**Your Paint Dollar —How Big in 5 Years**

**THE best paint will be good five or more years hence, if properly applied. Cheap paint, on the average, starts cracking in twelve months.**

It's what paint covers that you want to save—not merely a few cents per gallon in first cost.

Cheap paint does not spread as easily or as far as good paint. So when you figure labor and square yards covered, cheap paint on the house costs just as much as good paint.

Cheap paint in practically every instance, is the most expensive you can buy. Don't allow surfaces to rot. It costs less to paint them.

The paints specified by Fuller are the result of 72 years' experience in the making of all kinds of paints, varnishes, etc., for western use.

We use the best materials, PURE PIONEER WHITE LEAD, pure linseed oil, zinc and color as others do, but we combine them with a 72 years' knowledge and long-time skill.

Our white-lead base is finely ground pure white. It must pass through a silk screen with 40,000 meshes to the square inch. We use special machines for mixing the materials in scientifically exact proportions.

So Fuller colors are exceptionally clear-toned and Fuller house paints are noted for covering capacity, ease of spread and great durability.

If you want from five or more years' protection for your property investment, get Fuller's western paint for western weather conditions—a paint you know.

**Fuller's SPECIFICATION House Paints**  
Phoenix Pure Paint  
Pure Prepared Paint  
Manufactured by W. P. Fuller & Co.

"Pure Prepared" and "Phoenix" are Fuller's specifications for house painting. Get either and you have the best that anyone can make—long-service paints.

Where To Buy Them. These paints are important to you so it's important to go to the right stores to get them. Agents' names and addresses are printed in the memo. coupon to the right. Cut it out and put it in your pocket now.

Save the surface and you save all—don't you?

**Free Advice on Painting**

ASK our agent for our free advice. He will show you a color card which shows 32 shades of this desirable paint.

We have a Fuller Specification Department which will tell you all about the most desirable color schemes, color harmony and those other details you want to know.

Take advantage of Fuller House Paints. Take steps to paint now. Don't let weather depreciate your investment.

**W. P. FULLER & CO.**
