IRISH REJECT BRITISH PEACE TERMS

C. IMP. CLUB HAS ENVIABLE CITY RECORD

HISTORY OF THE WOMEN'S CIVIC IMPROVEMENT CLUB IS GIVEN PUBLICITY

PLEA MADE FOR NEW CLUB HOUSE

SHOWS CLUB'S ACTIVITIES AS GREAT FACTOR IN CITY BETTERMENT

The Civic Improvement club was organized in 1908 and incorporated in 1916. In the articles of incorporation, the "object, business and pursuit shall be to assist in beautifying the city of Ashland and doing and performing such other enterprises as will inure to the intelligence of the people of said city, the forwarding of matters and enterprises as will conduce to the betterment of conditions and furthering the development and comfort of the people of said city; the procuring of real property for the construction of a home for said corporation and its members, and the erection and maintenance of the same; the full power to levy dues of its members, and accept and receive donations to be applied to the aforesaid purposes."

The object has been accomplished as far as the first part goes, and now we are going to finish that section, and have "a home for said corporation."

There are but few adverse criticisms regarding this new club house, and without exception they are based on "lack of money," "lack of time. Time keeps right along on its 24 hour schedule, and it is unlawful to take your money without your consent, so why worry?"

No Need for Discouragement

Bearing in mind that our dues are 50c yearly, please consider the ways and means whereby the following matters were accomplished. Visualize the fairs, sales, entertainments, picnics, dinners, bazaars, managed by women with houses and families, and the same old allotment of 24 hours and the same scarcity of money that was, is, and ever shall be for most of us, yet the Ashland of today is due in great measure to the work of the women in the Civic club, and the stamp of our character will mark the Ashland of tomorrow.

Woman, the practical as well as the visionary, has tried to keep sanitary conditions in public buildings and every year measures have been taken to guard the public health. Campers have added to the seriousness of this problem. You need the Civic club to help remedy bad condition. Are we knockers or kickers? Never! We are boosters—but "The wheel that does the squeaking" is the wheel that gets the grease."

Sanitary Conditions Improved
Do you admire the public alleys? Drop into the Civic club and tell us about the careless people who use their alley for a dump. Tact and common sense will clean up these unsightly spots. How many worthless old barns have been removed through efforts of the Civic club, and Ashland improved thereby.

In 1913, the Civic club asked the mayor to appoint a clean-up day and suggested that property owners whitewash their old barns and fences. Only a few days ago, Mr. Billings said he wished the Civic club would have a whitewash campaign. History does repeat itself.

Take another instance, our band. In 1915, the Civic club paid \$10 each

U. S. Troops to Remain in Germany Till Treaty is O.K.

WASHINGTON, D. C., Aug. 26.—Despite the actual signing of the German-American peace treaty, American troops will remain on the Rhine until both the United States and German governments officially ratify the pact, authoritative information announced here today. The treaty will probably come before the United States senate and the German reichstag late in September. Pending such ratification, the relationship between the two countries will remain exactly where it has been, it is believed here.

COUNTY SCHOOL NOTES: BOYS AND GIRLS FAIR CLUB

The autumn eight grade examinations occur on September 1 and 2. Pupils desiring to remove conditions or complete the grade can arrange for the examinations at the county superintendent's office. Or arrangements can be made by the school board of their own district, so that someone can give these examinations within the district.

Antioch school district last week voted bonds to the amount of \$5500 for the purpose of putting up a new two-room school house. They hope to move out of the old historic school building, where many have taught and been taught during forty years' time, by November 1. The vote for the bonds shows the spirit which is strong in this community, toward united, progressive work. And it is such work that helps make country living as satisfactory as town life.

The two-story four-room school building in Sams Valley is nearing completion, though it will require another month for finishing all interior work, plumbing, wiring, etc. This is the first consolidated district in the county to erect so complete a building and begin its high school work. This is another district which has shown a persistently progressive attitude toward its schools, and it has required four years or more of continued effort to bring forth the consolidated building. All who have had a part in this movement will rejoice in the better conditions so plainly in evidence for this fall's term of school. This Sams Valley district is made up of two rural districts, increased by a portion of a third district admitted through petition, and they issued bonds for \$20,000.

