Of Interest to All Good Cooks

Every good cook realizes that the actual cooking is just as important to good cookery as is the preparation of the ingredients. Isn't it fair, therefore, to say that better ranges will make better cooks?

Westinghouse

Electric Ranges are better ranges, for more reasons than can be discussed here.

They are the only ranges with practical automatic control. They can be trusted to start and stop cooking without attention, and they use the minimum of current. They heat the food and not the kitchen.

Learn how good cooking may be done conveniently and comfortably, and just why Westinghouse Ranges make good cooks better. Talk to any of the following dealers:
