as it will soon be, you will want one of our PALACE HEATERS to take off the chill. Yes, we have many kinds and sizes of stoves—CHEAP, MEDIUM and HIGH GRADE. They are selling too, because the price is less—yes, clear down to BED ROCK—and we only have one price and that is marked on the stove in PLAIN FIGURES. Some dealers don't mark the selling price on their goods, just leave it off so they can raise the price if a customer wants to trade in an old stove or something. We don't do business that way—the selling price is marked on all of our goods in plain figures—this has been our system of doing business for the past 33 years and we believe this method is appreciated.

What Have You Done About Fuel?

You are only putting off the "evil" (but necessary) day by not filling up those coal bins now. Get the load off your mind by placing your order for SUPERIOR coal.

Coal is just coal to the average householder until he has used SUPERIOR—until he has learned to ask for it by name.

Then he is won by those many superior qualities—low degree of ash, high heat value—quick firing—long flame—lack of soot and economy of SUPERIOR coal.

Superior Domestic Lump is that convenient size for all occasions in furnace, fireplace, heater and cooker.