The annual school fair and boys' and girls' club exhibits will be held in Medford September 20-21. Much interest in club work is being shown this year and a large exhibit is expected. Eight members have already completed their project or will be ready to finish soon. The work done by the girls and boys ranges all the way from cooking and sewing to the raising of calves, pigs and chickens.

Plan to come to the fair and see what the Jackson county girls and boys can do.

Ned Harrell has made an excellent record with his poultry club work. Ned set 15 eggs and now has 15 pure-bred White Leghorn chickens. He has fed and cared for his chickens according to the directions sent out by the Oregon Agricultural college for the use of boys' and girls' clubs, keeping a record of the cost of housing, feeding, etc. The eggs were furnished by Postmaster W. J. Warner of Medford. Ned will exhibit his chickens at the school and club fair to be held in Medford September 20-21.

Mingo County Invasion Halted By Labor Leaders

MISSING MINISTER ONE TIME TALENT BAPTIST PREACHER

The disappearance of Rev. Jesse T. Anderson, Marshfield minister, at Portland, looms as an event of local importance at Talent, where the minister held revival meetings at the Baptist church of that place about five years ago, and later married Miss Nona Pace, daughter of Mr. and Mrs. J. N. Pace, of Talent. Mr. Pace was former superintendent of the county poor farm.

Mrs. Anderson, wife of the missing minister, who has been visiting her parents since June of this year, left yesterday by auto for Portland, accompanied by her brother, Henry Pace, of Ashland. Mrs. Anderson is not sure what effective efforts she will make to discover the whereabouts of her husband.

Police Are Baffled

It is thought that Mrs. Anderson will confer with Portland authorities and render every assistance that may lead to the solution of the mystery that has been baffling police since Saturday last week when Rev. Anderson disappeared from the Clyde hotel at Portland. Mrs. Anderson is afraid her husband has met with an accident.

Rev. Anderson is remembered by many Talent residents. He met his present wife while conducting evangelical meetings at the Baptist church of Talent. After their marriage the couple moved from Talent, returning only on short visits. Mr. Anderson was in Portland several days last week, and had been stopping at the Clyde hotel. He was to have left for Marshfield that day. He left the hotel, but failed to return home. Investigations showed he did not take the boat he was to have taken.

The missing man was described as 30 years old, weighing 165 pounds, and 5 feet 7 inches in height. He is of light complexion, with light brown hair and blue eyes. He also was smooth shaven. He was wearing...

Haz Kik

The small producer in a town like Ashland is an exceedingly important factor in her prosperity. If I was boss, I would carefully analyze his value to the community, diagnose his ailment and supply his need according to his value. I wouldn't just stand around and say, "This water system was built for domestic use and not for irrigation," because that don't get anybody anywhere.

HAZ KIK.

Tacoma Police Break "Fence"; Eight in Gang

TACOMA, Wash., Aug. 26.—Eight persons, including one woman, were arrested here today, as the alleged members of a gang dealing in wholesale thefts of army goods. Loot valued at \$10,000 has been recovered in raids. It is believed that the arrests forecast the breaking up of a gigantic "fence" engaged in the disposal of stolen army goods. The eight persons were arrested, police say, following the continued receipt of shoes on fake bills of lading, which were disposed of to shoe repairers here.

SAN FRANCISCO, Calif., Aug. 26.—Following are today's market quotations on poultry products: Eggs, 42½. Hens, 25 @ 27. Broilers, 32 @ 35.

CITIZENS POSSE BLOCK MT. PASS, MACHINE GUNS

MADISON, W. Va., Aug. 26.—Union miners abandoned their armed invasion of the Mingo county industrial coal mine fields today and announced their intention of returning to their homes. The move followed a mass meeting held here; when C. F. Kinney and C. F. Money, both union leaders, addressed them and urged them to abandon their plans of making armed protest against martial law in the district.

