Did you ever try to save a minute by not stopping to read a guide post on a strange road, and then spend hours finding your way back to your original route?

Exasperating? Yes, but that's nothing to what it will be if you try to "save" a few dollars by driving without Travelers' Automobile Insurance—and then have an accident.

Every dollar you "save" by failing to insure may cost you a hundred when it comes to settling the damage claims.
