Name Your Coal

Coal may be COAL, but SUPERIOR coal is all the name implies-a quickfiring coal which burns with a long flame, low degree of ash and great heat value. It isn't the "clinking" kind.

You use discrimination in purchases of far less household importance than coal—so begin to say SUPERIOR coal to your dealer when seeking heating satisfaction. You'll get the kind of coal you want and the results you expect.

Carson-Fowler Lumber Co.

Superior Domestic Lump is the economical range of size for furnace. heater and cooker.
