Highway Work to Start— The laying of pavement north of the city on the Sexton Mountain-Grants Pass section of the Pacific highway will be started by September 1, said Mr. Kibbe, a partner of A. D. Keating yesterday. The contract for the building of the ten miles of road was recently awarded to Mr. Kearns, a Portland contractor. The equipment is being unloaded at Merlin, preparatory to work. Two weeks will be taken to put up the mixing plant and then work will continue without delay.—Grants Pass Courier.

The Montana Harmony Company, playing latest popular dance hits, five high class union musicians, will be at Ashland Natatorium Friday, July 22. Turn out to the big dance and don't miss this opportunity to hear one of the best orchestras on the road. Lots of harmony, pep and jazz. Let's go. 271-a

Grants Pass Improve C. of C.—

Believing that their Chamber of Commerce is not functioning properly, the business men of Grant Pass met Monday evening with H. O. Froback, secretary of the Medford chamber, to consider means of promoting civic welfare in that city. It was stated that Grants Pass, Ashland and Medford have so many interests in common that in order to develop all localities in Southern Oregon it is essential that active commercial bodies be located in each city.

The standard tire likes nothing better than to prove its service

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticize such abuse of tires. A mark of the growing consciousness about tires—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots", "seconds", "cut prices"—and come out squarely with the standard quality service of U. S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with his own kind

of people. The substantial citizen. The man who knows that you can't get something for nothing. The steady customer—not the bargain hunter.

To the man who has not yet learned the standard tire service he is entitled to we say—

Go to the dealer in U. S. Tires and make him show you.

Here is a man in close touch with one of the 92 U. S. Factory Branches—a constant supply of fresh, live U. S. Tires.

The U. S. Tire you buy is a tire built for current demands. No overproduction. No piling up of stock. No loss of mileage by hanging around on the dealer's racks.

Every way you look at it, a par quality tire at a net price.
