## RUSSIA TO SETTLE DEBTS OF OLD REGIME

### BRIGHT OUTLOOK FOR HONOR YEAR A. H. S. FOOTBALL

Twenty-eight on practice field—Roseburg to play football for first time—outlook is optimistic.

Twenty-eight young huskies, ardent devotees of the pig-skin sport, and averaging 150 pounds in weight, are tramping over a newly plowed and first rate football field at the high school under the watchful eye of Coach Hughes, who is enthusiastic over the prospects of a winning team to carry off the gridiron honors of Southern Oregon. Although only three letter men, members of the regular team of last year, have returned to school, Hughes is optimistic in the belief that he has a bunch of boys who will stick through the school year. Difficulty in keeping trained men in school has been a handicap during previous years, Hughes said. A number of old men who played football last year as substitutes and part time regular line men who played last year but failed to make the team, form a strong background that promises to put the local high school on the map in football.

#### Klamath Falls Game

The first scheduled game of the year will be played at Klamath Falls Saturday of next week with the high school team of that place. The game schedule for the season has not been definitely arranged, although Coach Hughes states that seven games will probably be played. Following a conference between Roseburg, Medford, Klamath Falls, Grants Pass and Ashland, the schools have made a combine representing Southern Oregon, the champion of which is expected to challenge a northern team. For the first time in its school history, Hughes says, Roseburg will play football and will meet the Ashland gridiron warriors at a date that has not yet been set. Efforts are being made to schedule a game with Grants Pass for October 8. Two games with Medford, November 11, Armistice day, and Thanksgiving day, are being arranged.

#### Last Year Men

The following last year's men are turning out for practice: Albert Guthrie, tackle; Leslie Herr, captain and halfback; Allen Autry, tackle; Allan Brower, left end; Dale Young, Elt Ramsey, full back; Harlin MacWilliam, guard and tackle; Raymond Ruger, Harry Hill, Howard Hobson, Ernie Carlson, Earl Snyder, and Webster Wertz. Other men on the field yesterday afternoon were: Charles Rush, Elmer Dix, Harry Evans, Raymond Bowers, Paul Culbertson, Chester Woods, Harvey Woods, Caldwell, Storm, Nelson, Knapp, Wilhite, Frederick, Johnson, and Ross Taylor.

#### Chance for Victory

According to reports reaching here from Medford, Ashland will have a good chance for victory in their coming clashes with the Medford team, Coach Huntington, who has taken charge of athletics at the Medford high school, following the resignation of Otto Klum last year, is reported to have a rather gloomy outlook. Only a few of last year's Medford men have returned to school. His method of coaching is radically different from that of Klum, so it will require some time before his machine gets in perfect working order, according to observers who have watched the men working out on the gridiron. Huntington is reported to be a very capable coach and was formerly one of the mainstays of the University of Oregon team in the Oregon-Harvard game. Klum, who at one time was coach for the Ashland high school, has taken over athletics at the University of Hawaii, where Bob Spencer a former Ashland man, is captaining the varsity team. Spencer played on the Grants Pass team during a game with Ashland about seven years ago, when the local boys were badly worsted.

### Plan Delegation To Siskiyou Co. Fair At Yreka

Resulting from a suggestion made by E. J. Kaiser, the local Chamber of Commerce will send an official delegation of Ashlanders to Siskiyou county fair at Yreka, Calif., September 26 and 27, according to the plans made at the Chamber of Commerce directors' meeting held this week. The proposed trip will be similar to the recent visit made by an Ashland delegation to the Josephine county fair at Grants Pass.

Friends of Postmaster Kaiser are calling attention to the fact that two purposes will be served by the party of sightseers, inasmuch as they will have the opportunity to pay honor to the birthplace of the Ashland assistant to the postmaster general. Yreka is the old home town of Mr. Kaiser, who is enthusiastic over the merits of the coming fair.

### CITY DADS FAVOR IMPROVEMENT OF CEMETERY ADDITION

MAINTENANCE OF LITHIA PARK ELKS IS MOOTED QUERY AT COUNCIL MEET

Plans for the improvement of the recent six acre Parish addition to the Mountain View cemetery are being made, following a meeting of the city council Tuesday evening, when a request was made by Sexton Pinion, through Councilman Charles H. Pierce, that authority be given for improving the addition.

Following an investigation this morning by Councilmen Pierce and Joy, they are of the opinion that plowing of the ground and laying out the 100 trees requested by Sexton Pinion be delayed until spring, after the rainy season. Although no official action has been taken, it is understood from the councilmen that the improvements will be favorably looked upon early next year.

A trade of a two acre tract from the MacDonald property for an equal acreage of unimproved ground in the cemetery, offered this morning, has met the approval of Mayor Lamkin and Councilmen Pierce and Joy. The matter will be taken up officially at the next council meeting. The proposed trade would square up the addition and get rid of undesirable property. The MacDonald acreage adjoins the cemetery addition and the present Mountain View cemetery. The Parish addition was purchased by the city six months ago and runs north to the Southern Pacific company's tracks.