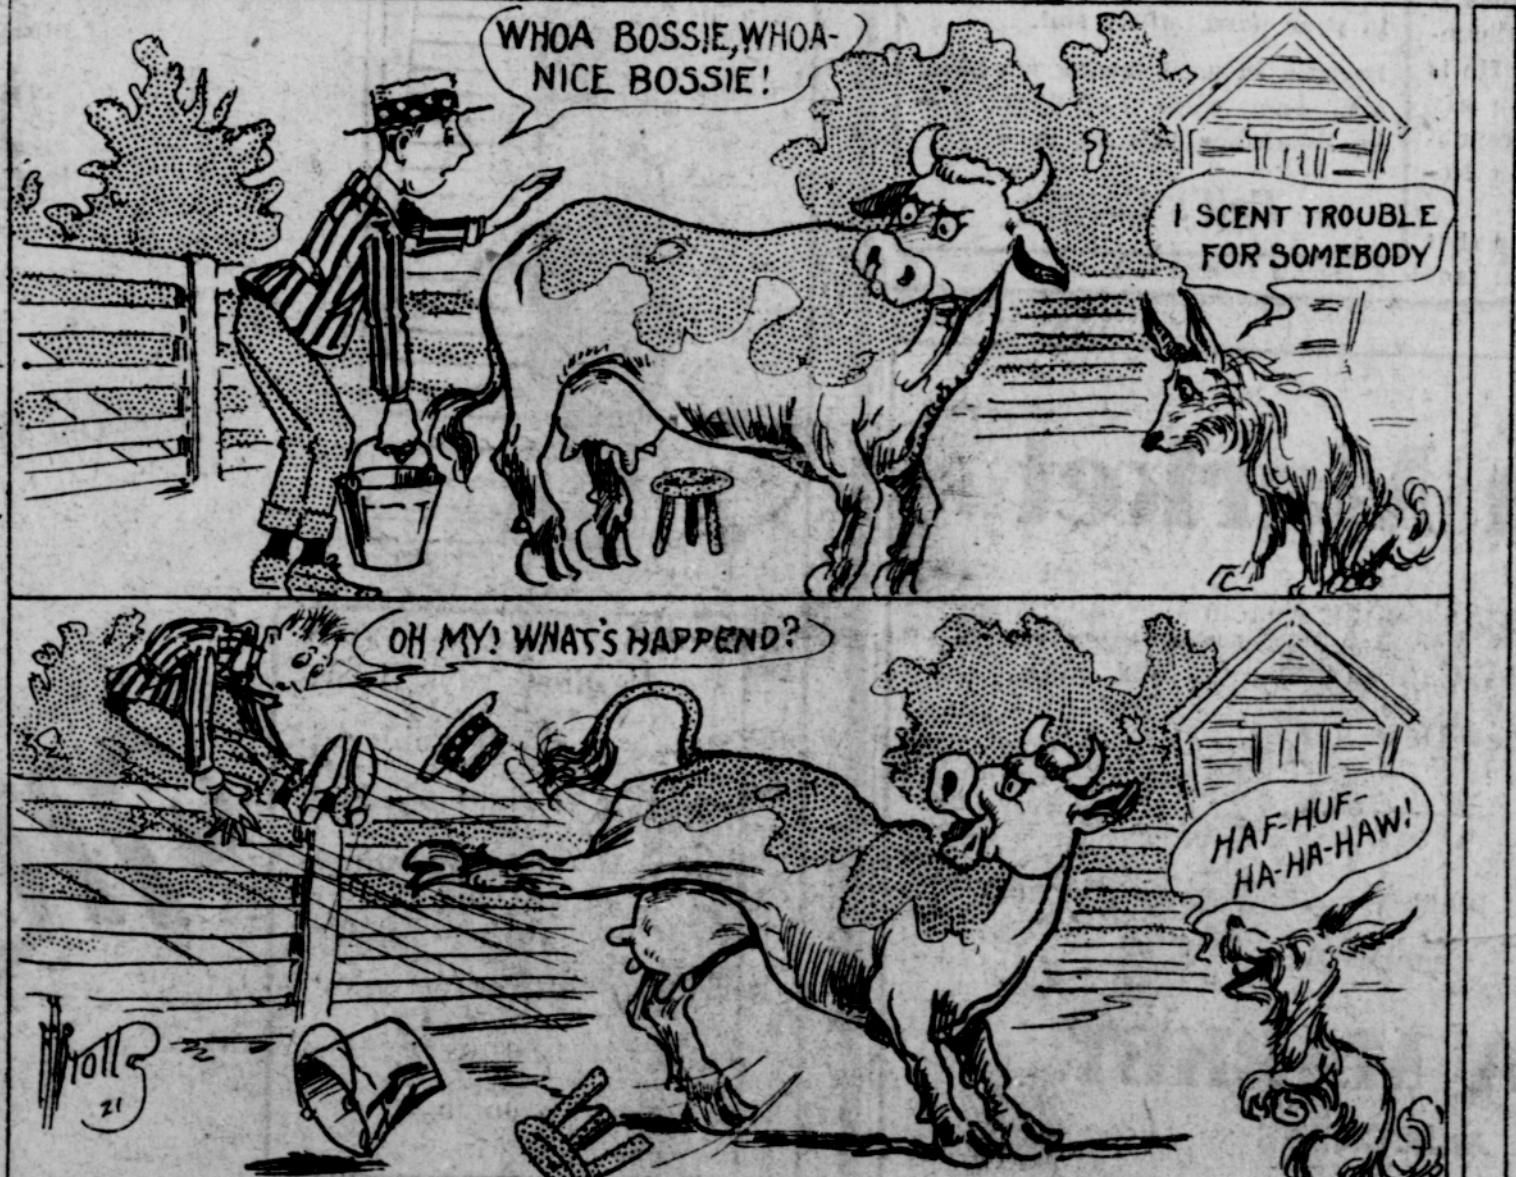

The miners and the labor leaders met by special arrangement at Madison. The leaders were making the effort to stop the miners at that place before reaching Logan on the Boone county line where a huge posse of armed citizens waited for their coming and passage through a narrow pass. The posse was heavily armed and had machine guns trained on the road along which the disgruntled miners must necessarily pass. If the miners had not been stopped by the union leaders at Madison, a bloody battle was expected when the miners and posse met.

COLUMBUS, O., Aug. 26.—Federal troops stationed at the army barracks here entrained today for Camp Sherman, en route to West Virginia where union miners are marching in armed force on the non-union Mingo county mine fields as a protest against the martial law prevailing there. Messages from Madison state that a slight skirmish between the miners' advance guard and the citizens posse resulted in no casualties.

LIVING STILL CHEAP IN PHILIPPINE ISLES

MANILA, P. I., Aug. 26.—It costs a laborer in Manila 57 cents a day to live, according to statistics just made public by the bureau of labor. In Cebu, the second city in the Philippines, he may sustain himself on 52 cents a day, and in Iloilo, the third city, he requires 54 cents a day for the necessities of life.

WHOA BOSSIE, WHOA-NICE BOSSIE!

I SCENT TROUBLE FOR SOMEBODY

OH MY! WHAT'S HAPPEND?

HA-HUF-HA-HA-HAW!

Briggs Refuses Reply to Winburn Newspaper Story

No, sir," said William Briggs in answer to a query as to whether he was going to make reply to the Winburn article printed in another paper, "it calls for no reply and I do not intend to belittle myself by having anything more to say in the matter. The people who were present heard the statements at the hearing and can judge for themselves on the merits of the case. Winburn asked for the hearing and it was given him. Evidently the truth hurt Winburn more than he thought it would, judging from the lengthy edition of Jesse's private publication. I am not disturbed over the imputations hurled against me by the son of a Rabbi on both sides."

