Some times that fire whistle gets into the habit of blowing off when there is no fire, but you know it when it is blowing for a fire alarm; the big question then is "Where is the fire?" The truck is on the go—where? It may be a small blaze or it may already be past control—BUT there is a fire! That's what the fire whistle tells you and your heart jumps faster. Many times that call may be answered and NOT be for your home or your business. But once—just that vital once—may prove the disaster of your life. Suppose it comes today, tomorrow—who can tell when? Are you fully protected? Why take the chances? What has happened can happen. If it should happen to you, would it hurt? A few dollars invested in a good fire policy today may save you a thousand tonight. GOLD MEDAL HAARLEM OIL CAPSULES.