According to plans made by Sexton Pinion, the cemetery addition will be divided into eighty lots, to be sold for \$100 each, a sum that will provide for perpetual use of the lot. The sexton is anxious to improve the grounds with trees and water piping, so that the addition will be in readiness when it is needed in the future. He proposed that the addition be named the Mountain View Park cemetery.

The advisability of keeping the elks in Lithia park was the cause of considerable discussion among the councilmen Tuesday. It was stated that owing to the present scarcity of available camping sites for tourists, a feeling existed that the elks be disposed of and the ground put to a different use. The offer of the Eugene Chamber of Commerce to sell the city an additional elk for \$100 was refused. The elks in Lithia park were gifts made to the city by the local Elks lodge. A representative of the city council will confer with the Elks' lodge regarding the possible disposal of the animals.

George Spencer was granted permission to erect a barn on the rear

## Women Storm Court to Hear Arbuckle Trial

### S. ORE. Y. M. C. A. TO HOLD CONFERENCE HERE OCT. 21-23

From Roseburg to Klamath Falls the cry will be "On to Ashland!" This will be heard in volume the first week in October. The occasion is the convening of the Southern Oregon Older Boys' conference, October 21 to 23. The conference was held last year at Roseburg and the insistent clamor of a fine representation from the Lithia town that this year's meeting be held in Ashland, won them the privilege. Ashland fellows consequently become the hosts to approximately 200 of the older boys of Southern Oregon.

Though these conferences are conducted by the state staff of the Y. M. C. A., the attendance is not at all confined to Y. M. C. A. members. Self-respecting boys of fifteen years of age, and from all parts in the district, and of whatever "race, color or previous condition of servitude," are invited to attend.

The fellows are asked only to provide for their transportation and one dollar for registration. The people of Ashland will provide free entertainment during the conference. The three-day program consists of mass meetings for inspirational and religious addresses; group meetings for discussion of problems which are live issues in school life; athletics and sightseeing; a big banquet and the inevitable fun and fellowship which one would expect when young men from a score of communities get together.

With the memory of a splendid conference at Roseburg last year, Ashland fellows will use every effort to play host in a fitting manner on this occasion.

WASHINGTON, D. C., Sept. 20.—No recommendation for the independence of the Philippine islands at the present time was made in the report of General Woods and General Forbes, who were sent to the Philippines to investigate conditions for President Harding, it was learned today.

Haz Kik

I like Aunt "Lib" Smith because of her public spirit, her reserve in well-doing, and her charities. A few years ago she built Pioneer Hall at a cost of some six thousand dollars and donated it, first to the use of the old soldiers, and when the Army was built, and the G. A. R. had a permanent home there, Mrs. Smith changed her gift to the Chautauqua association. She shrinks from advertising her benefactions, but she is doing big things every day without asking the women of Ashland to cooperate in raising the money or boosting a private enterprise through supposed public benefaction. Such as Aunt Libbie Smith are genuine, and are the salt of the earth.

### THREE YEAR OLD CHILD DEAD FROM SCALDING

Funeral services for Norman Everett Long, three year old son of Mr. and Mrs. E. E. Long, C and Seventh streets, who died at 10 o'clock yesterday morning as the result of burns after falling into a basin of hot water, will be held tomorrow afternoon at 2:30 o'clock from the Dodge undertaking parlors. Burial will be made in the Mountain View cemetery.

The child was badly burned about the body about 9 o'clock Saturday night when he slipped and fell in a basin of scalding water placed on the floor while Mrs. Long was dressing a chicken, it was stated by the attending physician. The child lost consciousness yesterday morning shortly before his death.

### THOUSAND WOMEN PACK CORRIDORS, RESORT TO PASSES

SAN FRANCISCO, Calif., Sept. 22.—Despite the announcement that only those having special passes would be admitted, approximately 1000 women packed the corridors of the Hall of Justice and vainly sought to press past the cordon of officers guarding the court room, where a select audience of society and club women were admitted on special passes to hear the evidence designed to hold Roscoe (Fatty) Arbuckle for the alleged murder of Virginia Rappe.

Arbuckle, when he entered the court room, kissed his wife and mother-in-law.

One lone man forced his way into that part of the court room where only women were admitted. A husky bailiff grabbed the man by the collar and forcibly ejected him from the court room.

Fatty Arbuckle seemed to be in a jovial mood.

MEDFORD, Or., Sept. 22.—Rollie Matthews, one of the principals in a shooting affray at Eagle Point Tuesday morning, which resulted in the death of Wilbur (Wig) Jacks at the Sacred Heart hospital yesterday morning at 10:30 o'clock, was arrested yesterday evening at 9 o'clock at his Eagle Point home by Deputy Sheriff Forncrook. Matthews was formally charged with the murder of Jacks by Sheriff Terrill before Justice Taylor and will be given a preliminary hearing at 10 o'clock tomorrow morning.

