See our Fall Suitings of pure Virgin Wool. Paulserud's. 279-1f

MYSTERY CLEARED FROM TOMB OF JOHN CALVIN

GENEVA, August 1.—The mystery which for three and a half centuries has surrounded the burial place of John Calvin, the great Genevese reformer, is about to be solved. Calvin's historian, Theodore de Beze, recounts that it was his master's wish that no memorial should mark the place where he was buried. This wish was faithfully carried out.

and when Calvin breathed his last in May, 1564, his remains were interred in secret in the churchyard of Plainpalais, now within the city limits.

Since those days the secret of the tomb has been known to only one family, that of Speyr, to Basle, in which it has passed down from father to son with the injunction never to reveal it as long as there were descendants in the family. The last of the race, Eugene de Speyr, who is over 70 years of age, and lives at Avignon in France, has just informed the consistory of the Protestant church of Geneva that, having no descendants, he desired to reveal the secret of Calvin's tomb, which was pointed out to him in 1860, by his grandfather.

NOTICE TO WATER USERS YOU ARE HEREBY NOTIFIED that on and after JULY 28, 1921, the City of Ashland will be divided into two districts, Upper and Lower, for irrigation purposes, the dividing line being the Boulevard and Main streets. UPPER DISTRICT That portion of the city lying above the Boulevard and Main streets to be known as the Upper District, will be allowed to use the water for irrigation and sprinkling purposes on Mondays, Wednesdays and Fridays from 5 a. m. to 10 a. m., and from 5 p. m. to 10 p. m., and on Sundays from 5 a. m. to 10 a. m. LOWER DISTRICT That portion of the city lying below the Boulevard and Main streets, to be known as the Lower District, will be allowed to use the water for irrigation and sprinkling purposes on Tuesday, Thursdays and Saturdays from 5 a. m. to 10 a. m., and from 5 p. m. to 10 p. m., and on Sundays from 5 p. m. to 10 p. m. The use of water through meters will not be under these restrictions. Public parks in their respective districts will irrigate between the hours of 10 a. m. and 5 p. m. Water must be turned off immediately in case of fire. Do not use open hose or open faucet where you are paying for 10,000 or 20,000 square feet. Use either spray nozzle or hose with nozzle not more than 1-4 inch in diameter. Do not set sprinkler so it will interfere with traffic on sidewalk. Do not have leaky faucets, toilets or fixtures on your premises. Do not allow water to run off your property on the streets, gutters or alleys. Do not run water at night between the hours of 10 p. m. and 5 a. m. in either division. By order of the Common Council. R. HOSLER, Supt. Water Works.

Ford THE UNIVERSAL CAR THE FORD RUNABOUT THE FORD RUNABOUT needs no advertising. About all we have to do is to tell you we can supply the demand with something like promptness and the selling is over. We have never been able to get enough from the factory to meet the demand and do not suppose we ever will get enough. There are more than four million five hundred thousand Ford cars in operation today, and of this number about three hundred thousand are in foreign countries, the rest right here in America, but we have one hundred and five to one hundred and ten millions of people and it looks from the way demand comes in that we will have to sell that many Runabouts before we can satisfy that demand. It is one great, little utility. It fits into every man's wants, from the physician to the worker in the factory, from the country blacksmith to the millionaire railroad owner, from the contractor and his employes to the millionaire sporting man's entourage, almost as necessary these days as the handkerchief. FORD and FORDSON DEALERS HARRISON BROS. Ashland, Oregon
