For \$2 a Week

a Vacation for Mothers

Wouldn't you relish relief from home labors—at least a part-time rest from heavy washday work these warm weather days?

'Tis true we can't take you to the seashore, or even bring the mountain breeze—but we can take the fuss and fumes of washday out of the home and give you leisure that will make each week pleasanter—and at a cost that's most moderate.

For the many bundles that come to us, the average cost is but \$1.50 to \$2.00—of course, there are some that cost more; others that cost less.

We call this our Family Laundry Service. Our driver calls for everything at a definite time on definite days. We wash everything, daintily iron the flat pieces; fluff up the bath towels and underwear ready to use, and leave to you only the ironing of the lighter pieces, such as many women prefer to do themselves. Everything refreshingly clean—and delivered to your door just as punctually as it's collected.

Phone for full information—you'll find much more to this home vacation service that you'll appreciate.

"Yes, We Have It" NEW PARTS FOR ALL CARS ALL OVER CALIFORNIA auto repair men have learned they will get this response to a call for a part—no matter what part it is or for what car—from Patterson Parts, Inc., of San Francisco and Oakland, and now of this city, at 20-22 Twelfth Street North at Burnside. And what is more, the response, "Yes, we have it," is followed by immediate delivery. PATTERSON PARTS, Inc., by its complete stock of parts for all popular cars, its service in procuring obsolete parts and its hasty delivery has earned the reputation of having "speeded up" the entire replacement and repair business in California. Motorists get their cars in a hurry because there is no delay in "waiting for parts"; garage men make more money by increasing their job turnover, and at the same time they can cut their capital investment by reducing their stock of parts. Already many Oregon repair men have availed themselves of Patterson Parts' service—at long distance. Now, with the Portland branch fully established, the service is available to all the garage and repair men in the state of Oregon, and Patterson Parts, is in a position to do for Oregon repair men exactly what it has done for those in California. Have your garage man call on Patterson Parts, Inc., the next time he needs a part for your car. In addition to a large stock of parts for all popular makes of cars, Patterson Parts, Inc., carries an absolutely complete stock of JAHN'S MANN Quality Light Weight PISTONS WRIST PINS MUSKEGON Quality Step-Cut PISTON RINGS MANN Fly Wheel Starter GEARS DOUBLE DIAMOND PIONEER DIFFERENTIAL White Metal BEARINGS GEARS TURNER Heat Treated AXLES McCORD Cylinder Head GASKETS Valve Cages and Guides—Bushings, Replacement Parts PARTS CATALOGUE TO THE TRADE PATTERSON PARTS INC. The Tartars Had Literary Tastes THE lowly and uncultured Tartars—when books fell into their possession—ate them to acquire the knowledge contained therein. They doubtless suffered indigestion. At least, they weren't overlooking any bets. There are mistakes both of commission and omission. Better, by far, to be satisfied that you have done your best and endure indigestion, than overlook real opportunities and feel the pangs of unavailing regret. The advertisements you will find in The Tidings are business mines of opportunity. They tell you of values you might never know, if they were not there to guide you. Do you read—and digest—this advertising? Figuratively speaking, some folks "eat it up." They are the wise shoppers—the economical buyers—the ones who are strictly up to date on the opportunities for saving money or spending it most judiciously. Read the advertisements. Read them to know what's what in the shopping district. Read them to save steps—to save money—to save disappointments. Read them because they place before your eyes a moving panorama of business progress. Read them, to keep yourself informed. Read them regularly—it pays
