Public Notice for Explanation and Redemption

Subject to error, the most perfect make mistakes. Such has been the case at the Bon Ton Bakery. During the absence of Mr. Kistler, the maker of the famous pure malted milk twin bread, process of cooling and escape of all gas formed by the yeast before being wrapped in airproof waxed wrappers is most essential. This was overlooked during Mr. Kistler's absence on an outing to Crater Lake, and having Mr. Kistler's absence on an out-ry to fermentation requirements. The quality was affected which destroyed the keeping quality and caused mold and sourness. Upon discovery of error Mr. Kistler at once notified all dealers to make good each and every loaf which proved affected and not satisfactory to the consumer. The International Co. offers \$100 to the first baker who produces a loaf of bread superior to the malted milk twin bread made by the Bon Ton Bakery. 291-2

Pedestrians hail with joy the re-building of the "seat of the weary man's delight" by the Nelda Cafe, which was damaged by a fatigued and fractious Ford attempting to recline thereon; the driver reiterating the words of the schoolboy in playing ball, "Over the Fence is out."

Community Mothering
BY—
Cleasning Specialists

Some of our good friends have been kind enough to refer to our modern laundry service as "Community Mothering." And that is exactly what we are seeking to make it—for we have demonstrated that it is practical for mothers to gain relief from wash-day's trying labors at reasonable cost. Our experts, with the aid of modern methods, in our big, sunlit laundry, are washing and ironing for many mothers, returning the daily bundle complete, ready to use or pack away, at a cost that's ever so reasonable. And it is a service of which the most critical approve—you will like it, we're quite sure. Why not phone for our driver today? Ashland Laundry Co. Phone 165.

Ever Meet Anyone Like Her?
A man who lives in a West side boarding house describes his landlady: "She is a kind of parallelogram; that is, an oblong, angular figure which cannot be described and which is equal to anything; and any two meals in her house are together less than a square meal."—New York Times.

Selfishness Well Defined.
How narrow the survey of selfishness! It is like looking at a landscape through the end of a tube, which shows it only as a spot. It is like being on a mountain top with so stiff a neck that you cannot turn your head to see any part of the vast round of vision except that which is just before your eyes.—A. M. O. A.

The Poor Inventor
THE originator of an idea has wasted his time unless he is able to interest some one else in his creation—unless that someone else can enjoy it or benefit by it.
It is because thoughts are so freely radiated—so easily exchanged and spread broadcast—that this country is a fine place to live in.
Consider the advertisements in the Tidings. They are thoughts. Many of them are thoughts conceived with you in mind—thoughts for your comfort—your pleasure—your health—your satisfaction. The thoughts that will save you time and money.
Do you take full advantage of them? Advertising is the voice of American business.