WILBUR JACKS IS BOUND OVER TO GRAND JURY

Wilbur (Wig) Jacks of Eagle Point, was bound over to await the action of the grand jury by Justice of the Peace Glenn O. Taylor, on a charge of selling intoxicating liquor. Bonds were left at \$1000, which were furnished by Walter Woods and T. W. Gregory of Eagle Point.

The only witness was H. W. Kelley, also known as Jack Casey, and half a dozen other names. He testified that he was referred to Jacks as a source of supply for whiskey by two men whose names he did not know. He approached the defendant, he said, when he was seated in his auto, and after a few remarks on the weather, broached the drink question. Jacks, he testified, drove him to a "garage two blocks south of the Medford hotel," and produced a soda pop bottle full of liquor, from underneath one of the sills. He testified he paid \$2 for it.

After the purchase, Kelley and Jacks drove back to town. He met his friends, and they each took two drinks out of the bottle, and kept the rest for evidence. The defendant did not take the stand.

The squad of special sleuths and deputies who journeyed away back in the hills, in search of Jacks, when he was at the seashore, brought back nothing of importance, except three bucks, which "they shot from the trail." Quite a number gathered to hear the trial.

IRISH RE-ELECT DE VALERA AS NATION'S HEAD

BRITAIN EXPECTED TO SET A TIME LIMIT FOR IRISH ACCEPTANCE TERMS

PAVE WAY FOR NEGOTIATIONS

WILL FIGHT "UNTIL THE LAST IRISHMAN IS GONE" OR WIN

LONDON, Aug. 26.—Eamonn De Valera, president of the "Irish Republic," acting for the Irish republicans, today formally rejected the British peace proposals, it became known in official circles here. It is stated, however, that the note of refusal was couched in such terms as to leave loopholes open for further negotiations with Great Britain.

Premier Lloyd George is presiding at a meeting of the British cabinet today considering the reply of Dail Eirann. Great Britain's first answer, it is thought, will probably take the form of setting a time limit in which the Sinn Fein must accept the British government's proposals. Dispatches received here from Dublin state that Eamonn De Valera was re-elected "president" of Ireland and has the unqualified support of Dail Eirann and the Sinn Fein. The Irish reply to Great Britain was read to Dail Eirann, emphasizing the importance of the Sinn Fein aims. It is said in Dublin by the adherents to the "Irish freedom" plan that as the present fighters pass on, others will come to take their places until the last Irishman is gone or the British empire is no more.

LLOYD GEORGE HOPEFUL

LONDON, Aug. 26.—"I do not believe De Valera's reply will terminate peace negotiations," a Downing street official said yesterday after the Sinn Fein answer to Lloyd George's peace proposal had been delivered. The answer was handed to Lloyd George personally. He summoned the cabinet to discuss it.

Telegraph Briefs

PARIS, Aug. 26.—Marshal Foch personally notified the American ambassador, Herrick, today of his intention of going to the United States to attend the American Legion convention.

WASHINGTON, D. C., Aug. 26.—President Harding and Attorney General Daugherty intend to discuss the release of Eugene Debs, head of the socialist party and serving a prison term at Atlanta for violation of the espionage act, tomorrow, the department of Justice announced today.

LONDON, Aug. 26.—Mathias Erzberger, German centerist leader, has been murdered, according to a news agency dispatch from Berlin today. Erzberger headed the German armistice commission, which negotiated with General Foch in November, 1918.

8,000,000 WOMEN EARN WAGES IN UNITED STATES

There are 8,000,000 women in the United States in gainful occupations, Dr. Amelia Henry Reinhardt, president of Mills college, Oakland, California, told the 300 delegates attending the third annual convention of the National Federation of Business and Professional Women's clubs, in Cleveland, O., recently.

There are thirty-nine state organizations for business and professional women with 325 federated clubs and a membership of 30,000. Rhode Island is the only state without federated clubs.

ENGLAND BANS IMPORT OF BIRDS' FEATHERS

LONDON, Aug. 26.—Bird lovers have won a victory by the final passing of the Plumage bill, which prohibits the importation into the United Kingdom of the feathers of any bird except those of the African ostrich and the elder duck.
