutor Carvin of Jersey City will be asked to take the case before the Hudson county grand jury, charging promoter Tex Rickard, Dempsey, Carpentier, and their managers were guilty of conspiracy to hold a prize fight in violation of the New Jersey state crime laws.
Attempts of the Reform Bureau to get injunction prohibiting the fight failed yesterday in two courts so that organization switched to the indictment plan of attack of today.

JERSEY CITY, N. J., June 29.—The International Reform Bureau has abandoned efforts to halt the Dempsey-Carpentier fight by an injunction and are attempting to indict the fight promoters and the principals. Robert Watson, president of the bureau, is conferring with Trenton and other officers of the bureau and is attempting to push indictment proceedings before the grand jury.

Harding to Appoint Taft Chief Justice Tomorrow

Will Succeed Late Chief Justice White
By RAYMOND CLAPPER
(United Press Staff Correspondent)
WASHINGTON, D. C., June 29.—Announcement of the appointment of William Howard Taft as chief justice of the United States Supreme court will be made shortly, it was learned today from an authoritative source.
President Harding, it is reported, has practically decided in favor of former President Taft, and will announce the appointment tomorrow unless some hitch comes.
Taft, who rose to prominence in public life as a federal judge, has long been thought to covet a place on the bench of the supreme court. As president he was in position of elevating several jurists to that exalted position which he could not give himself.
The late chief justice White, whom Taft is slated to succeed, was appointed to that position by Taft, then president.

Pasmore Trio Make Hit At Chautauqua

The Pasmore Trio of San Francisco, gave the second number of the Chautauqua Program last night before the greatly augmented and very enthusiastic audience which was held in the grip of great music, interpreted in a great way by the young artists. The concert was one of the most delightful ever heard in Ashland.
In addition to the trio, Suzanne Pasmore, Mildred Wright, and Grace Becker played piano, violin and cello solos, respectively, and it is the highest praise to say that the young players of the stringed instruments fully live up to the Pasmore standard.
Mildred Wright played with understanding, fine technique, great sympathy and warmth of expression. Grace Becker's whole personell is exactly fitted to her instrument. Suzanne Pasmore is known to us all but her solos revealed an art that shows development.
The announcement that the Pasmore Trio would give another concert on Friday evening was received with acclaim. A splendid program will be given, and it may be predicted to a very large house.

TEMPORARY IRISH PEACE EXPECTED AT CONFERENCE

LONDON, June 29.—Premier Lloyd George's Irish peace proposal struck a snag today when Sir James Craig, the Ulster premier, declined to meet "President De Valera of the 'Irish Republic' in a preliminary conference."
De Valera had asked premier Craig and other Ulster leaders to meet in Dublin July 4 to discuss an answer as "spokesman of the Irish nation," when they meet Lloyd George on the latter's invitation.
An unofficial armistice with Ireland is expected as the first result of Lloyd George's peace offer to "President" De Valera. Sinn Fein leaders are urging De Valera not to meet the Premier the withdrawal of Black and Tan troops from Ireland is agreed upon. The indications are that such a demand will be refused. However, a lull in hostilities is expected and both sides are expected to get a great deal from the conference.
Raids and skirmishes in and about Cork continued all day yesterday.