Before the death of Jacks, Matthews was charged with assault and attempt to kill. Surprise was expressed here that Matthews should have been released on \$5000 bail prior to Jacks' death.

Mrs. Jacks is grief-stricken by the death of her husband, and issued a statement in which she fixed the responsibility for the shooting upon Matthews, and insists that Jacks was not armed. Mrs. Jacks was a witness of the shooting.

### Ashland Orchards Complimented By County Inspector

E. E. Oatman, fruit inspector for Jackson county, was in Ashland today gathering material for the state fair at Salem. Mr. Oatman says that Ashland hill orchards this year have some of the finest apples and peaches he has ever seen, and specimens from the orchards of Messrs. Frost, Pellet and French were taken for the fair. From the Tucker ranch the finest barley in the sheath that he had ever seen was taken by Mr. Oatman. The grain exhibits will be preserved for the Ashland winter fair; also any other features of the Jackson county exhibit that may be desired. Jackson county will have a fine display at the Salem fair this year.

## FAMINE STRUCK COUNTRY MAKES FUTURE PLANS

BIG IRRIGATION PROJECT PLANNED—TO RESTORE VALUE OF RUSSIAN MONEY—WILL SECURE OUTSIDE SUPPLIES.

(Copyright by I. N. S.)

BERLIN, Sept. 22.—Soviet Russia intends to enter negotiations with England and France for the settlement of the national debt which Russia contracted in those days when she was still under the old Czarist regime, Leoad Krassin, bolshevik trade commissioner, told the International News Service today.

In the most important message that ever came from an official of the Moscow government, Krassin outlined the following plans and hopes of the Russian soviet government:

First—To construct an irrigation system in the Volga district to assist agriculture and prevent a recurrence of famines such as Russia is now suffering from. Second—Rehabilitate the nation commercially, industrially and agriculturally in the same way that the United States was "reconstructed" after the civil war. Third—To meet the foreign debt and restore the normal value of Russian money. Fourth—Secure vast supplies from outside of Russia through long term credits.

Krassin admitted that the Russian rouble, the value of which before the world war was fifty cents in American money, has depreciated 15,000 times. This means that 300 paper Russian roubles could now be purchased in Russia for the value of one cent.

### To Hold Calif. Round-Up Oct. 6-9; Red Bluff

RED BLUFF, Calif., Sept. 21.—What bids to be California's greatest round-up from the number and quality of the entries received thus far, will be staged here October 6 to 9, inclusive.

The Red Bluff Rodeo association, capitalized at \$20,000, will promote the show, which will be managed by A. J. Harrell, Ben Dobbins and T. J. Millerick, prominent horse and rodeo men.

One of the features of the rodeo will be the broncho riding contest for the world's championship and a purse of \$1000. Entries of famous riders from Texas, New Mexico, Oklahoma, Idaho, Wyoming, Nevada and California, are being received daily, and the contest will be one of the best and hottest ever witnessed in the West.

The association has recently constructed large, comfortable grandstands and built a fast track. The purses hung up for the rodeo of 1921 are the largest ever to be contested for in this state.

There will be steer riding and roping, bulldozing, Roman races, relay races and other contests of daring and equestrianism. Judging from the program of each day's events, one will have to come early in the morning and stay late in the afternoon to not miss anything, as there is something scheduled for every minute.

The Tehama county fair will be held at the same time and at the same location, the rodeo extending one day later than the fair, that closing October 8.

Plenty of excellent accommodations are available and prices will be reasonable.

"Whiskey," says a physician, "won't cure a cold in the head." Perhaps not, but that's only a minor drawback.

### The Decorator Arrives

Don't Wait to be Asked  
Because you will be asked to be a week or a day, don't neglect to send that \$5 or \$10 or \$50 or more to Mrs. Mary Wilshire, Granite street. Please send it as a free will offering. Don't wait to be asked as a personal favor. You will reap the benefit of any money you sow in this community club house. One recent member gave \$50 yesterday—the largest check from any woman thus far.

In order that you may understand the whole proposition, please read carefully the rules for your part in the scheme for raising money without raising your temperature.

Translating Time into Money

The year	\$ 10.00
12 months at \$5 each	60.00
48 weeks at \$1 each	48.00
336 days at 50 cents each	168.00
8064 hours at 25 cents each	2016.00

\$2302.00

Instead of getting four weeks to carry out the work, a month may give \$191, the amount for which she is responsible.

Every one of the forty-eight weeks is valued at \$46.50. This includes her own \$1 plus her share of days and hours. Each day is responsible for \$6.50, and every hour will ask twenty-four people for 25 cents each, or give \$6 as her part in the game.

Many women will pay \$6.50, the price for a day and its twenty-four
