**When the Frost is on the Pumpkin**

as it will soon be, you will want one of our PALACE HEATERS to take off the chill. Yes, we have many kinds and sizes of stoves—CHEAP, MEDIUM and HIGH GRADE. They are selling too, because the price is less—yes, clear down to BED ROCK—and we only have one price and that is marked on the stove in PLAIN FIGURES. Some dealers don't mark the selling price on their goods, just leave it off so they can raise the price if a customer wants to trade in an old stove or something. We don't do business that way—the selling price is marked on all of our goods in plain figures—this has been our system of doing business for the past 33 years and we believe this method is appreciated.
